RELIEF IN TEN MINUTES. Bryan's Pulmonic Wafers.

The original Medicine established in 1837, and restarticle of the kind ever introduced under the ame of "Putneme Warsts," in this or any other suntry; all other Pulmonic Wafers are counterfeits. The genuine can be known by the name BRYAN be-og stamped on each Wafer. These Wafers have been before the public for nearly birty Years and the immense sale atta ned, act only America but in foreign countries, fully attest their trinsic worth. The medical properties are superior any other article offered for the cure of Pulmonary e Bronchial affections, and the quantity contained in ach box is nearly double that of the many worthless mitations advertised.

Bryan's Pulmonic Wafers

RELIEF IN TEN MINUTES.

To Vocalists and Public Spcakers, the Wafers are pecaliarly valuable; they will m one day remove the most severe occasional boarseness; and their regular use for a few days will at all times, increase the pow-er and floxibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists The very great celebrity of this valuable remedy has incnced unprincipled persons to prepare base imita-tions, which disappoint the just expectations of the purphaser, and injure the character of the genuine medicine.

It is conceded that the altern tive, resolvent, or tonic effects of lodine are exert. ed most decidedly when associated with other alter-atives, in combination; and the Sarsapariila seems in this place, where he invites his old friends and customers to call and partake of his refreshments.to folfill perfectly all the favorable requisitions. The first effect usually observed when "SARSAPARILLA WITH IODIDE OF LIME"

istaken, is an increase of appetite showing that it has tonic properties of a marked character. Its al-terative effects are manifest in its ready combina-tion with the blood and tissues. Pale, scrofulous women and children improve rapidly under its use and the vital functions assume a healthy condition. It is admirably adapted to a large number of chron-ic or neute aff-ctions peculiar to children. It is suit-ed to them both by the mildness and efficiency of medicinal effect and the pleasant, attractive form of not surpassed in this place , viz.
