

LOCAL AND PERSONAL.

LOCALETTERS—The days are getting longer. Continues excellent—the sleighing here. The publication of the Huntingdon Globe has been discontinued. Sorry. Notice is directed to the Railroad advertisement elsewhere in to-day's paper. Chapter twenty-nine of Jonathan Oldback's History of Cambria County refers to Gallitzin. Read it. Three organized companies of Johnstown men are now engaged in the oil business. A buckskin portmanteau containing a small key was found yesterday. The owner can have it by calling at this office. DIED—On Monday, 20th inst., an infant son of Edward and Ann Owens, aged about one week. DIED—On Friday, 15th inst., Mrs. MART, wife of Robert Roberts, of Johnstown. DIED—On Tuesday, 22d inst., Mrs. ELIZABETH, wife of Arthur Storm, of Summitville. The Johnstown Zouaves have tendered their services to the Governor to aid in establishing the Constitution and the laws of the Federal Government. The Juniata Rifles, of Hollidaysburg, adopted a resolution at a late meeting tendering their services for the support of the flag of the Union. APPOINTED.—Mr. Henry Michaels, of Wilmore, has been appointed Sealer of Weights and Measures for Cambria county, vice Peter Masterson. The Standard says that the report that the Central Bank of Hollidaysburg is to be reconstituted is all "gammon." We're sorry to the amount of say a V to hear it. Mr. B. F. Williams has purchased and has now on hand the engine, boiler, &c., for his planing-mill. The erection of the building will be commenced as soon as the weather permits. Lost.—On Saturday last, between Dr. Bunn's drug store and J. Stahl's jewelry store, a lady's gold breastpin. The finder will receive profuse thanks by leaving it at this office. For RENT.—The office now occupied by Hugh McCoy as a saddle shop, is offered for rent from the first of April next. The office is one door east of Davis & Jones' store. GONEY'S LADY'S BOOK.—This elegant monthly, for February, is on our table. The motto of its enterprising editor seems to be "Excelsior," for the present number surpasses its hitherto almost faultless predecessors. Every lady should have it. PETERSON'S MAGAZINE.—The February number of this magazine has been received, and fully sustains the enviable reputation it has achieved. While its fashion plates are truly superb, the reading matter which it contains is of such a character as to recommend it to all. The Huntingdon Globe, since its recent enlargement, has hoisted a new "head," and desires everybody's opinion as to its merit. We think it is a decided improvement on the old dispensation.—But what is the device?—is it a cow rampant, or a crow saliant? Tell us. Have our readers ever thought of the derivation of the word "news"? If not, we will proceed to turn their attention in that direction. The simple little monosyllable, so suggestive of things going on in all portions of the terraqueous globe, is composed of the initial letters of the four cardinal points of the compass—North, East, West, South. Could a more expressive word be furnished by any language? We have several times before made mention of the superior sleighing advantages we of the mountain possess. And we merely advert to the subject again to inform those who live in the valleys and warm places of the earth that we have had sufficient snow for sleighing purposes during the last eight weeks. During that time, the snow never entirely disappeared, and we confidently hope to be favored with eight weeks more of just such weather. We see by last week's Mountaineer that a meeting of the surviving soldiers of the War of 1812 was held in this place on the glorious 8th of January. Resolutions were passed tendering their services to suppress rebellion, endorsing Major Anderson's patriotic stand in defence of the Union, and memorializing Congress to grant pensions to the surviving soldiers, and to the widows of the deceased soldiers, and its whole proceedings bear the impress of true patriotism—but the affair was happily hushed up.

SYMPATHY WITH THE KANSAS SUFFERERS.

