We copy the following from Donnovan's Adrentures in Mexico :

On the evening of May 19th, two American officers, belonging to some of the volunteer corps, attended the Cathedral, where certain services were held appertaining to the nuns at the Convent at San Francis situated in the western part of the city. The Cathedral was filled as usual, with a large crowd of the faithful. and at the conclusion of the ceremonies, when they were dispersing, two officers lingered in the church, gazing at the expensive ornamenta. As they were also in the act of retiring, a nun. who remained behind the rest of the sisterhood made a sign to the officer who was slowly following his comrade, that she desired to speak to him. Returning to the nun, a dialogue ensued in substance, as follows :--

You are an American !"

'I am, madam, and but recently from that land of Yankees."

'I presume, sir, you are a man of honor and discretion ?'

'Those qualities, added to courage, make up the composition of an American soldier.' 'Are you willing to render me an important service ?'

'You have but to command me.'

'I will not conceal from you that the service I ask from your hands, requires not only discretion, but extraordinary intrepidity. Knowing this are you still willing to sesist me?" 'Yes, I am determined.'

'Very well, when you hear the Covent bell strike twelve to night, be at the side gate : I shall be there to open it, and on your knocking three times, you shall learn what it is that I require of you. Will you be faithful to the rendezvous ?"

'I shall be faithful if I live.'

·Well, I will depend upon you, adieu !' They parted, and the officer re-joined his companion; and as they pursued their way to the American quarters, related to him all that had transpired, and asked him if he should fulfil the appointment. The other advised him to do so, by all means, and for fear of accidents offered to accompany him to the gate at the appointed hour. Supposing the affair to end in one of those innocent adventures in Mexico, and taking it for granted that the lady had been suddenly struck with his personal oppearance, the officer with his companion, repaired to the gate, according to the agreement, and upon giving the concerted signal, the entrance was opened by the nun. The chosen officer entered, without the least apprehension of fear, and was raluted by the nun.

You are truly a man of courage and honor, and are entitled to my warmest gratitude."

After conducting him to her cell, where a lamp was burning, she politely invited him to sit down, and producing two bottles, requested him to take a glass of wine with her-a request which a man and a soldier is not apt to treat with indifference. Filling him a glass out of one bottle, she took a little herself out of the to go to the opposite side of the bed from herself. The officer, still innocent obeyed, when the nun addressed him :

'Well, we are all alone-is my door boltedlook !

And at the same instant, to his horror and amazement, she discovered to him the dead body of a Monk, whose clothes were stiff and matted with blood while she continued:

'The favor I require is that you take this body on your shoulders and convey it beyond the gates of the first court. Obey instantly, or your life shall be in peril, for if you attempt to escape I will shoot you through the head. I know, she added, 'my own life will be the forfeit, for after dispatching you I have a poniard for myself-the same with which I stabbed that miserable Monk.

Seeing no other means of escape, the officer took up the body; and accompanied by the non. who carried a dark lantern, proceeded to the gate by which he had entered, and on issuing from it, threw down his horrible burden at the feet of his comrade, who was waiting to enjoy at what they both supposed would terminate in a love intrigue.

After recounting to his friend the almost incredible adventure in which he had been engaged, they both resolved to communicate the circumstances to Gen. Worth in person; but they had proceeded only a short distance from the Convent when the officer who had brought out the body, began to complain of the most violent and excruciating pains. He soon fell upon the pavement and expired.

BOUND TO COME OFF .- The Pittsburg Mercury tells the following good one :-

Somewhere in the West, a sable knight of the lather and brush was performing the operation of shaving a homier with a very dull rezor. 'Stop !' said the hoosier, 'that won't do.'

'What's de matta, boss !' "That rezor pulle."

Well, no matta for dat, sah. If de handle of de rezor don't break, de beard's bound to cum

"Some robbers having broke into a gentleman's house they went to the footman's bed, and told him, if he moved he was a dead man. That's a d-d lie, cried the fellow, if I move I am sure I am alive."

