They are often among the loudest to shout hosannas to the Union; but let a battle be lost to the American flag, and they cannot restrain their joy. The female secessionists, who shelter themselves behind the privileges and immunities of their sex, delight in every kind of demonstration against the R. S. BUNN, M. D., a general asgovernment, and are only daugerous when they irritate their lords and masters by pretending to sympathize with the cause of the country. Then they become the efficient and vigilant auxiliaries of Davis and his crew. It is believed here that, immediately after the movement upon Munson's Hill had been decided upon by the military authoritles and the Cabinet, information was conveyed to the rebel troops across the Potomac, and upon this admonition they retreated without the loss of a man."

THE SUBMISSION PARTY .-- A Louisville correspondent of a New York paper thus speaks of the peace party of that State, who are the natural allies of the submissionists of the North :

"The rebel organs throughout the North are just now endeavoring to muster the country's enemies under the guise of peace. The man who cries "peace !" when the safety of the country requires war, is the vilest, because the most cowardly of traitors. But this city is the stand-point from which one may view the inside of the peace movement; and if you would know what the word peace means, as the hypocrites here interpret it, when they put it on their banners, I will tell you. It means, when emissaries of Jeff. Davis are trying to steal guns from the state of Kentucky, they should have peace. It means that when secessionists wish to carry into Tennessee all manner of war supplies, they should be allowed peaceably to pursue their object. It means, in fact, that Jeff. "CAN COTTON GROW IN THE NORTH?" -This was the subject of an exceedingly interesting lectuae delivered by Mr. R. C. Kendall, of northern Maryland, at the Cooper Institute, New York, on Tuesday evening. The Lecturer said two-thirds of the free States of the North possessed the requisite soil for the cultivation of cotton, equaling in quality the best Southern staple, at a clear profit to the producer ot fifty per cent. above the average proceeds from the usual farm crops, and made many interesting statements respecting the raising of cotton in different parts of the globe. #### THE WEEKLY PRESS.

THE WEEKLY PRESS has been established on a secure and permanent foundation; but it is, in reality, a marvellovs example of the degree of favor which a rightly-conducted LIT-ERARY, POLITICAL AND NEWS JOURNAL can receive at the hands of a liberal and enightened Public.

The general features of the Paper, in addition to its POLITICAL AND NEWS DEPART-METS, will be POETRY, SKETCHES, BIOG-RAPHY and Original and Selected TALES, chosen for their lessons of Life, illustrations of History, depicture of Manners, and general merit, and adapted, in their variety, to the tastes of both sexes and all ages.

THE LITERARY CHARACTER Of THE WEEKLY PRESS, now universally acknowledged to be of an elevated stamp, shall not only maintain its present high standing, but shall be enhanced by important and valuable contributions from able Writers.

THE POLITICAL COURSE Of THE WEEKLY PRESS need not be enlarged upon here. Independent, steady and fearless, it has battled unwaveringly and zealously in defence of THE RIGHTS OF THE PEOPLE against Executive Usurpation and Unfair and Tyrannical Legislation; ever declaring and adhering to the doctrine that POPULAR SOVEREIGNTY constitutes the fundamental basis of our free institutions, and that the intelligence and patriofism of our Citizens will always be preservative of a just. wise and salutary Government. These are the principles to which THE WEEKLY PRESS

WITMER'S BRIDGE, Lancaster Tp. July 30, 1860. MESSES, EVANS AND WATSON : GENTLEMEN-The small size No. 1 Salamander safe which purchased from your agent, Mr. Adam R. Barr, in Lancaster City, on July 20th, 1858. has been subjected to a -very severe test, which it withstood in a most satisfactory manner. This Safe, containing all my books together with valuable papers belonging to myself and some to my neighbors and friends, and represeting a value of over Twenty Thousand Dollars, (\$20,000) was in my Mill which was destroyed on the night of the 27th of Juy, 1860, and passed through the fiery ordeal unscathed. The Safe was on the second floor and fell to the basement of the Mill, and was subjected for six hours to an intense heat among the ruias, which was greatly increased by the combustion of a large quantity of grain confined within the brick walls After the fire the safe was opened and the books and papers taken out in a state of perfect preservation, the paper not even being discolored. This fact was, however, to many bystanders a better recommendation of your Safes than could be expressed in any other words from Yours Respectfully, SAMUEL RANCE. [sel3
