

**The Second Pennsylvania Regiment.**

General Quitman defends the honor of the second Pennsylvania Regiment against the charge, which originated in a western newspaper, and current in many quarters, a short time since, that the officers of the Pennsylvania Regiment were not to be found when sent for by general officer who commanded them, and who desired them to take part in the battle of Contreras. He says there is not the least foundation for such an imputation—

"On the contrary, when at noon on the 19th of August last, it was known that one or two of the regiments of my division had been called to the field, Lieut. Col. Geary, then in command of the regiment, in consequence of the illness of Col. Roberts, came to me and earnestly solicited that his regiment might be designated for the movement in advance. Having been charged with the command of the reserve at St. Augustine, I was ordered by the General-in-Chief to send one or two of the regiments of my division to the support of the troops then before the enemy's lines at Contreras. Desirous for the common credit of the volunteer division, that the two regiments to be sent forward should have a general officer to command them, I detailed Brig. Gen. Shields upon that duty, directing him to select two regiments from his brigade for that purpose.

The Second Pennsylvania Regiment, which had been permitted to command in person, I would have selected, was not of Shields' brigade, and consequently was excluded from the selection by the orders. Besides, being the strongest regiment of my division, its services were required in the reserve, already too weak, and threatened by the enemy. I knew it was the ardent wish of both officers and men, as it was my own, to take part in the expected battle, but our duty compelled us to remain in reserve.

The next morning, when the issue of the battle was not known and supposed to be doubtful, I received an order to move the remainder of my division to the field of action, and never did I witness more promptness and alacrity than was exhibited by both officers and men in forming the line of march, and cheer after cheer greeted me, when I gave the order to "forward, march!"

I know not from what source these rumors, prejudicial to gallant officers, have arisen, but I feel it my grateful duty as the officer in command of the volunteer division, proudly and stoutly to contradict them."

**The Money Market.**

Yesterday the annual meeting of the stockholders of the Reading Railroad Company was held at the office of the Company, in this city. We understand that the report of the business of the concern for the past year is highly flattering and shows the company to be doing a most enormous business. The profits which equal twelve per cent, have been expended in permanent improvements on the road, and the stockholders by vote recommended that a dividend in stock to that amount be made to the stockholders.

The receipts from coal transported were \$1,093,663 99  
The receipts from Passengers, 156,201 45  
" " " Freight on Mail, 136,219 92  
" " " Trans. of Mail &c. 11,800 26  
Total, \$2,482,945 62  
All expenses amount to 1,100,406 50

Balance of profits, to pay interest and dividends, \$ 902,580 12  
The total receipts of the Company, for the year ending on the 1st of December, 1846, were \$1,900,115, showing an increase of \$102,138. The net increase of 1846 over 1845 was \$530,400. All expenses in 1846 amounted to \$862,320—all expenses for the year 1847, just closed, \$1,100,406, showing an increase of expenditures of \$248,086.

We saw a despatch yesterday received here by magnetic telegraph from New York, stating that the notes of the Northern Exchange Bank, at Brother Falls, in that state, were not redeemed by the bankers of New York.—Phil. Leg.

**SOMEthing New.**—We were astonished, says the Howard District Advocate, to see a specimen of new potatoes, of a beautiful quality, raised by Mr. Francis Earlonger of this neighborhood. Mr. E. put away his crop of potatoes last fall in a fodder house and opened them a few days ago, when he found a quantity of new ones sticking to the old ones, without root or top, some measuring five and six inches in circumference.

**TOAST**—At the Pilgrim Dinner in New Orleans, the following was given by an "epicure":  
The North and South.—Like ice and wine, always best when united.

**COLD FEET** are an evidence that the blood is encumbered with morbid humors, which not only render the sluggish and unequal, but prevent a proper supply of the vital fluid to the extremities. Hence coldness of the hands and feet, accompanied with headache, giddiness, and many other unpleasant complaints.

Wright's Indian Vegetable Pills are one of the best preventives in the world against Cold Feet, because they not only cleanse the blood from those impurities which are the cause, but they impart an energy to the circulation which carries it with vigor to every part of the system.