KEARNEY,- Master, Tom Benton's making faces at me !"

Master .- 'Tom Benton, did you make faces at I'bil Kearney !"

Under 5's Ben - Yes, sir, but he made faces at Bill Fremont t'tother day."

DR. SWEETSER'S PADAGEA.

THIS Medicine is werranted, on oath, not to contain a particle of Oalomel, Corrosive Sub-limete, Arsenic, Chloride of Gold, or any deletetous minerals.

The principle upon which this Medicine acts, is by assisting and harmonising with nature; it drives out all foul scrimonious humors from the blood and body, and by assimilating with and strengthening the gestric juice of the stomach, it ry, muscle or nerve in the human body, that is not strengthened by the PANACEA, and it also possesses the remarkable property of removing mercury from the hones and joints.

FOR ERUPTIONS OF THE SKIN. Scurvy, Scorbatic Affections, Tumors, Scrafula or Kings' Evi , White Swellings, Erysipelas, Ulcers, Cancers, Running Scree, Scahs and Biles, time and a determined perseverance in D. SWEET BER'S PANACEA, will effect a cure.

FOR INDIGESTION.

Rejection of food, Nausea, Vomitings, Nervous offections, Billions complaints, Head ache, Palences, or Female Irregularities, Dr. SWEETSER'S PA-NACEA will soon effect a cure : but if obstinate or attended with griping, flying pains, the dose should be increased, and the cure will soon be effected. Let not the patients frighten themselves with the idea that they are too weak to take much medicine; but beer in mind that this mi'dly operating med cine put not weakness into the frame, but most certainly draws weakness out, leaves strength in its place, and by giving composed sleep at night, and an appetite to reliah any food, re-animates the whole frame wib vigorous action, clearing the mind and improving the sight.

SCROPULA AND GLANDULAR AFFEC-

Scrofula is said to be heriditary, the infant re ceiving from its parents the seeds of this disease which increases with its years, if neglected and not submitted to frequent purification with Dr. SWEETSER'S PANACEA. The glands are placed in the corners of the body, and out of the way of direct communication ; their real use is a subject on which much difference of opinion prevails; it suffices us to know that when in a diseased state, they are capable of being purified and cleaned by ong course of Dr. SWEETSER'S PANA CEA, which restores them to sound and proper action. Scroful us persons can never pay too much attention to their blood, its purification should be their first thought, for after a long course of perseverance, they will ever cure hereditary disease.

In cases of JAUNDICE, ASTHMA, LIVER COMPLAINTS, TIC DOLOREUX RHEU MATISM OR RHEUMATIC GOUT, Dr. SWEETSER'S PANACEA cannot be too high ly extolled; it searches out the very root of the discase, and by removing it from the Blood makes

a cure certain and perm ment.
For discusses of the Bladder and Kidneys, Strictures, Gravel, Stone, Piles, Fistula, Uringry Obstructions and Extreme Custiveness Dr. SWEET-SER'S PANCEA is the best remedy ever tred; it removes all those acrimonious humors from the Blood which give rise to the above diseases, and by keeping the blood in a pure condition, insures

For DROPSY, FALLING OF THE BOWELS, Impurities of the Blood, Mercurial Taint, Weak-ness of the Spine Plum of Blood to the Head Giddiness, Singing and Buzzing Noise in the Head and Ears, Dr. SWEETSER'S PANACEA will give certain relief; in all severe and chronic cases, the patients cannot be too often reminded that las ger doses and perseverance will effect a cure.

