TO THE EDITOR OF THE ALLEGHANIAN :-Baltimore has been kept in quite a state of excitement the last ten days, in regard to the Democratic Convention in Charleston. The adjournment to meet at Baltimore on the 16th of June, somewhat allayed it, but the Democratic politicians hardly see their way clear yet, and there will be some hard work done by the Administration men and the Douglasites.

The New Police Force will go into operation on Monday morning, the 7th inst It has been entirely revised, and but very few of the old officers have been retained. The removal of Juge Stump, and the appointment of Judge Bond to his seat in the Criminal Court, and the prompt administration of the laws by that officer, as well as the terror of the new jail, have so intimidated the rowdies and ruffians that infest all large cities, that cases of riot and crime have almost ceased. Whether this state of things will continue or not depends on the continuation of Judge Bond's course, and the prompt and continued efficacy of the New Force. The new jail is an ornament (if such a building can be called so) to the city, and is a terconfined in a separate cell, and has no
