

BANK NOTE LIST.

PENNSYLVANIA.

The following list shows the current value of all Pennsylvania Bank Notes. The most implicit reliance may be placed upon it, as it is every week carefully compared with and corrected from Sicker's Reporter.

Banks in Philadelphia.

Table listing banks in Philadelphia with columns for Name, Location, and Discount. Includes Bank of North America, Bank of the Northern Liberties, Commercial Bank of Penna., Farmers and Mechanics' Bank, Kensington Bank, Philadelphia Bank, Schuylkill Bank, Southwark Bank, Western Bank, Mechanics' Bank, Manufacturers' and Merchants' Bank, Bank of Penna. Township, Grand Bank, Bank of Commerce, etc.

Country Banks.

Table listing country banks with columns for Name, Location, and Discount. Includes Bank of Chester County, Bank of Delaware County, Bank of Germantown, Bank of Montgomery Co., Doylestown Bank, Easton Bank, Farmers' Bank of Bucks Co., Bank of Northumberland, Columbia Bank & Bridge Co., Farmers' Bank of Lancaster, Lancaster County Bank, Lancaster Bank, Farmers' Bank of Reading, Office of Bank of Penna., Office do do, Office do do, Office do do.

NOTES AT DISCOUNT.

Table listing banks for notes at discount with columns for Name, Location, and Discount. Includes Bank of the United States, Mercantile Bank of Pennsylvania, Bank of Lewistown, Bank of Middletown, Carlisle Bank, Exchange Bank, do do branch of Harrisburg Bank, Lebanon Bank, Merchants' & Manuf. Bank, Bank of Pittsburg, West Branch Bank, Wyoming Bank, Northampton Bank, Berks County Bank, Office of Bank of U. S., Do do do, Do do do, Bank of Chambersburg, Bank of Gettysburg, Bank of Susquehanna Co., Erie Bank, Farmers' & Drovers' Bank, Franklin Bank, Honestale Bank, Monongahela Bank of B., York Bank.

Washing Days.

It changed to our washing day, And all our things were drying; The storm came roaring through the lines And set them all a flying. I saw the shirts and petticoats Go riding off like witches; I lost—ah! bitterly I wept— I lost my Sunday breeches! I saw them straddling through the air, Alas! too late to win them; I saw them chase the clouds as if The devil had been in them. They were my darlings and my pride, My boyhood's only riches,— 'Farewell! farewell! I faintly cried, 'My breeches! O! my breeches! That night I saw them in my dreams, How changed from what I knew them, The dew had steeped their faded threads; The wind had whistled through them! I saw the wide and glist'ry rents, Where demon claws had torn them, A hole was in their hinder parts, As if an imp had worn them. I have had many happy years, And tailors kind and clever, But those young pantaloon have gone, Forever and forever! And not till fate has cut the last Of all my earthly stitches, This aching heart shall cease to mourn My loved, my long lost breeches!

ANECDOTE OF GENERAL TAYLOR.

A great many anecdotes have been related of General Taylor of his remarkable coolness and sagacity on the field of battle; but the following is more than twenty-four hours in advance of its contemporaries.— "The General is in the habit of riding with very short stirrups. Well, in the heat of the fight at Buena Vista, the old veteran saw a cannon ball making towards him, from one of the Mexican batteries, with terrific speed. R. up and ready eyed it for a moment with great interest, during which time he ascertained, with mathematical precision, the exact spot where it would hit him if he remained still. But at the same time he satisfied himself that with a little fessce he could avoid the danger. So, waiting with great patience until the shot was about to strike him, he deliberately raised himself in his stirrups, and the ball passed between him and his saddle, leaving him quite unharmed! This the Doctor saw with his own eyes, and therefore there can be no doubt of its truth."

MAN TO MAN.

A person by the name of Mann, in his walks, used frequently to meet a gentleman who was known to be disordered in his intellect, but whose conduct had always been unimpaired. It happened that the madman met him on a narrow causeway, and having a large stick in his hand, when he came up to Mr. Mann he made a sudden stop, and pronounced "Who are you, sir?" the other, not at all alarmed, and willing to soothe his assailant with a pun replied, "Why, sir, I am a double man, Mann by name, and man by nature." "Are you, sir?" says the insane person. "Why, I am a man beside myself and we two will fight you two." Upon which he knocked Mr. Mann into the ditch and deliberately walked off.

DR. SWEETSER'S PANACEA.