**DR. SWAYNE IN THE SOUTH.**

The following letter just came to hand, and will be read with interest. The patient suffered intolerably, and could find no relief until he used Dr. Swayne's Compound Syrup of Wild Cherry. It is certainly the most wonderful cure on record!—Read it.

Wilmington, N. C., Jan. 12th, 1847.

Dr. Swayne—Dear Sir: Having been almost miraculously cured by your valuable medicine, I think it not more than common gratitude in me to make one addition to the long list of certificates which you have received of remarkable cures by your medicine. During the two years preceding August, I was very much distressed by a very bad cold and tickling cough, and during the latter part of the time it continued to grow worse, and in July my friends gave me over, having tried all kinds of medicine, said to be good for such diseases, without the least good effect. I was reduced almost to a perfect corpse, and had scarcely any flesh upon my body, and for a long time never thought to rise from my bed again. A friend one day asked me if I had tried Dr. Swayne's Compound Syrup of Wild Cherry, and advised me to do so at once, as he heard that it had worked a great many wonderful cures. I took his advice, and after using up several bottles of it, I grew so much better that I was enabled to leave my bed, and afterwards to walk about the house, and so out into the street. I was encouraged by this, and continued the use of your medicine, and now, by means of its wonderful curative powers, I am perfectly well, and enjoy the use of all my faculties, just so well as if I had never been afflicted in the way I described to you. I have written this not thinking that it will at all interest you, but humbly hoping that it will have its influence in causing your valuable medicine to be spread among mankind, and in assisting to raise you to that station which you richly deserve, for your persevering efforts for the public good.

I then took O. K.'s Sarsaparilla, which at first seemed to do me good, but soon lost its power, and was discontinued. I have taken Swain's Panacea, Marshall's, Hark's, Leidy's and other preparations of Sarsaparilla, without effect. My throat was still ulcerated, my palate entirely carried away, my face and nose much swollen, and exceedingly painful.

This matter stood in January last, when I commenced with Dr. Gullen's Indian Vegetable Panacea, and I frankly confess, if your medicine had not been used, I should have died. It worked a cure in my case; for I had tried so much trash that my confidence in medicine was gone; and it was only as a drowning man will grasp a straw, that I commenced with the Panacea.

But strange as it may appear, the inflammation and soreness was almost entirely removed in 36 hours, satisfying me that I had got hold of a medicine which I had not used before, and which would cure me. My anticipations have to all appearance been realized, for I am healthier than I have been for seventeen years. My skin has assumed a healthy appearance, my head, which had troubled me for so many years, is now free from all morbid sensations; my throat is sound; and so far as I can judge, the disease is completely eradicated from my system.

I shall be happy to give any further information to any who choose to call upon me at my residence in Poplar street, first house east of Eighth street, north side.

JOSEPH BARBOUR.  
Philadelphia, June 23, 1846.

**NOT TOO LATE.**  
GREAT BARGAINS may yet be had at PENNY'S STORE. He still has a large assortment of Goods, which he will sell at first cost. He is determined to die during the business, he will sell very low. A saving of 25 or 30 per cent, can be made by purchasing at his store. Call and examine for yourselves. All kinds of country produce taken, at the highest market price.  
Sunbury, December 4th, 1847.—1f

**VENI, VIDI, VICI**—Dr. ALLEN'S VEGETABLE COMPOUND, for the cure of DYSPEPSIA, LIVER COMPLAINT, NERVOUS DEBILITY, BILIOUS AFFECTIONS, &c. This Medicine is offered to the public under the assurance that there is no article in existence having stronger claims to their consideration. Being compounded by a regular Graduate of Jefferson College, Philadelphia, and a practicing physician of twenty years' standing in Philadelphia, his long experience has confirmed him in the opinion that a compound medicine was required to prevent and remedy the debilitation produced by residing in low, miasmatic climates, and to counteract the prostrating influences of many nervous disorders with which the human family are afflicted.

