We will thank our readers for all local no ances in their immediate localities. If they do not gire to write a communication for the public eye let them send us a brief statement of everything of aterest in their respective communities. A list of ages, deuths, accidents, fires, removals, busimore facts of this kind we can get the better it will suit us and our readers. Who will do it? To Apventusens,-Persons wishing advertisements

L. or HEMLOCK.—Yes, sir, we are aware that a man by the name of Little was in your Township putting down names for the new paper, which has not yet made its appearance. There is no trouble to get subscribers after his fashion, but there will be trouble to hold them as such and collect pay from them. Quite a number of the persons whose name e placed on his subscription paper, have nee subscribed for the DEMOCRAT AND

Hon. George M. Hollenback, President of the Wyoming National Bank, at Wilkesbarre, died on Wednesday morning, of last week, in the office of E. P. Darling, Eeq., in a fit of apoplexy. He leaves a very large estate, heavier, probably, than that of any other man in Luzerne County. He was in the 76th year of his age.

Some persons seem to live upon tellthey prosper exceedingly well upon it; but truth eventually overtakes them and ruins lowing is extracted: their occupation. We have several individuals in this town, sorry to say it, who seem lies the chief part of their profession. Shall we name them?

The Pipe-layers, who want to divide the Democratic Party, in Columbia County, have not yet, so far as we have learned, bought out the Columbian. That "mercheene" still drags its slow length along. Altho' it is Copper-bottomed, it is not ironclad -not having sufficient Democracy about it to suit even the vitiated taste of the few dissatisfied gentlemen who want to start a

As everybody in Bloomsburg knows, Capt. Moore, of the Columbian, is a gentleman; but he should not allow such blasphemy as appeared in his last paper, and to which we have called attention, elsewhere, in our present issue, under the head of "BLASPHEMY." As for Dr. John, of the Republican, his sentiments on the subject of Christianity are well known, and nothing better could be expected from a paper published by him. The Columbian should be more choice in the selection of its company.

We notice in the late Berwick Gazette an account of the death of a young col-ored woman by the name of Leah Ann Piting Up of Casting and Machines, and in short, all kinds of Farming Ut-nsils. ALSO, TURNING AND FITING UP OF CASTING AND MACHINERY, Branch, of that piece, by drowning. It seems that she went to get a bucket of water from a spring situated near the canal, and through some cause, it is supposed she fell their work. from a flight of steps, which descend the bank leading to the spring, into the canal and was drewned before assistance could be rendered. The body was found but a short distance from the place where she fell in the water. She was married the day before her sudden and unexpected death, to one Mr. Branch. She was a daughter of Thomas

Our friends throughout the county will please accept our thanks for the interest they are taking in increasing the subscription list to the DEMOCRAT AND STAR. We have a fine circulation, second to none outside of the cities. The long winter evenings are close at hand, when every family should take their local paper, to assist in passing the time, and thereby receive agreeable and profitable information. It will cost them but a trifle-four cents a week-and stoften happens that one single number contains someig of more value to the subscriber than the price of a year's paper. FOUR CHILDREN AT ONE BIRTH.-The Zanesville (Ohio) Courier says: "We are informed that Mrs. Elizabeth Spankle, a widow lady, resident of Brush Creek township, this county, last week gave birth to four living children."

A RICH WHEAT COUNTY .- The Fon du Lac (Wisconsin) Reporter says that in 1865 Fon du Lac County produced 852,378 bushels oats, 524,328 bushels corn, 285,250 bushels potatoes, 40,447 bushels apples. The average yield of wheat was about 164 bushels to the acre.

Collision.-On Monday night, as Richard Hullihen's carriage was returning home, it was struck by a locomotive at the Mill Street crossing. One of the horses, a very valuable animal, was killed, and the carriage was left a perfect wreck. None of those in the carriage were hurt. Young Hullihen v is caught on the cow-catcher and carried some distance. -- Montour American.

The editor of the Republican of this place would have his readers believe that he feels jubilant over what he calls "the strife" between the Pipe-layers and the - Brigade. The truth is, he looks upon the Pipe-layers with a good deal of suspicion for the effect of the new paper-the second edition of the Columbian-will be more seriously felt by him. The new paper may be more mongrelized and penetrate and scayour ranks at a fearful rate. It's well enough for you to keep up a big noise, for you are soon to enter the woods.

We are informed that the malcontents, of this place, or in other and more appropriate words, the office-seekers from the Tabernacle, who contemplate the starting of a new paper, at the County Seat, one that will display a huge quantity of brain and a superior quality of wisdom, are about to offer premiums to each and every subseri-Henry Rosenstock, Photographer, of ber. AND BEAUTIFFING THE COMPLEXION.

NOT A FEW of the worst disorders that afflict mankind arise from the corruption that accumulates in the Blood. Of all the discoverice that have been made to purge it out, none cou equal in effect HELMBOLD'S COMPOUND EXPRACT OF SAIS EAPARILLA. It cleanses and renovates the Blood, forth a the vigor of health into the system, and purpes out the homors which make disease. It stimulates the healthy functions of the body, and expels the disorders that grow and rankie in the blood. Such a remody that could be relied on has long been sought for, and now, for the first time the public have one on which they can depend. Our space here does not admit of certificates to show its effects but the trial of a single bottle will show to the sick that has its virtues surpassing anything they have over taken. Two tablespoonsful of the Extract of Sarasparilla added to a pint of water is equal to the Lisbon Dict Drink, and

one bottle is fully equal to a gallon of the Syrup of Sarsaparilla, or the decection as usually made.

HELMBOLD'S ROSE WASH, An excellent Lotion for diseases arising from babits of

dissipation, used in connection with the Extracts Buchu and Sarsaparilla, in such diseases as recommended. Lvfdence of the most responsible and reliable character will accompany the medicines. Also explicit directions for use, with hundreds of thomands Aving witnesses, and upwards of 20,000 unsolicited certificates and recommendatory letters, many of which are from the highest sources. including eminent Physicians, Clergymen, Statesmen, &c. The Proprietor has never resorted to their publication in the newspapers; he does not do this from the fact that his articles rank as Standard Preparations, and do not need to be propped up by certificates. The Science of Medicine, like the Dorle Column, should

stand simple, pure, majestic, having Fact for its basis,

Induction for its pillar, and Truth alone for its Capital;

My Extract Sarsaparilla is a Blood Purifier ; my Extract