This Medicine is warranted, on oath, not to contain a particle of Calomel, Corrosive Sublimates, Arsenic, Chloride of Gold, or any deleterious mineral. The principle upon which this Medicine acts, is by softening and harmonizing with nature; it drives out all foul acrimonious humors from the blood and body, and by assimilating with and strengthening the gastric juices of the stomach, it secures digestion; in short there is not a vein, artery, muscle or nerve in the human body, that is not strengthened by the PANACEA, and it also possesses the remarkable property of removing mercury from the bones and joints.

FOR ERUPTIONS OF THE SKIN, Scarcely, Scorbatic Affections, Tumors, Scrofula or Kings' Evil, White Swelling, Erysipelas, Ulcers, Cancer, Running Sores, Scabs and Biles, time and a determined perseverance in D. SWEETSER'S PANACEA, will effect a cure.

FOR INDIGESTION, Rejection of food, Nauseas, Vomiting, Nervous affections, Bilious complaints, Head-ache, Paleness, or Female Irregularities, Dr. SWEETSER'S PANACEA will soon effect a cure; but if obstinate, or attended with griping, spring pains, the dose should be increased, and the cure will soon be effected. Let not the patients frighten themselves with the idea that they are too weak to take much medicine; but bear in mind that this mildly operating medicine does not weaken into the frame, but most certainly draws weakness out, leaves strength in its place, and by giving composed sleep at night, and an appetite to relish any food, re-animates the whole frame with a vigorous action, clearing the mind and improving the sight.

SCROFULA AND GLANDULAR AFFECTIONS, Scrofula is said to be hereditary, the infant receiving from its parents the seeds of this disease, which increases with its years, if neglected and not submitted to frequent purification with Dr. SWEETSER'S PANACEA. The glands are placed in the corners of the body, and out of the way of direct communication; their root is a subject on which much difference of opinion prevails; it suffices us to know that when in a diseased state, they are capable of being purified and cleansed by a long course of Dr. SWEETSER'S PANACEA, which restores them to sound and proper action. Scrofula as persons can never pay too much attention to their blood, its purification should be their first thought, for after a long course of perseverance, they will ever cure hereditary diseases.

IN CASES OF JAUNDICE, ASTHMA, LIVER COMPLAINTS, TIC DOLOREUX, RHEUMATISM OR RHEUMATIC GOUT, Dr. SWEETSER'S PANACEA cannot be too highly extolled; it searches out the very root of the disease, and by moving it from the blood makes a cure certain and permanent.

FOR DISEASES OF THE BLADDER AND KIDNEYS, Strictures, Gravel, Stone, Piles, Fistula, Urinary Obstructions and Extreme Costiveness, Dr. SWEETSER'S PANACEA is the best remedy ever tried; it removes all those acrimonious humors from the blood which give rise to the above diseases, and by keeping the blood in a pure condition, insures health.

FOR DROPSY, FALLING OF THE BOWELS, Impurities of the Blood, Mercurial Taint, Weakness of the Spine, Flushing of the Head, Giddiness, Singing and Buzzing Noise in the Head and Ears, Dr. SWEETSER'S PANACEA will give certain relief; in all severe and chronic cases, the patients cannot be too often reminded that larger doses and perseverance will effect a cure.

IN CHILLS AND FEVERS, Bilious Fevers, Affections of the Eyes and Ears, Spontaneous and Bleeding Gums, Bronchitis and recent Coughs and Colds, Dr. SWEETSER'S PANACEA will be found perfectly sure and certain in its effects.

GRAVEL AND URINARY COMPLAINTS, These complaints are generally attended with the most fatal consequences, and are seldom or never cured by the present mode of treatment; they usually accompany the patient to the grave, after suffering the most excruciating pain and torture. The cause of these complaints are the same as all others, the drops of the blood become encrusted on the finest narrow passages, whence arise morbid secretions and stoppages of urine. You will find the most powerful diuretic of no use, as they only increase the quantity of urine and do not purify and strengthen it. By notifying the blood with Dr. SWEETSER'S PANACEA, you remove the cause of the disease, consequently it cannot exist any longer, after sufficient perseverance in its use has deprived the blood and body of all acrimonious humors and incrustation.

DISEASES OF THE LUNGS—CONSUMPTION, This is a very prevalent and fatal disease; it results mostly from neglected coughs, colds and bronchitis, also from improper treatment in many other cases, such as measles, fevers, inflammation, and small pox, and a host of other badly treated diseases; where the cause, instead of having been thoroughly removed from the blood and body, have only been palliated or removed from one part to break out in another. By divesting your bodies of all foul humors, through the medium of Dr. SWEETSER'S PANACEA, the cure is at once rendered certain and permanent. Collect, while there is acrimonious humors floating in the circulation, it is as apt to settle on the lungs as any other part of the body; this is the reason that consumption is so prevalent.

