SUDDEN CHANGES - There is nothing more trying to the human constitution than sudden changes of weather. Heat rarifies the blood, and increases the perspiration; but when suddenly checked, those humors which should pass off by the skin, are thrown off inwardly, causing coughs, colds, consumption, difficulty of breathing watery and inflamed eyes, sore throat, and many other complaints.

Weight's Indian Vegetable Pills are a delightful medicine for carrying off cold-because they expel from the body those humors which are the cause of the above complaints. Four or five of said Indian Vegetable Pills taken every night on going to bed will, in a few days, carry off the most obstinute cold; at the same time the digestive organs will be restored to a healthy tone, Your Ointment is GOOD." and new life and vigor will be given to the whole

Wilmington N C. Jan. 12th, 1817. Da. Swarne-Dear Sir: Having been also st miraculously cured by your valuable medicine, I think it not more than common gravitude in me to make one addition to the long list of certificates which you have received of remarkable cures by your medicine. During the two years preceding last August. I was very much distre-sed by a very bad cold and racking cough, and Juring the latter rt of the time it continued to grow werse, and inde d. in July my friends gave me over, having tried all kinds of medicine, said to be good for such diseases without the least enod effect. I was re duced almost to a perfect corpse, and had secreely any flesh mon my body, and for a long time never thought to rise from my bed sgain A friend one d v asked me if I had tried Dr. Swarsk's Compound Syrup of WILD CHERRY, and advised me to do so at once, as he heard that it had worked a great many wonderful cures. I took his advice, and after using up several bottles of it, I grow so much better that I was enabled to leave my bed, and afterwards to walk about the house, and an out into the street. I was encouraged by this and continued the use of your medicine, and now, by means of its wonderful curative powers, I am perfectly well, and enjoy the use of all my faculties, just as much as if I had never been afflicted in the way I described to you. I have written this not thinking that it will at all interest you, but humbly hoping that it will have its mite of influence in causing your valuable medicine to be spread am ng mankind, and in seesting to raise you to that sta tion which you richly de-erve, for your ressevering efforts for the public good.

and it cured her. Mrs. GARRABRANTZ, of Bull's Ferry, was also cured of consumption by this Balsam wher all other remedies fieled to give relief-she was reduced to a skelet in. Dr. A. C. Casile, Dentis 281 Broadway, has witnessed its effects in sever at cares where no other medicine afforded relief-t ut the Balsam operated like a charm. Dr. C. r so witnessed its wonderful effects in curing Asthena. which it never fails of doing. Spitting Blood, r larming as it may be, is effectually cured by this Balsam.
