

MISCELLANY.

ANECDOTE OF THE GIRAFFE.—One of our correspondents relates a humorous story of a very well dressed and genteel looking person who was very curious to see the Giraffe, and who stepped up to the "man wot" receives the money, with—"Is the Giraffe to be seen here?" "Yes, sir."

WOMEN AND DIRT.—Old Dr. Cooper of South Carolina, used to say to his students, "Don't be afraid of a little dirt, young gentlemen. What is dirt? Why nothing at all offensive when chemically viewed. Rub a little alkali upon that dirty grease spot upon your coat, and it undergoes a change and becomes soap."

ALAS, TOO TRUE.—When a rakish youth goes astray, friends gather around him in order to restore him to the paths of virtue. Gentleness and kindness are lavished upon him to bring him back to innocence and peace.

Agents wanted to sell the Eric Sewing Machine. We will give a commission or pay wages at from \$25 to \$60 per month, and expenses paid.

AN APERIENT and stomachic preparation of Iron purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest medical authorities, both in Europe and the United States, and prescribed in their practice. The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz: In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhoea, Dysentery, Incurable Consumption, Scrophulous Tuberculosis, Salt Rheum, Menstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Tringles on the Face, &c.

In cases of GENERAL DEBILITY, whether the result of acute diseases, or of the continued diminution of nervous and muscular energy from chronic complaints, or of trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bedridden as to have been forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, associated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons peculiar to medical men, the operation of this preparation of Iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation. It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant costiveness. In unchecked Diarrhoea, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing. In the local pains, loss of flesh and strength, debilitating cough and remittent hectic which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrophulous Tuberculosis this medicated Iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities. The attention of females cannot be too confidently invited to this restorative, and restorative, in the cases peculiarly affecting them. In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness. No remedy has ever been discovered in the whole history of medicine which exerts such prompt, happy and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise immediately follow its use.

Put up in neat flat metal boxes, containing 50 pills. Price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on the receipt of the price. All letters, orders, &c., should be addressed to R. B. LOCKE & CO., General Agents, 20 Cedar street, N. Y. May 31, 1860-4f.