In Chills and Fevers, Bilious Fevers, Affections of the Eyes and Ears, Spongy and Bleeding

closed Dr. SWEETSER'S PANACEA will be found erfectly sure and certain in its effects

> GRAVEL AND URINARY COMPLAINTS. Those complaints are generally attended with the most fatal consequences, and are seldom or ne. ver cured by the present mode of treatment; they usually accompany the patient to the grave, after suffering the most excruciating pain and torture. The cause of these complaints are the same as all others, the dross of the blood becomes encrusted on the finest narrow passages, whence are morbid secretions and stoppages of urine. You will find the most powerful dureties of no use, as they only increase the quantity of urine and do not purify and strengthen the parts. By purifying the blood with Dr. SWEETSER'S PANACEA, you re

move the cause of the disease, consequently it can-not exist any longer, after sufficient perseverance

in its use has deprived the blood and body of all acrimonious humors and incrustation.

DISEASES OF THE LUNGS-CONSUMPTION. This is a very prevalent and fatal disease; it results mostly from neglected coughs, colds and bronchitis, also from improper treatment in many other cases, such as measles, fevers, inflammations and small pox, and a host of other badly treated diseases; where the cause, instead of having been thoroughly removed from the blood and body, have only been pallisted or removed from one part to break out in another. By divesting your bodies of all foul humora, through the medium of Dr. SWEETSER'S PANACEA, the cure is at once rendered certain and permanent. Recollect, while there is acrimo nious humors floating in the circulation, it is as apt to settle on the lungs as any other part of the body ; this is the reason that consumption is so prevalent

BILES, SORES AND ULCERS. Which you see on the exterior, come from and have their source in, the interior, and might just as well have rettled on your lungs, liver, or any other part; which we know they frequently do, and produce most violent inflammatory disorders. humor which occasions these sores is of a highly acrimonions burning nature. We know it from the pain it gives in forming, and afterwards its rapidly ulcerating and corroding the flesh and skin of the part where it breaks out. This shows the necessity of frequently purifying the blood with Dr. SWEETSER'S PANACEA, and keeping such malignent humors in subjection. Should you have a bile or ulcer, be thankful that nature has taken trouble to warn you of the danger your life and bo dy is in, for it is a warning that the blood is foul. Had this same acrimony selected the lungs in tead of the surface of your body for its seat, consumption of the lungs would have been the consequence. Delay not then, to purify and cleanes with Dr. Sweeteer's Panacea.

SPINE DISEASE. Spinal effections, enlargement of the bones an joints, white swellings, hip joint complaint, rupfind a speedy ours in Dr. SWEETNER'S PA-NACEA. Where the disease has been of long standing, the time required to make a cure will be longer; but the patient may rest assured that a determined perseverance will effect it.

BRONCHITIS, ASTHMA AND DISEASE OF THE WINDPIPE.

These diseases proceed from the seriosity or corrupt humors of the blood, having settled itself on the throat and lungs, and stopped them up, so that they cannot draw sufficient air in for respiration. Dr. SWEETSER'S PANACEA will give immedisto reflef, and to make the cure perfect and our

tain, it should be continued some time after, to free the system of all bad humore.

RHEUMATISM, RHEUMATIC GOUT AND MERCURIAL DISEASES Find a safe and speedy ours in Dr. SWEET-SER'S PANACEA. It curre by searching every blood vessel and artery, and driving out all impu-rities and foul humore accumulated therein, which is the cause of th umation, gout and swellings of the joints. The deterous effects of calomel and other mineral poisons, r-alily yield to its sovereign influence; indeed, when its valuable properties be come fully known, the use of all miner I poison wil be consigned to the tomb of all the Cap only be thought of as a by-gone custom of the darker ages. Dr. Sweetser's Panacea is also a sure cure for dyspepeia, piles, costiveness, vertigo, head-ache, pain in the breast and liver complaint.

FEVER AND AGUE.

