Henry Souther Our Senatorial Candidate.

In the first number of The Alleghanian we published the proceedings of the Conference at whose hands LEWIS W. HALL Esq., of Blair County, received the namination as the candidate of the People's Party of this Senatorial District. In an article upon the subject, we informed our readers, that we thought it prudent, for reasons therein given, to defer the consideration of the claims and prospects of the nomince for a subsequent number of our Paper. It is well perhaps that we have exercised this prudence. We are now the better enabled to mete out justice, not only to Mr. Hall and the Cambria County Conferees, but to ourselves.

Hitherto the name of Mr. Hall has not been at our mast-head. To-day it is there -and there it shall remain until the second Tuesday of October shall tell us of his success or of his defeat. In adopting this course, we yield for a time a right, though we do not feel that we are sacrificing a solitary principle. If any of our readers imagine that we have been slow to take such action, we submit to them in brief the following as the grounds of our delay.

We have from the first considered that the action of that conference was unfair towards the People of Cambria County .-We stop not here to inquire into details. We care not now to recount the many wrongs that have been done to further that result. Cambria County was entitled to the nomination. Such has been and still is our opinion, and no argument, however plausible or by whomsoever presented, is likely to change it. When, therefore, we learned that the Conferees who represented this county, had withheld their approval from the resolution to make Mr. Hall's nomination unanimous, we felt that we too had a right to withhold our approval from the nomina-

The Alleghanian. tion. Conferees are generally supposed to speak for the county they represent, and when their action is right, should be

Moreover, about the time this nomination was made, we were informed that the nominee had been particeps criminis in the dastardly plot which, three years ago, assisted in the defeat of A. C. Mullin. This charge once made out to our satisfaction, we say it broadly and boldly, Mr. Hall could not have received our support under any circumstances. We determined, therefore, not to commit ourselves to him or his cause, until his guilt or innocence in the premises complained of should be fully established.

These, then are the grounds upon which we have withheld our support from the nomination. The first ground we now waive for the present; the last, we are happy to state, is not well founded. We are assured by Mr. Hall, as well as by others who ought to know, that he not only voted for the Union Senatorial Candidate in 1856, but that he labored faithfully for his election. And now, to preserve intact the organization of the People's Party of Cambria county-for the success of our local ticket-to save this Senatorial District from Loco-Foco misrepresentation-and in the hope that, in future Conferences, the People of our Mountain County will be more fairly dealt with-we join hands with our Cambria Conferees in ratifying Mr. Hall's nomination and in laboring for his elec-

This step may please some; it may displease others. We have carefully considered it in all its bearings, and now take it with all its responsibilities.

### A Mistake Corrected.

That bright luminary in the political firmament, known as the Tyrone Star, last week shed one of its beams in this direction; but whether it was intended as a beam of light or a beam in the eye, is somewhat difficult to determine. Look at

"A. M. White, of Cambria county, was nominated for the State Senate, six years ago; John Cresswell, the Democratic candidate, was elected, and the result is attributable to the defection of Cambria county. Three years ago, A. C. Mullin, of Cambria county, was the candidate; Cambria county defeated him, and re-elected John Cresswell. \* \* \* \* Blair county did not defeat either White or Mullin. Blair county was kinder to C sons than she was herself."

ate; and it is equally true that he was dethe result was wholly attributable to this ate. Did not Blair county take a part in that memorable contest? If our recollection serves us, Blair furnished a "Temperance candidate"-a most excellent man by the way, and one who took many more votes from White than from Cresswell .-We may be wrong in this impression, but if so, the Star will set us right.

But we are told that Cambria defeated Mullin, and that Blair did not. Now, Mullin's defeat was a matter with the entire district, and not with any particular county. It would have required him to run several hundred votes ahead of the State Ticket to have secured his election at that time. But, while Blair county did not defeat Mullin, it is quite evident that she did not do her duty towards electing him. The following exhibits the votes of Blair and Cambria counties, in 1856, for the Union candidates on the State, Congressional and Senatorial tick-

Senate-A. C. Mullin, 2506 1544 Thus it will be seen, that, on an average, Mullin ran 18 votes ahead of the State and Congressional Tickets in Cambria county, whilst in Blair county he ran 107 votes behind! Does this look as though "Blair county was kinder to Cambria's own sons than she was herself!" We pause for a reply.

# Our Conferees.

We stated in the first number of the Alleghanian, that two of the Conferees of the People's Party & Cambria County had taken neither lot nor part in the resolution making the nomination of Col. L. W. Hall unanimous. This statement was entirely correct. Mr. Williams we are informed, voted for the resolution; Messrs. Barker and Roberts did not vote at all .-We would state however, upon the best authority, that while Messrs. Barker and Roberts did not vote, they have nevertheless considered themselves, and still consider themselves bound by the resolution; and that they all intend to support Co'. Hall at the Polls in October.

#### A Word of Advice.

The Blair County Whig and the Cambria Tribune, two of the Opposition journals in this Senatorial District, in their zeal to subserve the interests of Col. Hall, have, we regret to say, opened out upon Augustin Durbin, the Loco-Foco candidate, in a very coarse and indelicate man-

Witness the following gem from the

"The Locofoco Buchanan and Bigler candidate for Senator is engaged in the Whiskey business at Munster, but they say he "can't keep a hotel." Well, if he can't do that, can he make laws for the people? This is a serious question and should arouse the soberminded people to look at it with that consideration which justly belongs to it. Let the watchword be—'Can't Keep a Hotel.'"

And the following titbit from the Tri-

"As well might the gentlemen who composed that Conference have nominated one of their old boots for the responsible and honorable position of State Senator, as the ignorant and boorish individual they did. Mr. Durbin may be a useful man in a small way in the locality in which he resides, but that he possesses any, even the slightest, qualifications for the position of a law-maker for this great Commonwealth, is a supposition most ridiculous and absurd. Nobody-no honest and right-thinking Democrat-believes that this man Durbin is fitted, either by nature or education, for any office in the gift of the people higher than that of township constable or su-

Now, these articles besides being very ridiculous in themselves, are untrue. Mr. Durbin is not engaged in the Whiskey business at Munster, as the Whig asserts, nor is he the ignorant and boorish individual the Tribune would make him appear. It is true his qualifications for a Senator are not so good as those of his opponent; nevertheless, if elected, we doubt not he would serve his constituents well and faithfully-at least as well as a Loco-Foco could do. We have certainly no desire to exercise the office of a censor over the editors of the Whiq and Tribune, but we do feel ourselves impelled to give them some advice. And it is this: If you really desire the success of Col. Hall, publish no more articles about his opponent such as you are now guilty of. Do not oppose Durbin so much on the ground that he is not qualified, as you do on the ground that Mr. Hall is better qualified .-Oppose Durbin as a Loco-Foco. Support Hall as the People's candidate.

THE NEXT CENSUS .- Next year the eighth census of the United States is to be taken. This enumeration is one of the most laborious and difficult tasks which the government has to perform A timely suggestion is made by the National Inteligencer, which is that each farmer this fall, as he gathers his crops, he shall keep something like an accurate account of the value of the same; and if he will take the trouble to make out a statement of the names and ages of his family; the number of acres of land cleared and timbered; the numbers and ages of his servants: the number of barrels of corn, bushels of wheat, rye, barley, potatoes, &c., and the value of each, and leave it in some place where any member of the family who may be at home when the deputy marshal shall call can readily get hold of it, it will save time to all concerned, and very greatly assist to make the census returns perfectly complete and satisfactory.
