DR. SWAYNE IN THE SOUTH.

THE following letter just come to hand, and will be read with interest. The patient auffer ed intolerably, and could find no relief until be used Dr. SWATER'S COMPOUND STRUP OF WILD CHERRY. It is certainly the most wonderful cure on record !- Read it.

Wilmington, N C., Jan. 12th, 1847. DR. SWATER-Dear Sir: Having been almost miraculously cured by your valuable medicine, I think it not more than common gratitude in me to make one addition to the long list of certificates which you have received of remarkable cures by your medicine. During the two years preceding last August. I was very much distressed by a very had cold and racking cough, and Juring the latter part of the time it continued to grow we ree, and indeed, in July my friends gave me over, having tried all kinds of medicine, said to be good for such diseases, without the least good effect. I was reduced almost to a perfect corpee, and had scarcely any flesh upon my body, and for a long time never thought to rise from my bed sgain A friend one day asked me if I had tried Dr. Swarue's ound Syrup of WILD CHERRY, and advised me to do so at once, as he heard that it had worked a great many wonderful cures. I took his advice, and after using up several bottles of it, I grew so much better that I was enabled to leave my bed, and afterwards to walk about the house, and co out into the street. I was encouraged by this, and continued the use of your medicine, and now, by means of its wonderful curative powers, I am perfeetly well, and enjoy the use of all my faculties, just as much as if I had never been afflicted in the way I described to you. I have written this not thinking that it will at all interest you, but humbly boping that it will have its mite of influence in causing your valuable medicine to be spread among mankind, and in assisting to raise you to that station which you richly deserve, for your persevering efforts for the public good.

Respectfully your friend and admirer.

PUMPS! PUMPS!!

Improved Hydraulic Pumps,

For Wells, Rolling Mills, Furnaces, or other Purposes.

THE subscriber respectfully announces to the public that he is now prepared to supply orders to any extent for his Fatent Double action Suction and Force Pumps. These pumps are made of cast iron, and the water is suched or forced through lead pipe. For simplicity of construction and durability of action, they are vostly superior to any now in use. They have many advantages over the common pump, among which are the following:

They are a constructed that mischievous per sons cannot speil their action by introducing nails or spikes or any other substances among the valves. as is often done with other pumps, thereby rendering them useless till overhauled. They are warran'ed to be perfectly secure from frost. They are arranged as to afford ample protection against Fire about the premises on which they are erreted, by simply attaching a piece of bose, thre' which they will force water to any part of, or over, a three story house. They are particularly adapted for very deep wells, as the leverage can be so regolated that a child of six years old can with the greatest case draw water with them from the deepest wells. The objection so justly urged by many, that w ter is spoiled by standing in pump logs, is entirely obviated in this pump, and fresh water can always be as surely obtained as when drawn with a bucket. In situations where it is necessary to raise or force large quantities of water to great distances for supplying boilers in mills, furnaces. &c., these pumps are invaluable, as they can be made of any size, and capable of throwing from

15 to 1000 gallous per minute. And to crown all, they can be sold as cheap as the cheapest.

The subscriber has spent the last year in axperiment ng upon and perfecting his pumps, and now brings them before the public with the fullest confidence that they will be found to answer his description. He takes pleasu e in referring to the following companies and individuals, upon whose premises his pumps have been erected, and who have expresed their satisfiction in the highest

He could refer to many others, who have tested their qualities, but the above respectable firms and individuals are deemed sufficient.

An assortment of LEAD PIPES constant on hand, which will be sold on the most reason able terms. All orders addressed to the subscriber, at Moore & Biddle's Foundry buildings, or Mon tour House, Danville, will meet with prompt at-tention. HOMER PARMELEE. Jan. 1. 1848.—tf.

DR CULLEN'S

Indian Vegetable Panacea.

STILL ANOTHER CURE. —It is with pleasure that I give you the following history of my case, which from its seventhelian to best medical rity and long continuance under the best medical attendance I could procure, affer a striking illustration of the wonderful superiority of your Dr. CULLEN'S INDIAN VEGETABLE PANA-CEA over all the popular remedies of the day.

It was my misfortune to inherit Scrofula, which

made its appearance (as my mother informed me) when I was but a few months old, but was not very troublesome until my 25th year, when it attacked my right elbow, and stiffened the joint. About eight years after this, it made its appearance on my arm again, almost covering it with ulcers. At the same time it attacked my throat also, fi ling is with ulcer-. My tongue became frightfu'ly swollen, and almost as hard as a piece of wood.

I applied to one of the most skillul physicians in Norristown, Pa., where I resided at the time, but the disease seemed beyond his teach. He advised me to come to Phila elohia and consult the late Dr. Parrish. I did so, and was under his care for a short time, when he advised me to return home. as my physician could do as much for me as be could. This was certainly not very encouraging I returned, and was for four or five years most of the time under treatment, when the Doctor inform ed me that his resources were exhausted, and I was at liberty to try any thing I thought would do me

I then to k Oakl y's Sarsavarilla, which at firs seemed to do me good, but soon lo-t its power, and was discentinued. There taken Swaim's Panacoa. Marshall's, Houck's. Leidy's and other preparations of Sarsaparilla, without effect. My throat was still ulcerated, my palate entirely carned away, my face and nose much swollen, and exceedingly pain-

Thus matters stood in January last, when I commenced with Dr. Cullen's Indian Vegetable PARACEA, and I frank'y conf so, if your medicine had required FAITH to ensure a cure, it would have failed in my case; for I had tried so much trash that my confidence in medicine was gone; and it was only as a drowning man will grasp a straw. that I commenced with the Panacea.