Perer is always caused by a disorderly move ment of the blood, struggling to free itself o thing that encumbers it; in fact, every kind of fever is nothing more than a struggle between the blood and corrupt humors, and as soon as the corrapt humars are expelled, you have no more fever. When a patient with fever submits to be bled, or have his blood poisoned with mercury, it weakens his frame to such a degree that if he survives the process, it always leaves him subject to distressing chills, when 9 times out of 10 he resorts to ague pills, powders, or tonic mixtures; this is going from had to worse, as these vegetable pills, powders, &c. are nothing but mercury and quinine in disgutee, which may for a time drive the disease so far into the body so not to be perceptible, but very soon it will breek out again with fearful violence. To cure ague and fever, the cause of the disease must be removed out of the blood and body, which can be efretually done by using Dr. SWEETSER'S PA-NACEA, which purifies, cleanses and strengthens. It contains nothing that can possibly injure, and its use is always a safeguard against chills and fevers.

PILES. In ALL CASES OF PILES, Dr. SWEETSER'S PANACEA will effect a very speedy cure. It re-moves from the blood, stomach and bowels, all hose foul scrid burning humors, which are the cause of l'iles and Costivenes, and by strengthening the digestive organs, improves every part of the entire body.

FLATULENCY AND WIND. These diseases are cau ed by the stomach and owels being choked up with viscial slimy matter, be air which enters them cannot e-cape until forced by some contraction of the comach to expel it. bence the cause of pain. A few doses of Dr. SWEETSER'S PANACEA will convince the ufferer that relief is attained

GREAT MEDICINE FOR CHILDREN. Parents will find the PANACEA a valuable nedicine for their children, keeping their bodies in healthy condition, thereby assisting their g owth; children or grown persons, after taking it, are not iable to be attacked with an epidemic as before, as it always leaves the blood in a pure condition, and the . ntire system in a strengthened state; it drives out all kinds of weskness from the body and leaves

all heal by within. — LADIES : Will find Dr. SWE ISER'S PANACEA a medicine purely adapted to their use. Most ladies during the period of pregnancy are afflicted with piles. Dr. Sweetser's Panaces, by regulating the bowels, will entirely obvious this, and its purifying proper-ties on the blood and fluids, insures to them healthy off-pring. No one who is a mother should be without it, and those who are nursing will find it of great benefit to the health of their infants.

For barrenness and all diseases of the womb, it without a rival in the entire history and catalogue of medicines; by its extraordinary strengthening power, it stimulates and strengthens the womb, s weakness of which is the cause of failure to have

offspring. NERVOUS DISEASES

Under this head may be classed Palpitation of he Heart, Tic Doloreaux or Faceache, Neuralgia, Indigestion, Toothache, Melancholy, Hysterics, and in fact, every disease caused by the sharp, biting. acrimonious humors irritating the nerves; the nerves receive the morbid impression from the sto-mach, or rather from the blood through the agency of the stomach and dige-tive organs, and although other parts of the body are apparently the seat of the disease, still it is caused by the morbid impression conveyed from the blood by the nerves, to that part. A few doses of Dr. SWEETSER'S PA-NACEA will soon assure the patient that he has he cure in his possession

ERYSIPELAS, on ST. ANTHONY'S FIRE. This is an inflammatory disorder, always attended with more or less pain. It proceeds from the foul, acrimonious humors lodged in the blood and fluids, settling on the limbs and face, causing extreme pain and fevers; all applications on the surface are worse than useless, as they only tend to brow the disease in some other part, and perhaps cause death. Bleeding is likewise improper. To cure the disease you must get rid of the cause; on ly manage to get the foul humors out of your blood send you will be well in a day. Dr. SWEETblood, will search out every impurity in the more remote parts of the body and expel it through the medium of the bowels. There is not a vein, artery, muscle or organ of the entire framework of man, that Dr. Sweetser's Panacea does not improve. To take it when you are well is to keep well; and when sick to become well.

