THE CAMBRIA COUNTY COURT

MONDAY NEXT, 3D PAOXIMO.

LOCAL ETCHINGS .- Although this pa

of is dated the 29th, we wish it to be issinetly understood that it is worked off on Wednesday. The prime reason for this is, that we don't wish folks to think that we work on Thanksgiving-no, sir! The National Telegraph Company, having decided to change the route of their line so as to connect Stoystown with Johnstown, have put up the necessary poles, upon which the wire will be placed is a few days. -- Last Saturday was a cooler of a day and no mistake. In the morning, the thermometer stood at 9° below zero, with an increase of temperature in that direction throughout the day .-Considerable snow fell on that and the preceding day, and sleighs were seen bobing around in every direction. We are down on winter as a general rule -- especally on those winters of the North Pole gender, which are so peculiar to this climate-and the only thing that can at all recoucile us to it is the pleasure we experience in listening to the merry jingling of the bells. This pleasurable emotion is greatly enhanced when we are seated between the buffalo-robes, behind an animal of accelerated pace-g'lang! If any person wishes to invite us to take a short run out the plank, they will please call efter office hours .- Roeloff the conductor, and amstrong the engineer of the train which of country, and owners of the article sho'd | with them rests the responsibility. This makes the large and respectable num- resolutions denouncing the use of Tobacco: her of eighteen inmates for that useful elifice, besides which, several are out on week, it won't be for want of needful macen missing from Martinsburg for some time, has not yet been heard of .- We his made its appearance in this neighborextraordinary, passed over the Pennsylva- regard to them as vices." siz Railroad last week, en route for the West. Seely offers his interest in the Beliefonte Watchwan for sale. The establishment is a paying one, having about 1,000 subscribers, and a fair run of jobbing and advertising. A practical printer with a small capital *ould probably find this an excellent opfortunity to invest. --- A sermon will be Freached in the Presbyterian church by Rev. Mr. Harbison at 101 o'clock, A. M. oday, (Thursday.) Text: "Render, there fore, unto Cæsar the things that are Cæsar's, and unto God the things that are iod's." --- Wm. Davis has just received at his store, in the eastern end of town, a train east carry the mails.

LEGAL ESCAPADE .- The members of the Cambria County Bar are famous the world over for being a jolly set of right good fellows, my masters; and they give and take a joke with equal nonchalence. During a recent session of the Supreme Court, in Pittsburg, one of these practical funnycisms was successfully played off, something after this manner: A., a young limb of the law, fond of fun and not particular about the use of the means to procure it, happening in conversation with his professional brother B., proceeded to disclose to the latter as a profound secret that C., another Cambria county lawyer, had been tremendously "half-seas over" or more ever since they had been in town, and also dropped the hint that he (B.) look after him and use his influence to restrain him somewhat. To this B. willingy acceded, and thus they parted-B. on charitable thought intent, and A. intent on having a good laugh. About suppertime B. buttonholed C, and proposed a walk. After which, he proposed another walk; then a promenade; then a short run around town; then another promenade; and so on until bedtime-hardly stopping in their perambulations sufficiently long to even "smile." Now, when it is known that C. is a gentleman who rarely looks upon the bowl when it is red, and that he had neither touched, tasted nor handled liquor during his entire visit, the pith of the joke is easily seen. But the best part of the whole thing is, that B. still insists that he did such a "nice thing" for C., while C. wonders what the devil caused B. to be so affectionate that

How To SELECT FLOUR .- First, look at the color; if it is white, with a slight vellowish or strawcolored tint, buy it. If it is very white, with a bluish cast or with black specks in it, refuse it. Second, examine its adhesiveness; wet and knead a little of it between your fingers; if it works soft and sticky, it is poor. Third, throw a little lump of dry flour against a dry. smooth, perpendicular surface; if it falls like powder, it is bad. Fourth, squeeze some of the flour in your hand; if it retains the shape given by the pressure, it is a good s n. Flour that will stand all these tests it is safe to buy. These modes are given by old flour dealers, and they pertain to a matter that concerns everybody, namely, the staff of life.

I. O. U.-No, we mean, U O Us.-Well, the two coming weeks will be the weeks of our Court. A large number of our subscribers will then doubtless be in town. They are requested to call and sock up the "equivalent." Those who may not be in town can send their indebtedness per friend or mail. For "the devil is to pay." Besides numerous other items to be squared. Don't forget the placesecond story of Davis & Jones' building, third door back.

NOVEMBER .- In these days of dumps and interminable rains, of overcoats and overshoes, and 'pothecary grains, our readers should be careful to keep their feet dry. They should also be well provided with warm and comfortable elothing, to guard against sudden changes of the atmosphere. They should likewise be particular to go to C. R. Jones' store when they wish to purchase boots or shoes, hats or caps, ready-made clothing, etc., for he sells cheaper than the cheapest.

REAL ESTATE OPERATION .- We are informed that our friend C. T. Roberts, ve jeweller man, has purchased for his own especial use and behoof forever, the neat little house on the corner of Centre merly owned by Mr. T. B. Moore. Long time ago poick said-Straws indicate the direction in which the breeze veereth.