BILES, SORES AND ULCERS, Which you see on the exterior, come from and have their source in the interior, and might just as well have settled on your lungs, liver, or any other part; which we know they frequently do, and produce most violent inflammatory disorders. The humor which occasions these sores is of a highly acrimonious burning nature. We know it from the pain it gives in forming, and afterwards its rapidly ulcerating and corroding the flesh and skin of the part where it breaks out. This shows the necessity of frequently purifying the blood with Dr. SWEETSER'S PANACEA, and keeping such acrimonious humors in solution. Should you have a bubble of ulcer, be thankful that nature has taken a view to the comfort of travellers and the most tender of man's flesh, under any stage of humor, or rather from the blood through the agency of the stomach and digestive organs, and although other parts of the body are apparently the seat of the disease, still it is caused by the morbid impression conveyed from the blood by the nerves to that part. A few doses of Dr. SWEETSER'S PANACEA will soon assure the patient that he has the cure in his possession.

ERYSIPELAS, OR ST. ANTHONY'S FIRE, This is an inflammatory disorder, slow yet steady, and with more or less pain. It proceeds from the foul, acrimonious humors lodged in the blood and fluids, settling on the limbs and face, causing extreme pain and fever; all applications on the surface are worse than useless, as they only tend to throw the disease in some other part, and perhaps more deadly. Bleeding is likewise improper. To cure the disease you must get rid of the cause; manage to get the foul humors out of your blood, and you will be well in a day. Dr. SWEETSER'S PANACEA, a thorough purifier of the blood, will search out every impurity in the more remote parts of the body and expel it through the medium of the bowels. There is not a vein, artery, muscle or organ of the entire framework of man, that Dr. Sweetser's Panacea does not improve. To take it when you are well is to keep well; and when sick to become well.

DR. SWEETSER'S PANACEA, being composed only of a vegetable matter, or medical particles, and warranted, on oath, as containing not one particle of mercurial, mineral, or chemical substances, is found to be perfectly harmless to the most tender of man's flesh, under any stage of humor, or rather from the blood through the agency of the stomach and digestive organs, and although other parts of the body are apparently the seat of the disease, still it is caused by the morbid impression conveyed from the blood by the nerves to that part. A few doses of Dr. SWEETSER'S PANACEA will soon assure the patient that he has the cure in his possession.

RHEUMATISM, RHEUMATIC GOUT AND MERCURIAL DISEASES.

Find a safe and speedy cure in Dr. SWEETSER'S PANACEA. It cures by searching every blood vessel and artery, and driving out all impurities and foul humors accumulated therein, which is the cause of the inflammation, heat and swellings of the joints. The deleterious effects of calomel and other mineral poisons, truly paid to its sovereign influence; indeed, when its valuable properties become fully known, the use of all mineral poisons will be assigned to the rank of the Capulets, and only be thought of as a by-gone custom of the latter ages. Dr. Sweetser's Panacea is also a sure cure for dyspepsia, piles, costiveness, vertigo, headache, pain in the breast and liver complaint.

FEVER AND AGUE, Fever is always caused by a disorderly movement of the blood, struggling to free itself of something that encumbers it; in fact, every kind of fever is nothing more than a struggle between the blood and corrupt humors, and as soon as the corrupt humors are expelled, you have no more fever. When a patient with fever submits to be bled, or has his blood poisoned with mercury, it weakens his frame to such a degree that if he survives the process, it always leaves him subject to distressing chills, when 9 times out of 10 he resorts to aque pills, powders, or tonic mixture; this is going from bad to worse, as these vegetable pills, powders, &c. are nothing but mercury and quinine in disguise, which may for a time drive the disease on far into the body as not to be perceptible, but very soon it will break out again with fearful violence. To cure ague and fever, the cause of the disease must be removed out of the blood and body, which can be effectually done by using Dr. SWEETSER'S PANACEA, which purifies, cleanses and strengthens. It contains nothing that can possibly injure, and its use is always a safeguard against chills and fevers.

PILES, IN ALL CASES OF PILES, Dr. SWEETSER'S PANACEA will effect a very speedy cure. It removes from the blood, stomach and bowels, all those foul acrid burning humors, which are the cause of Piles and Costiveness; and by strengthening the digestive organs, improves every part of the entire body.

FLATULENCY AND WIND, These diseases are caused by the stomach and bowels being choked up with viscid stony matter, the air which enters them cannot escape until forced by some contraction of the stomach to expel it; hence the cause of pain. A few doses of Dr. SWEETSER'S PANACEA will convince the sufferer that relief is attained.