DR. ALLEN is a well known physician, and has used the above medicine in his practice for 8 years with the most astonishing effect, having tested its qualities in above 1000 cases.

**FIVE THOUSAND CASES.**  
No medicine ever received more flattering commendation from physicians of eminent standing than has been bestowed on this.

**DYSPEPSIA OR INDIGESTION AND ITS CONSEQUENCES.**—An eminent Professor says:—"It chiefly arises in persons who lead either a very sedentary or irregular life. Although not regarded as a fatal disease; yet if neglected or improperly treated, may bring on incurable Melancholy, Jaundice, Madness, or Vertigo, Palsy and Apoplexy. A great singularity attendant on it, is that it may and often does continue a great length of time without any remission of the symptoms."

**CAUSE.**—Grief and uneasiness of mind, intense study, profuse evacuations, excess in venery, excessive use of spirituous liquors, tea, tobacco, opium, and other narcotics, immediate repletion, over distention of the stomach, a deficiency of the secretion of the bile or gastric juice, exposure to cold and damp air, are the chief causes of this disease.

**SYMPTOMS.**—Loss of appetite, nausea, heartburn, acidity, and fetid eructations, gnawing of the stomach when empty, uneasiness in the throat, pain in the side, costiveness, chilliness, languor, looseness of spirits, palpitations, and disturbed sleep.

**TREATMENT.**—DR. ALLEN'S VEGETABLE COMPOUND has never failed in affording immediate relief, and a radical cure for this disease.

This Medicine can be had of H. B. Masser, Sunbury; J. C. Martin, Portville; Medlar & Bickel, Orwigsburg; and of Druggists generally.

**DRUGGERS.**

**INDIAN VEGETABLE PANACEA.**  
STILL ANOTHER CURE.  
MRS. ROWAN & WALTON, Philadelphia, N. C., Jan. 12th, 1847.

It is with pleasure that I give you the following history of my case, which from its severity and long continuance under the best medical attendance I could procure, affords a striking illustration of the wonderful specificity of your Dr. GULLEN'S INDIAN VEGETABLE PANACEA over all the popular remedies of the day.

It was my misfortune to inherit Scrofula, which made its appearance (as my Mother informed me) when I was but a few months old, but was not very troublesome until my 25th year, when it attacked my right elbow, and stiffened the joint. About eight years after this, it made its appearance on my arm again, almost covering it with ulcers. At the same time it attacked my throat also, filling it with ulcers. My tongue became frightfully swollen, and almost as hard as a piece of wood.

I applied to one of the most skillful physicians in Northampton, Pa., where I resided at the time, but the disease seemed beyond his reach. He advised me to come to Philadelphia and consult the late Dr. Parrish. I did so, and was under his care for a short time, when he advised me to return home, as my physician could do as much for me as he could.

This was certainly not very encouraging. I returned home, and for the most part of the time under treatment, when the Doctor informed me that his resources were exhausted, and I was at liberty to try any thing I thought would do me good.

I then took O. K.'s Sarsaparilla, which at first seemed to do me good, but soon lost its power, and was discontinued. I have taken Swain's Panacea, Marshall's, Hark's, Leidy's and other preparations of Sarsaparilla, without effect. My throat was still ulcerated, my palate entirely carried away, my face and nose much swollen, and exceedingly painful.

**PHILADELPHIA**

**MEDICAL HOUSE,**  
Established 15 years ago, by Dr. KINKELIN.  
The ablest, strongest and best to cure all forms of acute diseases, diseases of the skin and solitary habits of youth, is

**DR. KINKELIN,**  
N. W. corner of 3d and Union sts., between Spruce and Pine, 14 squares from the Exchange.

**YOUNG MEN!** if you value your life or your health, remember, the delay of a month, or even a week, may prove your ruin, both of body and mind. Hence let no false modesty deter you from making your case known to one who, from education and respectability, can advise you. He who places himself under Dr. KINKELIN'S treatment, may religiously confide in his honor as a gentleman, and in who e bosom will be forever locked the secret of the patient.

