

Rieighing Song. Air-"Some love to roam." How swift we go Thro' the sparkling snow, In the moonbeam's silver glance, And our glad song swells, While the jingling belle Keep time with our proud steeds' prance! And the hollow glen, Sends back again, Our laugh and glad ho!loo; While the diamond spray Flies every way. And the moonlight flashes through. 'Tis cold to night,

But these eyes so bright, A glow on the young heart shed, And these lips that move To the topes of love, With the smile of pleasure spread; Then onward speed. While the snorting steed

Shakes the spangles from his mane,

We'll join in the fight

Of the elves of night.

And love and delight shall reign.

CHEESE VERSUS CANNON SHOT -The greatest ammunition that we have heard of lately, was used by the celebrated Commodore Coe, of the Montevidean Navy, who, in an engagement with Admiral Brown, of the Buence Ayreau service, fired every shot from his lockers.

'What shall we do, sir?' asked his first lieutenant; 'we've not a single shot aboard-round, grape, canister, and double headed, are all gone.

'Powder gone, ch !' nsked Coe.

'No, sir-got lots of that yet.' 'We had a confounded hard cheese-a round Dutch one, for desert at dinner to-day, don't you remember it?' said Coe.

'I ought to-I broke the carving knife in trying to cut it, sir.'

'Are there any more aboard !' 'About two dozen-we took 'em from a drog-

'Will they go into the 18 pounders 1' By thunder, Commodore, but that's the idea. I'll try them,' cried the first luff.

And in a few minutes the old 'Santa Marin.' (Coe's ship) which had ceased entirely, was reon-ned, and Admiral Brown found more shot flying over his head. Directly one of them struck his mainmast, and as it did so, shattered and flew in every direction.

What the devil is that which the enemy is firing !' asked Brown-but nobody could tell. Directly one came in through a port and killed two men who stood near him; then striking the opposite bulwarks, burst into flinders.

By Jove, this is too much; this is some new angled paixhan or other-I don't like 'em a all!' cried Brown; and then as four or five more of them came slap through the sails, he gave the order to fill away and actually backed out of the fight, receiving a parting broadside of Dutch cheese.

This is an actual fact, our informant was the first lieutenant of Coe's ship .- Monitor.

A PLACE FOR OLD MAIDS. - There is a place in New Hampshire where they never have any old maids. When a girl renches twenty-nine, and is still on the ladder of expectation, the young fellows club together and draw lots for her. Those who escape pay a bonus to the one who gets her. There's gallantry for you.

AT A LOSS FOR SOCIETY .- Would you believe it, aunt,' exclaimed a pale-faced young lady of the 'upper ten,' 'would you believe it !-Uncle Solomon here, tells me that the ladies out West actually speak to the tradesmen and retail store keepers! They must be sadly in want of society; mue'nt they !'

"Humph, yes," interposed uncle Solomon ; They are so badly off for society, my dear, as your father was when he pulled radishes and s-paragus for a living, and your mother sold hem in the old fly market-he, he-society.

Miss Polly Dolly Adeline fainted, and her aunt was visible in the next room .- Fact.

POLITICAL PRUDENCE,-Wise men say nothing in dangerous times. The lion called the sheep to ask her if his breath smelt ; she said 'Aye,' and he bit off her head for a fee. He called the wolf, and asked him. He said 'No,' and he tore him to pieces for a flatterer. At ast he called for the fox and asked him, 'Truy, said be, I have got a cold, and cannat smell.

LEAVING IT OUT ALL NIGHT .-- A loafer having got a heavy load on, 'fetched up' against the side of a house which had been newly painted. Shoving himself clear by a vigorous effort, he took one glimpse at his shoulder, another at the house and a third at his hands, and exclaimed. "Well that's a darned careless trick in whoever painted that house, to leave it stand out all night for peop'e to run against !"

A wag one day asked his friend, "How many snaves do you suppose there are in the street, besides yourself?" "Besides myself!" replied he other in a heat, "do you mean to insult me ?" Well then," said the first, "how many do you Farmers' Bk of State of Del" eckon including yourself?"

The Boston Post gives the following neat defiotion of the word happiness :- A soft couch by fire, a new novel, a pretty wife, a dozen cigars, bottle of port, a loose gown, easy slippers, a ood conscience and a squealing baby.

nominations, in circulation.

DR. SWEDTSER'S PASSAGEA.