But strange as it may appear, the inflammation and soreness were almost entirely removed in 36 hours, satisfying me that I had got hold of a medicine which I had not used before, and which would cure me My anticipations have to all appearance been realized, for I am healthier than I have been for seventeen years. My skin has a sumed a heal-thy appearance. My head, which had troubled me for so many years, is now free from all disagr. eable sensations; my throat is sound; and so far as I can judge, the disease is completely eradicated from my system,

I shall be hoppy to give any further information to any who choose to call upon me at my residence in Poplar street, first house east of Eighth street. JOSEPH BARBOUR. Philadelphia, June 23, 1846.

WENI, VIDI, VICI -Dr. ALLEN'S VEGE-TABLE COMPOUND, for the cure of DYSPEPSIA, LIVER COMPLAINT, NER-VOUS DEBILITY, BILIOUS AFFECTIONS, &c. This Medicine is offered to the public under the assurance that there is no article in existence having stronger claims to their consideration. Being compounded by a regular Graduate of Jeffer-son College, Philadelphia, and a practising physician of twenty years' standing in Philadelphia, his long experience has confirmed him in the opinion that a compound medicine was required to prevent and remedy the debilitation pr duced by residing in low, minematic climates, and to counteract the pro-trating influences of many nervous disorders with which the human family are afflicted.

DR. ALLEN is a well known physician, and has used the above medicine in his practice for 8 years with the most astonishing effect, having tested its qualities in above

YOUNG MEN! if you value your life or your health, remember, the delay of a mouth, nay, even a week, may prove your ruin, both of body and mind. Hence let no false modesty deter you from making your case known to one who, from education and respectability, can alone befriend you. He who places himself under Dr KINKELIN's treatment, may religiously confide in his honor as gen leman, and in whose bosom will be forever cked the secret of the patient.

Mrs. GARRABRANTZ, of Bull's Ferry, was a'so cured of consumption by this Balsam when all other remedies facled to give relief-she was reduced to a skelet e. Dr. A. C. Casile, Dentist, 281 Broadway, has witnessed its effects in several ca-es where no other medicine afforded relief-but the Balsam operated like a charm. Dr. C. also tain any preparation of Mercury. There are witnessed its wonderful off ets in curing Asthma, cents per box. For further particulars conce mingwhich it never fails of doing. Spitting Blood, slatming as it may be, is effectually cured by this Rabsam. It heals the ruptured or wounded blood vessels, and makes the lungs sound again.

Rev. HENRY JONES, 108 Eighth avenue, was cored of cough and catarrhal affections et 50 years s anding. The first dose gave him more relief than all the other medicine he had ever taken. Dr. L. J. B. als, 19 Delancy street, gave it to a sister-in-law who was laboring under consumption, and to another sorely afficted with the Asthma. In both cases, its effects were immediate, soon restoring them to comfortable health

Mrs. LUCRETIA WELLS, 95 Christic street. suffered from Asthma 42 years. Sherman's Bat-sam relieved her at once, and she is comparatively well, being enabled to subdue every attack by a timely use of this medicine. SIX YEARS AGO

THE children began to cry for Sheeman's Los songes. The naise was not so loud at that time, but it has kept increasing ever since, and new has become so great that the mouths of the little ones can scarce be stopped. Dr. Sherman sympathises with the little sufferers, and very much re-gres that any of them should be disappointed. Knowing the vast benefit which has been conferred upon the community by the introduction of his infallible

WORM LOZENGES, he has entered into arrangements for enlarging his Manufactory, by means of which he thinks he will be able to supply the demand. And the same pains and care will be taken, that these celebrated Inzenges be made as they have always been, in order that those who depend upon them, may not be disappointed in their hopes. He knew when he commenced the manufacture of the Worm Lozenges, that they would supersede the use of every ther vermifuge, as the Lozenge is very pleasant to the taste, speedy in its effects, as well as certain, and the quantity required to effect a perfect cure. is very small. These properties, in connexion with the f ct that they are sold for 25 cents per box, thus placing them in the reach of the poorest man in the land, has not only caused them to tale the place of every other vermifuge ever offered, but al rendered them popular to the community.

continue to cure Coughs. C. lds. Consumption,

Asthma, shortness and difficulty of Breathing, and other disea-es of the Longs, with the same facility they did on their first introduction, and the people have now become persuaded by actual experience, that on the accession of a light cold, they have only to step to either the Dr's, office, or one of the Agents, and obtain a box of his Cough L. zonges. which are very convenient to carry in the pocket, and to take a few through the day. By pursuing this course a cure is often effected in 24 hours, and the patient about his business. So great is the colebrity of the Lezenges, that thousands of persons a who have used them, and become acquainted with their effects, will never be without them.

THE recent improvements made by the subscribers, and which is peculiar to their establishment alone, viz: an Upper Light, has received the than any application that has ever been made. As the celebrity of the Plaster has increased, hand reds of unprincipled rascals have attempted to cour ters feit it, and palm it off upon the community as the is that the NATURAL EXPRESSION OF THE EXE genuine.
