

FOR GOVERNOR. HON. HESTER CLYMER, OF BERKS COUNTY.

Soldiers' Convention. As we stated in our last, the Pittsburg Soldiers' Convention was intended to humbug the honest voters into the support of the Abolition-anti-Johnson candidate for Governor.

The same complaint is apparent in the scattered lesser lights of conservatism in the country. And so far as we are concerned, and so far as we are enabled to judge, from the spirit and language of the entire Democratic press of the country, we can assure the Conservatives that no such trick or artifice, and unequal and unreasonable propositions will be acceded to, or countenanced by the Democratic party.

True, Mahomet went to the mountain, but the mountain didn't go to Mahomet, as the Conservatives in this case inconsistently demand. It is a gross insult to the Democracy to ask them to do so base and destructive an act as to wander from their platform of patriotic principles, in order to join hands with a petty party of Conservatives, who only withdrew from the Radicals because they failed to get their corn from the public crib.

The real design was too visible to entrap the soldier who had any regard for himself—"fought for the Union"—and supports the President.

Executive Clemency. The disunionists are cursing President JOHNSON for his extensive use of the pardoning power. We understand that an individual of this place, who endeavors to palm himself off as a conservative JOHNSON man, swore it was too bad that JOHNSON was pardoning every d-d rebel that asked it, and that he ought to be deprived of that power.

The Fourth of July. We notice that many of our exchanges are already agitating the question of celebrating this our great national holiday.

The Tax on Bank Notes.—So many incorrect statements in reference to the ten per cent. tax on banks organized under State laws, are traversing the newspapers, that it may be worth while to correct them. The law of Congress (March 3, 1865) reads as follows:

SEC. 6. And be it further enacted, That every National Banking Association, State Bank, or State Banking Association, shall pay a tax of ten per cent. on the amount of notes of any State Bank or State Banking Association paid out by them, after the first day of July 1866.

By order of the State Central Committee, there will be a Mass Convention of the friends of JOHNSON and CLYMER, held in the city of Reading, on Wednesday, the 18th of July next.

An Unreasonable Demand.

The few Conservative newspapers throughout the country are continually alleging, that the leaders of the Democratic party show a hollowness of heart in still exerting themselves to maintain intact the Democratic organization.

The same complaint is apparent in the scattered lesser lights of conservatism in the country. And so far as we are concerned, and so far as we are enabled to judge, from the spirit and language of the entire Democratic press of the country, we can assure the Conservatives that no such trick or artifice, and unequal and unreasonable propositions will be acceded to, or countenanced by the Democratic party.

A bad Example.

It appears that the Presbyterian divines, who lately assembled at St. Louis, convened for the sole purpose of fighting a battle of "loyalty."

The Disfranchising Law.

The Legislature passed an Act, last winter, near the close of the session, by a party vote, disfranchising all men who were drafted into the military service and failed to report, in this State, or all who deserted the army under whatever circumstances.

Trial of Jefferson Davis.

We deem it a favor to the reputation of the partialist, Judge UNDERWOOD, who presided at the Court in Richmond, on the 6th inst., which convened for the purpose of trying JEFFERSON DAVIS for the several charges preferred against him, not to publish his charge to the Grand Jury, which consisted of angry appeals biased to one party and totally inclined to favor one side of the question.