Pursuant to previous notice, the citizens of Ebensburg and vicinity met in the Methodist Episcopal Church, in this borough, on Monday evening, to inaugurate some measures for the relief of the distressed inhabitants of Kansas. John Williams, Esq., was called to the chair, and Morris Evans appointed Secretary. Rev. Harbison then stated the object of the meeting, and read an extract from an Appeal to the Public by the Committee in behalf of the sufferers in Kansas Territory. Whereupon, the following persons were appointed to solicit aid and contributions in the town and vicinity: East of Centre street, John Evans, (Tanner,) and Richard Jones, Jr.; between Centre and Julian streets, Robert Davis and E. J. Mills; west of Julian street, Isaac Evans and M. S. Harr; Cambria tp.: north of Ebensburg, Thomas T. Rees and George Roberts; west of the old Carrollton road, Gwilym Evans and William Hughes; north-west, Rowland Humphreys and Richard Davis; west, Griffith Jones and Wm. R. Williams; south, David A. Jones and Benjamin Lloyd; south beyond creek, Owen Roberts and Wm. R. Jones; east, Franklin Powell and John E. Connell. [The aforesaid Committees are requested to attend to the matter this week, and make report to Robert Davis or John P. Jones, at the store of Davis and Jones', on or before Monday next.] Any article of clothing, or material out of which clothing can be made, will be thankfully received at the place above stated. Arrangements have been made by which all contributions will be forwarded safely free of charge. We hope that this appeal will not be in vain, but that all will give freely even as they have been prospered in this life. HIGH SCHOOLS.—The question was propounded to us a few days since, "Is it not strange that schools for advanced scholars are so scarce in Cambria county?" And after looking attentively at the subject, we have come to the conclusion that it is strange. Just look at it. Here is a county with a population of almost 30,000. Of this number, of course, a large proportion are young men and women, and children. This rising generation must be educated. They are sent to the public schools until they imbibe all the instruction they can receive there. After they have thus taken merely the initiatory step toward acquiring an education, they have the choice of two things—to rest satisfied with the foretaste they have received, or seek a school abroad. Many are not able to bear the expense of a course of tuition abroad, who would gladly avail themselves of the opportunity at home. But because we have not the requisite advantages, their thirst for knowledge must be unassuaged, and they must plod on with a painful consciousness that they lack the one thing needful to constitute a useful and intelligent man. Besides, a goodly number of our young men and women are annually sent to educational institutions in other counties—thus taking away much money that might as well be kept circulating at home. We should have about four good schools in this county—schools where a man could secure sufficient education to fit him for any vocation in life. And we would suggest that this void be filled at the earliest opportunity. YOU CAN'T DO IT.—The thing is an impossibility. Ask any doctor, and he'll tell you that you cannot wear bad boots and be healthy. Especially in winter.—Likewise, you should have good warm clothing and a comfortable hat or cap. Thus equipped, you can bid defiance to wind and wintry weather. C. R. Jones, at his store, one door east of the "Mountain House," keeps constantly on hand a large stock of these articles. Give him a call, and secure bargains. SELLING OFF AT COST.—Mr. E. J. Mills, whose store is in the western end of town, is now selling at cost his entire stock of boots and shoes, trunks, queensware, wood and willow ware, flour, groceries, notions, carbon oil lamps, etc., preparatory to making his spring purchases. Persons in need of anything in his line will save money by calling on him immediately. This is no humbug. LYCEUM.—The question for general debate at the Ebensburg Lyceum on next Friday evening is: "Resolved, That all mankind have descended from one original pair." Mr. Wm. H. Sechler will deliver a lecture the same evening. Slippery—the streets.

It could not be furnished by the trade for less than five dollars. The Art Journal is too well known to the whole country to need commendation. It is a magnificently illustrated magazine of Art, containing Essays, Stories, Poems, Gossip, &c., by the very best writers in America. A CARD.—WILMER'S BRIDGE. Lancaster Tp. July 30, 1860. MESSRS. EVANS AND WATSON: GENTLEMEN.—The small size No. 1 Salamander safe which I purchased from your agent, Mr. Adam R. B. R., in Lancaster City, on July 20th, 1860, has been subjected to a very severe test, which it withstood in a most satisfactory manner. This safe, containing all my books, together with valuable papers belonging to myself and some to my neighbors and friends, and representing a value of over Twenty Thousand Dollars, (\$20,000) was in my Mill which was destroyed on the night of the 27th of July, 1860, and passed through the fiery ordeal unscathed. The safe was on the second floor and fell to the basement of the Mill, and was subjected for six hours to an intense heat among the ruins, which was greatly increased by the combustion of a large quantity of grain confined within the brick walls. After the fire the safe was opened and the books and papers taken out in a state of perfect preservation, the paper not even being discolored. This fact was, however, to many bystanders a better recommendation of your Safes than could be expressed in any other words from me. Yours Respectfully, SAMUEL RANCK. [Seal] A large assortment of the above quality of Fire and Thief Proof Safes always on hand and for sale at as low rates as any other firm, at EVANS & WATSON'S, No. 304 Chestnut st., Philadelphia.