THIS Medicine is warranted, on oath, not to contain a particle of Calemel, Corrolle Sub-limete, Arcenic, Chloride of Gold, or any delete-

The principle upon which this Medicine acts, Is by assisting and harmonising with nature; il blood and body, and by assimilating with and strengthening the gustric juice of the stornach, it assists digestion; in short there is not a vein, artery, muscle or nerve in the human body, that is not strengthened by the PANACEA, and it also possesses the remarkable property of removing mercury from the hones and joints.

FOR ERUPTIONS OF THE SKIN, Scurvy, Scorbmic Affections, Tomors, Scrafuls or Kings' Evi , White Swellings, Erysipelas, Utcers, Cancers, Running Sores, Scale and Biles, time and a determined perseverance in D . SWEET SER'S PANACEA, will effect a cure.

FOR INDIGESTION. Rejection of food, Nauses, Vomitings, Nervous aftections, Billions complaints, Head ache, Paleness, or Female Irregularities, Dr. SWEETSER'S PA-NACEA will soon effect a core ; but if obstinate, or attended with griping. flying pains, the dose should be increased, and the cure will soon be offected. Let not the patients frighten themselves with the idea that they are ton we k to take much medicine; but bear in mind that this mi'dly operating med cine put not weakness into the frame, but most certainly draws weakness out, leaves strength in its place, and by giving composed sleep at night and an appetite to reliah any food re-animates the whole frame with vigorous action, clearing the mind and improving the sight.

SCROPULA AND GLANDULAR AFFEC-

TIONS. Scrafula is said to be benditary, the infant receiving from its parents the seeds of this disease, which increases with its years, if neglected and not submitted to frequent purification with Dr. SWEETSER'S PANACEA. The clands are plan ced in the corners of the body, and out of the way of direct communication; their real u-o is a subject on which much difference of opinion prevails; it suffices us to know that when in a diseased state they are capable of being purfied and cleansed by s long course of Dr. SWEETSER'S PANA CEA, which restores them to sound and proper action. Scroful, us persons can never pay too much attention to their blood, its purification should be their first thought, for after a long course of perseverance, they will ever cure hereditary disease.

In cases of JAUNDICE, ASTHMA, LIVER COMPLAINTS, TIC DOLOREUX RHEU MATISM OR RHEUMATIC GOUT, De. SWEETSER'S PANACEA cannot be ton high ly extolled; it searches out the very root of the lisense, and by r. m wing it from the Blood makes a cure certain and perminent.

For diseases of the Bladder and Kidneys, Strictures, Gravel Stone, Piles, Fistula, Urinary Obstructions and Extreme Costiveness Dr. SWEET-SER'S PANCEA is the best remedy ever trel; it removes all those acrimonious humors from th Blood which give rise to the shave diseases, and by keeping the blood in a pure condition, insurce

For DROPSY, FALLING OF THE BOWELS, Impurities of the Blood, Mercurial Taint, Weakness of the Spine Flow of Blood to the Head Gid diness, Singing and Buzzing Noise in the Head and Ears, Dr. SWEETSER'S PANACEA with give certain relief; in all severe and chronic cases. the patients cannot be too often reminded that lar ger doses and perseverance will effect a cure.

In Chills and Fevers. Bilious Fevers. Affections of the Eyes and Ears, Spongy and Bleeding Gums Bronch tis and recent Coughs and Colds. Dr. SWEETSER'S PANACEA will be found

GRAVEL AND URINARY COMPLAINTS. Those complaints are generally attended with the most fatal consequences, and are seldom or ne. ver cured by the present mode of treatment; they usually accompany the patient to the grave, after suffering the most exeruciating pain and toriure. The cause of these complaints are the same as all others, the draws of the blood becomes encrusted on the finest narrow passages, whence at so marbin secretions and stoppages of urine. You will find the most powerful deureties of no use, as they only increase the quantity of urine and do not purify and strengthen the parts. By purifying the blood with Dr. SWEETSER'S PANACEA, von re move the cause of the disease, consequently it can not exist any longer, after sufficient perseverance in its use has deprived the blood and budy of all acrimonious humors and incrustation.

DISEASES OF THE LUNGS-CONSUMPTION. This is a very prevalent and fatal disease; it re-

sul's mostly from neglected coughs, colds and bronchitis, also from improper treatment in many of er cases, such as measles, fevers, inflammations and small pox, and a host of other badly treated diseases; where the cause, instead of having been thoroughly removed from the blood and body, have only been pulliated or removed from one put to break out in another. By divesting your bodies of all foul humore, through the medium of Dr. SWEETSER'S PANACEA, the cure is at once rendered certain and permanent. R collect, while there is acrimonious humors floating in the circu'ation, it is as upt to settle on the lungs as any other part of the body this is the reason that consumption is so prevalent.