GREAT MEDICINE FOR CHILDREN, Parents will find the PANACEA a valuable medicine for their children, keeping their bodies in a healthy condition, thereby assisting their growth; children or grown persons, after taking it, are not liable to be attacked with an epidemic as before, as it always leaves the blood in a pure condition, and the entire system in a strengthened state; it drives out all kinds of weakness from the body and leaves all heal by within.

MARRIED LADIES, Will find Dr. SWEETSER'S PANACEA a medicine purely adapted to their use. Married ladies during the period of pregnancy are afflicted with piles, Dr. Sweetser's Panacea, by regulating the bowels, will entirely obviate this, and its purifying properties on the blood and fluids, insures to them healthy offspring. No one who is a mother should be without it, and those who are nursing will find it of great benefit to the health of their infants.

FOR BARRENNESS AND ALL DISEASES OF THE WOMB, it is without a rival in the entire history and catalogue of medicines; by its extraordinary strengthening power, it stimulates and strengthens the womb, a weakness of which is the cause of failure to have offspring.

NERVOUS DISEASES, Under this head may be classed Palpitation of the Heart, Tic Doloreux or Faciæ, Neuralgia, Indigestion, Toothache, Melancholy, Hysterics, and in fact, every disease caused by the sharp, biting acrimonious humors irritating the nerves; the nervous system receives the morbid impression from the stomach and digestive organs, and although other parts of the body are apparently the seat of the disease, still it is caused by the morbid impression conveyed from the blood by the nerves to that part. A few doses of Dr. SWEETSER'S PANACEA will soon assure the patient that he has the cure in his possession.

ERYSIPELAS, OR ST. ANTHONY'S FIRE, This is an inflammatory disorder, slow yet steady, and with more or less pain. It proceeds from the foul, acrimonious humors lodged in the blood and fluids, settling on the limbs and face, causing extreme pain and fever; all applications on the surface are worse than useless, as they only tend to throw the disease in some other part, and perhaps more deadly. DR. LE ROY'S PILLS.

Vegetable Universal Pills, The only known Medicine that at the same time purges, purifies and strengthens the system. Lenses, July 7, 1848. DR. LE ROY'S PILLS are a new medicine which has just appeared, and is fast taking the place of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, so united that they act together; the one, through its admixture with other substances, purifying and purging, while the other is strengthening the system. Thus the pills are at the same time tonic and opening; a desideratum long and eagerly sought for by medical men, but never before discovered. In other words they do the work of two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purify their strengthens; and hence they cause no debilitation, and are followed by no reaction. Dr. Le Roy's pills have a wonderful influence on the blood; they not only purify without weakening it, but they remove all noxious particles from the chyle before it is converted into blood, and thus make impure blood an utter impossibility. As there is no debilitation, so there is no nausea or sickness attending the operations of this most excellent of medicines, which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and emaciated, but the contrary; for while it is the property of the Sarsaparilla, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their united operations. Price 25 cents per box. Agents for Le Roy's Pills, J. W. FRIJING, Sunbury, JOHN YOUNG, Philadelphia, M. A. McCAY, Northumberland.

HOVER'S First Premium Writing Ink, No. 87 North Third Street, PHILADELPHIA. FROM Dr. Hare, the celebrated Professor of Chemistry in the University of Penna. "Philadelphia, Oct. 11, 1843. "Dear Sir—Having tried your Ink, I will thank you to send me another bottle, as I find it to be excellent. I am yours, truly, ROY HALL." From Dr. Locke, of Cincinnati, distinguished for his numerous scientific researches. "Medical College of Ohio, Cincinnati, January 17, 1844. Having used Mr. Hover's Writing Ink, I am satisfied that it is the best which has ever come to my knowledge, and especially it is excellent for the use of Steel Pens, and will not corrode them, even in long use. JOHN LOCKE, Prof. of Chemistry, HOVER'S ADAMANTINE CEMENT. From a well known scientific gentleman. "Philadelphia, Feb. 27, 1844. Mr. Joseph E. Hover—Sir: A use of your Cement, and some practical tests of its superiority, has induced me to recommend it to others as an invaluable article for mending China, Glass, or Cabinet Ware. CHARLES MORRIS, Analytic Chemist, &c. For sale at the Manufactory, Wholesale and Retail, No. 87 North Third Street, opposite Cherry Street, Philadelphia. JOSEPH E. HOVER, Manufacturer, May 22, 1847.—20 ly