DR. SWEETSER'S PANACEA, being com posed only of a vegetable matter, or medical nerbe and warranted, on oath, as containing not one particle of mercurial, mineral, or chimical substances is found to be perfectly barmless to the most tender age, or the weakest frame, under any stage of human suffering; the most pleasant and benign in its of eration that was ever offered to the world; and at the same time the most certain in searching out the root of any complaint, however deep, and of

DIR. ED IROTTOR Vegetable Universal Pills. The only known Medicine that at the same time purges purifies and strengthens the system.

Lexbox, July 7, 1846. DR LE ROY'S Pills are a new medicine which has just appeated, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Saresparille and Wild Cherry, so united that they act together; the one through its admixture with other substances, purifying and purging, while the other is strengthen-ing the system. Thus those pills are at the same time tonic and opening; a desideratum long and eagerly sought for by medical men, but never before discovered. In other words they do the work of two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strengthen; and hence they cause no debilitation, and are followed by no re-action. Dr Le Roy's pills have a wonderful influence on the blood; they not only purify without weakening it but they remove all unixious particles from the chyle before it is converted into fluid, and thus make impure blood an utter impos-ibility. As there is no debilitation, so there is no nauses or sickness attending the operations of this most excellent of me-dicines, which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and emociated, but the contrary; for while it is the property of the Saran-parille, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and bence a robust state of health is the certain result of their united opera-

TRAT BREADFUL COUGH! THE LUNGS ARE IN DAN-GER, THE WORE OF THE DESTROYER HAS BEEN BIGCY, THE COUGH OF CONSUMPTION HATH IT IT A SOUND OF DEATH.

RE YOU A MOTHER! Your darling child, your idol and earthly joy, is now perhaps fined to her chamber by a dangerous cold—her pale checks, her thin shrunken fingers, tell the hold di-ease has already gained upon her—the sound of her sepulchral cough pierces your soul. YOUNG MAN, when just about to enter life,

disease sheds a heart crushing blight over the fair prospects of the future-your heetic cough and feeble limbs tell of your loss and hope, but you need not despair. There is a balm which will heal the wounded lungs, it is

SHERMAN'S ALL-HEALING BALSAM.

Mrs. ATTREE, the wife of Wm. H. Attree. Esq. was given up by Dr. Sewall of Washington, Drs. Roe and McClellan of Philad-libia, Dr. Roe and Dr. Mott of New York. Her friends all thought she must die. She had every appearance of being in consumption, and was so pronounced by her physicians-Sherman's Balsam was given

Mrs. GARRABRANTZ, of Boll's Perry, was also cured of consumption by this Balsam when all other remedies failed to give relief—she was reduced to a skeleton, Dr. A. C. Castle, Dentist, 281 Broadway, has witnessed its effects in several cases where no other medicine afforded relief-but the Balsam operated like a charm. Dr. C. also witnessed its wonderful effects in caring Asthms. which it never fails of doing. Spitting Blood, slarming as it may be, is effectually cured by this Balsam. It heals the raptured or wounded blood vessels and makes the longs sound again.

Rev. HENRY JONES, 108 Eighth avenue, was cured of cough and catarrhal affictions of 50 years standing. The first dose gave him more relief than all the other medicine he had ever taken. Dr. L. J. Bests, 19 Delancy street, gave it to a sister-in-law who was laboring under consumption, and to another sorely afflicted with the Asthma In both cases, its effects were immediate, soon restoring them to comfortable health.

Mrs. LUCRETIA WELLS, 95 Christie street suffered from Asthma 42 years. Sherman's Bal sam relieved her at once, and she is comparatively well, being enabled to subdue every attack by timely use of this medicine. This indeed is th great remedy for Coughs, Colds, Spitting Blow Liver Complaints, and all the aff ctions of th throat, and even Asthma and Consumption.

Price 25 cents and \$1 per bottle. Dr. Sherman's Cough and Worm Lozenges, an Poor Man's Plaster sold as above. Dr. Sherman's office is at 106 Nassau st. N. ) Agents, JOHN YOUNG, Sunbury.