BILES, SORES AND ULCERS, Which you see on the ex erior, come from and have their source in, the interior, and might just as well have settled on your lungs, liver, or any other part; which we know they frequently do, and produce most violent inflammatory disorders. The humor which occasions these sores is of a highly acrimonions burning nature. We know it from the pain it gives in forming, and afterwards its rapidly olcerating and corr ding the flesh and skin of the part where it breaks out. This shows the necessity of frequently purifying the blood with Dr. SWEETSER'S PANACEA, and keeping such malignant humors in subjection. Should you have trouble to warn you of the danger your life and bo dy is in, for it is a warning that the blood is foul, Had this same acrimony a lected the lungs in tead of the surface of your body for its seat, consumption of the lungs wou'd have been the consequence. Delay not then, to purify and cleanse with Dr.

Sweeteer's Panacea. SPINE DISEASE. Spinal affections, enlargement of the bones and joints, white swellings, hip joint complaint, ruptures, falling of the bowels and wom's disease, will find a speedy ours in Dr. SWEET-EKS PA-NACEA. Where the disease has been of long standing, the time required to make a cure will be longer; but the patient may rest assured that a determined perseverance will effect it.

BRON CHITIS, ASTUMA AND DISEASE OF THE WINDPIPE.

These diseases proceed from the seriosity or corrupt humors of the blood, having settled itself on the throat and lungs, and stopped them up, so that they cannot draw sufficient air in for respiration. Dr. SWEETSER'S PANACEA will give immediate relief, and to make the cure perfect and cer-

tain, it should be engliment engle time ofter, to free the sys em of ell bad homore.

RHEUMATISM, RHEUMATIC GOUT AND MERCURIAL DISEASES Find a sefe and speedy cure in Dr. SWEET. SER'S PANACEA. It cores by searching every blood coses and enery, and driving out all impuritles and foul burniors secumulated therein, which is the cause of rh umstirm, gout and swellings of the joints. The deleterous effects of calomel and r mineral paisons, readily yield to its sovereign influence; indeed, when its valuable properties be come fully known, the use of all miner I prison will be consigned to the tomb of all the Capulets,' and only be thought of as a by-gone custom of the darker ages Dr: Sweetser's Panacea is also a sure cure for dyspepsis, piles, contiveness, vertigo, headsche, pain in the breast and liver complaint.

FEVER AND AGUE.

Fever is slanve caused by a disorderly movement of the blood, struggling to free itself of thing that encumbers it; in fact, every kind of fever is nothing more than a struggle between the blood and corrupt humors, and as soon as the corrunt hamors are expelled, you have no more fever. When a patient with fever submits to be bled, or have his blood poisoned with mercury, it weskens his frame to such a degree that if he survives the process, it always leaves him subject to distressing chills, when 9 times out of 10 he resorts to ague pills, powders, or tonic mixtures; this is going from had to worse, as these vegetable pills, powders, &c. are nothing but mercury and quinine in disgutse, which may for a time drive the disease so far into the body as not to be perceptible, but very soon it will break out again with fearful violence To cure ague and fever, the cause of the disease must be removed out of the blood and body, which can be etctually done by using Dr. SWEETSER'S PA-NACEA, which purifies, cleanues and strengthens, It contains nothing that can possibly injure, and its use is always a safeguard against chills and fevers.

PILES. In all Cases or Piles, Dr. SWEETSER'S PANACEA will effect a very speedy cure. It removes from the blood, stomach and bowels, all those foul acrid burning humors, which are the cause of Piles and Costiveness, and by strengthening the digestive organs, improves every part of the entire body.

FLATULENCY AND WIND. These diseases are caused by the stomach and bowels being choked up with viscial slimy matter, the air which enters them cannot e-cape until forced by some contraction of the somach to expel it; beace the cause of pain. A few doses of Dr. SWEETSER'S PANACEA will convince the sufferer that relief is attained

GREAT MEDICINE FOR CHILDREN. Parents will find the PANACEA a valuable medicine for their child en, keeping their bodies in a healthy condition, thereby assisting their g owth; children or grown persons, after taking it, are not liable to be attacked with an epidemic as before, as it always leaves the blood in a pure condition, and the entire system in a strengthened state; it drives out all kinds of weakness from the body and leaves all healthy within.

