A MASS CRE -A correspondent of the New Orleans Times, writing from Mexico, under date of January, relates the following, which is the first montion we have seen of such an occurrence, though dates as late as February have been received :-

To show you how little the Mexicans are able to appreciate our humanity, I will mention the following :- Two days after the capture of Gen. Valencia, he was liberated on parole, to go wherever he pleased, with ten rancheurs armed, to accompany him as an escort. Well. only two or three days elapsed, after his departure, when a few of the Pennsylvania volunteers went to visit a small village near the field of Contrerse. He e they were set on by a nurber of villagers, attacked with stones and such missiles, and two of their number killed. The survivors hastened into camp, when a detachment of forty or fifty of their comrades, highly examperated, hastened to the scene of violence. and commenced an indiscriminate massacre of the males in the village. They killed, as Col. Wyckoop says, 60 or 70; but only 27 were reported. The day before yesterday Gen Scott came very near being cut off by a party of guerritleros, about six miles from the Guadalupe gate. He organized a party the next morning, and went in pursuit of them, but they had de-

THE CREEK INDIANS -Rev. Mr. Hays, Saptist Missionary, says, in a letter to the Boston Recorder, "We have six churches in the Creek nation-several neighborhoods have prayer meetings, and churches would be formed if the missionaries could be obtained. Twenty large congregations could be sustained. I have four churches. twenty-four, forty, and forty five miles from my house. I teach four days, having Monday and Saturday for travelling. The christain Indians are refoiced to see me. The people are very desirous of an instructor, and will frequently come miles to hear the Bible read."

Another Earthquake occurred in Chili, in October. Letters to the 26th have been received from Valparaiso, at which time the Columbus, Com. Biddle was there.

CHALLENGE! CHALLENGE! THE CHALLENGE .- We have observed ve-I ry patiently for a year past the fevered at-tempts by some of our fraternity, to force a r-pu-tation which their professional skill alone must full to give them. And we would continue our silent observation, under the consciousness of an unbolstered ment, were it not more than probable that this species of fanfaronade may divert the public eye from a candid examination into the merits of ter and John Kissinger; of Catharine Ross | the multitude of professors in the Dagueriean art. PUMPS! PUMPS!!

Improved Hydraulic Pumps, For Wells, Rolling Mills, Furnaces, or other

THE subscriber respectfully announces to the public that he is now prepared to supply or-ders to any extent for his Patent Double action Suction and Force Pumps. These pumps are made of cast iron, and the water is sucked or forced through lead pipe. For simplicity of construction and durability of action, they are pastly supe rior to any now in use. They have many advan-tages over the common pump, among which are the following:

They are as constructed that mischievous per sons cannot spoil their action by introducing nails or spikes or any other substance- smong the valves, as is often done with other pumps, thereby rendering them uscless till overhauled. They are warranted to be perfectly secure from frost. They are ward in favor of any of the competitors, but are an arranged as to afford ample protection against disposed to rank as first in order, the collection of McULEES & GBRMON, as containing the farthey will force water to any part of, or over, a three story house. They are particularly adapted for very deep wells, as the leverage can be so regulated that a child of six years old can with the greatest case draw water with them from the deepest wells. The objection so justly urged by many, that water is spoiled by standing in pump logs. is entirely obvisted in this pump, and fresh water can always be as surely obtained as when drawn with a backet. In situations where it is necessary to raise or force large quantities of water to great distances for supplying boilers in mills, furnaces, &c., these pumps are invaluable, as they can be made of any size, and capable of throwing from 15 to 1000 gallons per minute.

And to crown all, they can be sold as cheep as the cheapest.

The subscriber has spent the last year in axpetimenting upon and perfecting his pumps and now brings them before the public with the fullest con-fidence that they will be found to answer his de-

scription. He takes pleasure in referring to the following companies and individuals, upon whose premises his pumps have been erected, and who have expra ed their satisfiction in the highest The Montour Iron Company. SILENCE

BEKARPUL COUGH! THE LUNGS ARE IN DAR-BER. THE WORK OF THE DESTROYER HAS BEEN BIGCY. THE COUGH OF CONSUMPTION HATE IN IT A SOUND OF DEATH.

RE YOU A MOTHER! Your darling child, your idol and earthly joy, is now perhaps confined to her chamber by a dangerous cold—her pale checks, her thin shrunken fingers, tell the hold disease has already gained upon her—the sound of her sepulchral cough pierces your soul. YOUNG MAN, when just about to enter life, disease sheds a heart crushing hight over the fair prospects of the future-your hectic cough and fretimbs tell of your loss and hope, but you need not despair. There is a balm which will heal the wounded lungs, it is

SHERMAN'S ALL-HEALING BALSAM. Mrs. ATTREE, the wife of Wm. H. Attree, Esq. was given up by Dr. Sewall of Washington, Drs. Roe and McClellan of Philad-lphia, Dr. Roe and Dr. Mott of New York. Her friends all thought she must die. She had every appearance

of being in consumption, and was so pronounce I by her physicians—Sherman's Balsam was given Mrs. GARRABRANTZ, of Bull's Ferry, was also cured of consumption by this Balsam & hera all other remedies failed to give relief-she was reduced to a skelet in. Dr. A. C. Castle, Pointist, 281 Broadway, has witnessed its effects ir, several cases where no other medicine afforded r slief-but the Belsom operated like a charm. Dr. G. aless

witnessed its wonderful effects in curing Asthma. which it never fails of doing. Spitting Blood, slarming as it may be, is effectually cured by this Balsam. It heals the ruptured or wour jed blood Rev. HENRY JONES, 108 Lighth avenue, was cuted of cough and cat ret al affections of 50 years standing. The first dor , gave him more re-lief than all the other medir me he had ever taken. Dr. L. J. Beals, 19 De ancy street, gave it to a sister-in-law who wes I storing under consumption,

and to another sor y afflicted with the Asthma. In both cases its effects were immediate, soon restoring thera to comfortable health. Mrs. LUCRETIA WELLS, 95 Christie steert, suffered from Asthma 42 years. Sherman's Ital-sam refleved her at once, and she is comparatively well, being enabled to subdue every attack by a timely use of this medicine. This indeed is the rest remedy for Cougha, Colds, Spitting Blood, Liver Complaints, and all the affections of the throat, and even Asthma and Consumption.

Price 25 cents and \$1 per bottle.
