LOCAL DEPARTMENT

BLOOMSBURG : Wednesday, January 2, 1867. Wa will thank our renders for all local occurrences in their immediate localities. If they so not decire to write a communication for the public eye, let them send us a brief statement of everything of in terest in their respective communities. A list of narringns, deaths, socidents, fires, removals, busi-sess changes, &c. We will put them in form. The more facts of this kind we can get the better it will

suit us and our readers. Who will do it I To Asventisens - Persons wishing advertisements nserted, must hand them in early on Tuesday mornng to insure their insertion for that week.

One evening last week Matthew Wynkoop's horse was taken out of the stable at this place, and in the morning was found running about upon our streets. The stable-door is said to have been fastened both inside and out. The query is, what was the horse taken out for and by whom? It is a valuable horse, therefore it is reasonable to suppose that the animal was not taken out of the stable with the intention of stealing it. It is a practice that has been carried on for some time in this neighborhood, and means should be devised to put a stop to it.

NEW HARDWARE STORE. - We would direct the attention of our readers to the advertisement in this paper of CHAS. W. SNYDER'S new hardware store, on Main Street, this place. This is an institution, heretofore, much needed in this town and county. Our people were obliged, in many instances, to send or go a great distance, and thus subject themselves to much inconvenience, to procure the most trifling article. It matters not what it is, anything commonly found in first-class stores of this kind, can be purchased; cheap for cash, at Mr. SNY-DER's establishment. For a slight enumeration of articles, read his advertisement.

The Columbia County Teachers' Institute, held at this place, on last week, was a success. The whole number of Teachers in the county was not in attendance, although there was a sufficient number present, who felt an interest in the cause of education, to make the exercises both interesting and instructive. Profs. Carver, Walker, Forsyth and Sup't Barkley, delivered some very interesting and practical addresses on educational subjects generally. The energetic young men of this town have established an Academy of Natural Science, occupying the upper room in the rear of the old Arcade building, on Main Street. We stepped in, a few days since, and was utterly astonished to find so complete, large and interesting collection of cuonities, together with many skins of different animals, stuffed to such perfection, that they really exhibited a life-like appearance rarely seen in like Academies. It is truly a place to spend an interesting hour. The managers respectfully invite from all parties in the county such articles as may add to the interest of the Academy.

DR. SCHENCK'S PULMONIC SYRUP.

This great medicine cured Dr. J. H. Schenon, the Proprietor, of Pulmonary Consumption, when is had assumed its most formidable aspect, and when speed, death appeared to be inevitable. His physicians pronounced his case incurable when he commeaced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds. Since his recovery, he has devoted his attention exclusively to the cure of Consumption and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Scupper makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is traly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. SCHENCE'S PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS are generally all regard in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. Sourson, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his les is three dollers.

GENTS WANTED FOR THE PICTORIAL BOOK

Of ANECDOTES AND INCIDENTS of the rebellion There is a certain portion of the warthat will never go into the regular histories, nor be embodied in romance or pactry which is a very real part of it, and will, if preserved, convey to succeeding generations a better idea of the spirit of the conflict than many dry reports or careful narratives of events, and this dry reports or careful narratives of events, and this part may be called the gossip, the fun, the pathos of the war. This illustrates the character of the leaders, the humor of the soldiers, the devotion of women, the bravecy of men, the pluck of our heroes, the romance and hardships of the service.

The volume is profusely illustrated with over 300 engravings by the first artists, which are really beautiful.

worthy of examination as specimens of the art. Many of them are set into the nody of the text, after the copular style of Lossing's Priorial Field Book of the Revolution. The book's contents include reminiscences of camp, picket, spy, scout, bryonec, siege and battle field adventures; thrilling feats of bravery. wit, drollery, comical and ludicrous adventures, etc.

Amnsement as well as Instruction may be found in every page, as graphic detail, brilliant wit, and su thentic history, are skillfully interwoven in this work of literary art. This work sells Itself. The people are tired of dry details and partison works, and want something hu merous, remniscand startling. Our agents are making from \$190 to \$290 per month clear of all expenses. Send for circulars, giving full particulars and see our terms and proof of the above assertion.