MARRIED LADIES Will find Dr. SWETSER'S PANACEA a medione purely adapted to their use. Most ladies duing the period of pregnancy are afflicted with piles. Dr. Sweeter's Panaces, by regulating the bowels, will entirely obviate this, and its purifying properties on the blood and fluids, insures to them thy off-pring. No one who is a mother should be without it, and those who are nursing wift find it of great le nefit to the health of their infants.

For battengese and all diseases of the womb, it is without a rival in the entire history and estalogue of medicines; by its extraordinary strengthening power, it stimulates and strengthens the womb, weakness of which is the cause of failure to have NERVOUS DISEASES.

Under this head may be classed Patpitation of the Heart, Tie Doloresux on Faceache, Neuralgia, Ind gestion, Toothsche, Melancholy, Hysterics, and in fact, every disease caused by the sharp, biting acrimonious humors irritating the nerves; the nerves receive the morbid impression from the stomach, or rather from the blood through the agency of the stomach and dice-tive organs, and although other parts of the body are apparently the seat of the disease, still it is caused by the morbid impression conveyed from the blood by the nerves, to that part. A few doses of Dr. SWEETSER'S PA-NACEA will soon assure the patient that he has the cure in his possession.

PRYSIPELAS, on ST. ANTHONY'S FIRE. This is an inflammatory disorder, alw ya at ended with more or less pain. It proceeds from the foul, acrimonious humors lodged in the blood and fluids, settling on the limbs and face, causing extreme pain and fevers; all applications on the surface are worse than useless, as they only tend to throw the disease in some other part, and perhaps cause death. Bleeding is likewise improper. To cure the di-ease you must get rid of the cause; ony manage to get the foul humors out of your blood. d you will be well in a day. Dr. SWEET-SER'S PANACEA, a thorough purifier of the blood, will search out every impurity in the more remote parts of the body and expel it through the medium of the bowels. There is not a vein, artery, muscle or organ of the entire framework of man, that Dr. Sweetser's Panacea does not improve. To take it when you are well is to keep well; and when sick to become well.

DR. SWEETSER'S PANACEA, beingcomposed only of a vegetable matter, or medical nerbs, and warranted, on oath, se containing not one particle of mercurial, mineral, or chimical substances, is found to be perfectly harmless to the most tender age, or the weakest frame, under any stage of human suffering; the most pleasant and benign in its of eration that was ever offered to the world; and at the same time the most certain in searching out the root of any complaint, however deep, and of performing a cure.

Price \$1 per bottle, or six bottles for \$5. For sale, wholesale and retail, at the corner of CHARLES and PRATT Streets, Baltimore, and GEORGE BRIGHT,

Adams, and are prepared to accommodate customers in the most satisfactory manner and at reasonable prices. Their table will be supplied with the best vari-

ety the market affords-their parlors and sleeping sportments will be in the best order. The house has been thoroughly repaired and furnished with a view to the comfort of travellers and strangers. Having had several years experience in business, they hope to give general satisfaction. and respectfully invite travellers and strangers to give them a cell. BRADY & PARKER. Philadelphia, January 18, 1847 if

DIR. LE IRDT'S Vegetable Universal Pills.

The only known Medicine that at the same time purges purifies and strengthens the system. Lonnox. July 7, 1846. DR I.E ROY'S Pills are a new medicine which has just apprehend, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarasparille and Wild Cher-

ry, so united that they act together; the one, through its admixture with other substances, purifying and purging, while the other is strengthening the system. Thus those pills are at the same time tonic and opening; a desideratum long and eagerly sought for by medical men, but never before discovered. In other words they do the work of two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strongthen; and hence they cause no debilitation, and are followed by no re-action. De Le Roy's pills have a wonderful influence on the blood; they not only purify without weakening it, but they remove all trixious particles from the chyle before it is converied into fluid, and thus make impure blood an utter impos-ibility. As there is no debilitation, so there is no nausea or sickness attending the operations of this most excellent of medicines, which never strains or tortures the digestive functions, but can es them to work in a perfeetly natural manner; and hence persons taking them do not become pale and emiciated, but the contrary ; for while it is the property of the Saranparille, united as it is with other ingredients, to emove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that s natural and sound; and hence a redust state of health is the certain result of their united opera-
