

At a meeting of the Congressional Conference of the counties of Bradford, Columbia, Montour, Sullivan and Wyoming, composing the 13th Congressional District of Pennsylvania, held in Bloomsburg, on Thursday, the 6th inst., the following gentlemen were present: BRADFORD.—C. S. Russell, Edward Herick, Jr.

COLUMBIA.—John McReynolds, E. R. Kleber. MONTOUR.—John W. Miles, Jesse C. Ammerman.

SULLIVAN.—George D. Jackson, James Deegan. WYOMING.—Robert R. Little, C. D. Gearhart.

On motion, Hon. John McReynolds, of Columbia, was appointed President, and C. S. Russell, of Bradford, was chosen Secretary.

On motion of John W. Miles, of Montour, the Hon. WILLIAM ELWELL, of Columbia, was unanimously nominated as a candidate for Congress.

On motion of George D. Jackson, a committee of two was appointed by the Chair, to wait upon Mr. ELWELL and inform him of his nomination, and request his acceptance of the same.

Messrs. Jackson and Deegan were appointed said committee.

On motion of Mr. Herick, the Conference unanimously adopted the resolutions and address of the National Union Convention held at Philadelphia, on the 14th of August last.

At this moment the Committee, appointed to inform Mr. ELWELL of his nomination, returned with that gentleman, who, in a few pointed and brief remarks, accepted the nomination.

On motion, it was resolved that the next Congressional Conference meet at Danville, on the Thursday following the first Monday in September, 1868.

On motion, the proceedings were ordered to be published in all the Democratic and Conservative papers in the District.

JOHN McREYNOLDS, President. C. S. RUSSELL, Sec'y.

Republicans, Stand Up! Why don't you laugh—smile—talk—say something, if it is not so all right smart? Gracious, but you fellows are busy about now!

Johnson is your President. God gave him to you. You selected him, elected him! Oh, but you are a wet set of roosters! Well never mind! We shan't hurt you! We won't mob you—prison you—hang you—abuse you—harrass you in business—malign you—insult you—rob you and use you as you look for five years used to you. You needn't look scary like when you see a rope, a prison or a gun!

Get out the Wide Awakes. Call out the Legal League! Get up some Geary Fair! Appoint a few Brigadier Generals. Raise some colored troops. Turn your prayer meetings into electioneering booths.

Control the telegraph. Lie to the nation. Open your mouths—guffaw when the President speaks. Be social. Don't act like wandering groups from a grand funeral procession. Why you looked pleasantly good, joy struck, happy, angelic, when Lincoln died, compared to the way you look now! Poor Republicans—how dreadfully grief wears on you!

TRAD. STEVENS! NEGRO EQUALITY! Black! Black!! Black!!!

Thad. Stevens, A. K. M'Clure, J. W. Forney, and John Williamson, are making speeches, and each one of them declare NEGRO SUFFRAGE and PERFECT EQUALITY to be the issue.

Old Thad. said: "The Negro is the issue. Germans, Irishmen, and Africans, were all equal. So long as I live I will maintain this doctrine."

MERCUR holds the same doctrine, and is now asking your votes that he may be returned to Congress to further legislate for the black man, to the disadvantage of the WHITE LABORERS.

M'Clure said he would never agree to the restoration of the Union, UNTIL THE SOUTHERN PEOPLE PUT THEIR NEGROES UPON A PERFECT EQUALITY WITH THEMSELVES. Williamson said: "A NEGRO HAS AS MUCH RIGHT TO VOTE AS AN IRISHMAN AND MORE."

Now, here is the doctrine of the Radicals. Republicans cannot deny this. We can prove it by a hundred witnesses. In the name of Heaven, can any decent man endorse it?

—Erelets, that cost but eighteen cents a thousand to manufacture, are consumed to an enormous extent in this country, it being estimated that over 4,000,000 worth, or at least two hundred millions of them, are annually used for skirts, sheets, cloths, &c.

—A correspondent of a foreign journal writes from Valencia, that from daylight till two o'clock in the afternoon the cable is usually worked with great difficulty, but after that time grows easier and more rapid until dark. During the night the cable works easiest and best. This phenomenon has been noticed upon land telegraph lines, but no satisfactory reason appears yet to have been given for it.

MARK THURGOOD. Present, the Republican approaches the Democrat with a good deal of politeness and complacency—every mark of respect is bestowed upon those whom he thinks he can deceive to vote his ticket. He is a fine fellow now, a good farmer, a good mechanic, an industrious laborer, and a useful citizen and all that sort of praise lavished upon him, because he wants his vote. But few days ago, when they had a mere machine for President who would play the tyrant for them at his bidding, and an army to sustain them, how were Democrats then approached and treated? You are a copperhead, a traitor, a southern sympathizer, I'll have you arrested, and imprisoned, and your property confiscated, and thousands of instances of this sort are literally executed. We apprehend the Abolition futility will do them very little good—the Democrats are too well acquainted with their crocodile tears.

Fowler & Wells, N. Y.

Prod Douglas, the well-known gabbling mulatto, was elected a delegate from the State of New York to the Disunion Convention, which met in Philadelphia on Monday last. Horace Greeley says he is rejoiced at this, and declares that his friends are not only willing but anxious to have "lovel niggers" in their conventions. We are rejoiced at it too, gentlemen; let there be no hypocrisy among your ranks. But Fred is proud nigger, and don't like to lower his dignity, and the Rads should be careful, or the "colored gemmen" of the Convention may secede and start a "loyal convention" on their own hook.

Proclamation

WHEREAS the duty of the Sheriff of every county to give notice of the General Election, by publication in one or more newspapers of the county, at least twenty days before the election, and to enunciate therein the order of the election, to designate the place where the election is to be held, and to designate the persons qualified to vote thereat, is a duty which is imposed upon him by the Constitution of this State, and which he is bound to perform, and he is hereby notified that he is to perform the same on or before the 15th day of September next, at the public house of Christian Shuman & Son, in the town of Benton.

Senator Goddard declared he would "not commend any man who do any honor to an individual who had reached an infamous reputation." He was opposed to Mr. Johnson's name being mentioned, as "he did not desire, by the mention of that individual's name, to stir up the dangerous passions of the outraged Union men of the Western part of the State. They hate that man."

The New York Tribune speaks of the Democratic papers as "hired presses," "purchased journalists," "dummy dogs of free trade," "political liars," "rascally pettifoggers," &c.

We might fill a column or two with Radical evidences of spleen, all prophetic of a sinking cause. No party that does not feel that it is doomed ever resorts to such indignities. Lawyer Galloway, of Columbus, Ohio, assures us, however, that the Radical party is the party of "Christianity," and as he is stamping Ohio, Indiana and Pennsylvania for the party, and paid for it, he should be good authority. But what a singular Christianity!