Too many think they will hug the secret to their own hearts, and cure themselves. Alas! how often is this a fatal delusion, and how many a promising young man, who might have been an ornament to society has fallen from the earth.

**COUNTRY INVALIDS,** finding it impossible to make personal application, can, by sending their case explicitly, together with all necessary particulars (1 year post-paid) have forwarded to them a chest containing Dr. K's medicines, as prescribed, according to

Packages of Medicines forwarded to any part of the United States at a moment's notice.

POST PAID LETTERS, addressed to Dr. KINKELIN, Philadelphia, will be promptly attended to. Oct. 30th, 1847.—1y

**"Secure the Shadow ere the Substance Fades."**  
**COLLINS' CELEBRATED**  
**DAGUERREOTYPES!**  
TWO SILVER MEDALS awarded at the Fair of the Franklin and American Institutes for the best and most artistic specimens of Daguerreotype Portraits.

While recent improvements made by the subscribers, and which is peculiar to their establishment, viz: an Upper Light, has received the highest commendations from the Press, and also written testimonials from the first artists in the country, as to its great superiority over the usual Side Light. The peculiar advantage of this Light is that the Natural Expression of the Eye can be obtained more perfectly than heretofore.

Citizens and strangers are respectfully invited, whether desiring Portraits or not, to visit our spacious galleries, probably the largest and most extensive in the United States, and examine for themselves the astonishing improvements made by the subscribers in this wonderful art.

**SILENCE**  
THAT  
BREASTS  
COUGH! THE  
LUNGS ARE IN DANGER,  
THE WORK OF THE  
DESTROYER HAS BEEN BEGUN,  
THE HOUR OF CONSUMPTION HATH  
BEEN APPROACHING.

**ARE YOU A MOTHER?** Your darling child, your son and heir, is now rapidly confined to her chamber by a dangerous cold—pale cheeks, her thin shrunken fingers, tell the hold disease has already gained upon her—the sound of her sepulchral cough pierces your soul.

YOUNG MAN, when just about to enter life, disease sheds a heart crushing light over the fair prospects of the future—your hectic cough and feeble limbs tell of your loss and hope, but you need not despair. There is a balm which will heal the wounded lungs, it is

**SHERMAN'S**  
**ALL HEALING BALSAM.**  
Mix. ATTREE, the wife of Wm. H. Attree, Esq. was given up by Dr. Sewall of Washington, D. C. and McClellan of Philadelphia, Dr. Roe and Dr. Mott of New York. Her friends all thought she must die. She had every appearance of being in consumption, and was so pronounced by her physicians—Sherman's Balsam was given and it cured her.

Mrs. GARRABRANTZ, of Bull's Ferry, was also cured of consumption by this Balsam when all other remedies failed to give relief—she was reduced to a skeleton. Dr. A. C. Castle, Dentist, 281 Broadway, has witnessed its effects in several cases where no other medicine afforded relief—but the Balsam operated like a charm. Dr. C. also witnessed its wonderful effects in curing Asthma, which it never fails of doing. Spitting Blood, alarming as it may be, is effectually cured by this Balsam. It heals the ruptured or wounded blood vessels, and makes the lungs sound again.

Rev. HENRY JONES, 108 Eighth avenue, was cured of cough and catarrhal affections in 50 years' standing. The first dose gave him more relief than all the other medicine he had ever taken. Dr. L. J. 9th, 19 Deane street, gave it to a sister-in-law who was laboring under consumption, and to another sorely afflicted with the Asthma. In both cases its effects were immediate, soon restoring them to comfortable health.

Mrs. LUCRETIA WELLS, 95 Christie street, suffered from Asthma 42 years. Sherman's Balsam relieved her at once, and she is comparatively well, being enabled to subdue every attack by a timely use of this medicine. This indeed is the great remedy for Cough, Cold, Spitting Blood, Liver Complaints, and all the ailments of the throat, and even Asthma and Consumption.

Price 25 cents and \$1 per bottle.  
Dr. Sherman's Cough and Worm Lozenges, and Poor Man's Plaster sold as above.
