ments-Reviews and Inspections-New Regimental and Company Officers, etc., etc. Correspondence of The Alleghanian.

CAMP PIERPOINT, November 4, 1861. Time wears away tediously, nothing occurring to break the monotony of camp ife. We are under the strictest disciplice, the army regulations being enforced in every instance. We are seldom allowed to leave camp, and it requires an extra amount of shrewdness to enable one to procure a pass outside the lines. The following is the modus operandi: In the first place, you apply to your captain, stating business and length of absence required; then, if you are fortunate enough to secure a pass from him, you take it to the colonel for his countersign; and last but not least the colonel being agreeable, you repair to the General commanding the brigade for his signature, which is forthcoming provided that respectable personage be in a good humor and has pen and ink handy; oth erwise it is not. A great deal depends, however, on the nature and urgency of the business of the applicants. This little matter of ceremony, you will see, is no small item; but were it different, the officers would be pestered almost to death.

An order has been issued by Gen. M'-Clellan to the effect that all soldiers wear their knapsaks while on drill. This idea is not particularly admired by the boys, from the fact that, when "double quicking" is the programme, knapsacks are a perfect abomination. It is all for the best, however, as it will habituate the men to less laborious.

this: Roll call at sunrise, and drill in rade at half-past four ; guard mounting at five; supper at half-past five; roll call at eight; taps for retiring at nine, when all lights are to be extingushed and silence observed throughout the camp.

The boys amuse themselves after various manners, but dancing appears to be the prevailing pastime. Carney, our fiddler, as in days of yore, still continues to furnish us with superior melody for such occasions. We experienced a little difficulty at first in distingushing the "ladies" from the gentlemen, but that defect was

fire-arms and accoutrements. If a gun is come singly! condemned on account of the carelessness of its possessor, he is "docked" of a sufficient portion of his pay to cover damages. In consequence of delicate health, Lieut. Col. Porter last week resigned his commission. Maj. Jackson was unanimously chosen to fill the vacancy thus occasioned, and Capt. Litzinger was elected Major by a large majority. First Lieut. Lewis was then elected Captain of our company by acclamation; Second Lieut. M'Coy was elected to the First. Lieutenancy; and Corporal James Burke was chosen to be Second Lieutenant: Success to them all!

OUR RAILROAD .- We are happy to innounce to our readers that, weather permitting, the Ebensburg & Cresson Kailroad will be completed to the Township road, in the extreme East Ward, duing the present week. From thence to as terminus-a distance of only about a half mile-work will be pushed forward with all possible celerity. The erection of he depot building is also progressing rapdly. We may confidently expect to see the Road in out and out running order by the first of December.

Another member of Co. E. died last

general thing, enjoy good health. E.

CANARD.—The Hollidaysburg Standard says that "the scarlet fever prevails among the children of Ebensburg, and teveral have died with it." This will be bews in this locality, we are sure. Neither it nor any other epidemic has visited our juveniles for many a day,

TAKING THE WATER .- We understand ! that the Ebensburg and Wilmore Plank of Mr. James M'Feeters, of Cherryhill first time since the acceptance of the Com-Road Company deem it inexpedient and township, was burned to the ground on mon School System by the people of Camwill not attempt to rebuild the bridge Sunday, 3d inst., while the family were at- bria county, there has been this fall a across the Conemangh near Wilmore, so tending divine service. If they all devote themselves tion, or vice versa vice versa. At all events, in that juncture, some method must be improvised to get our mails across and re-across. We can't do without news, in these very stirring times. A ray of sunshine illumines our mental vision. The Ebensburg and Cresson Railroad will be completed in a couple of weeks, and then -good-bye, old bridge! we'll never see thee again! In the meantime, we can only hope that the E. & W. P. R. Co. will fail to extort any extra toll for the privilege of allowing travellers to embrace the fluidical Conemaugh-with or without ice We sincerely do!

TO THE LOYAL WOMEN OF AMERICA. -On our outside this week we publish an appeal from the Sanitary Commission of the War Department to the Loyal Women of America, urging upon the latter the propriety of forming societies for the purpose of supplying our sick and wounded soldiers with various needed articles of attire. This a righteous and just cause, and we confidently expect to see the Ladies of this county take hold of the matter their duty and make their future marches in earnest and render efficient service .-By the way: It has been suggested that The daily routine of our camp is about the "Ladies' Hose Society" of this place -an association which has already done the manual of arms immediately after; much good, and may do more-be metabreakfast at seven o'clock; police duty at morphosed into an organization to respond eight; company drill at nine; dinner at to the appeal of the Commission. We twelve; battallion drill at two; dress pa- think this would be bad policy. The Gov. ernment is just as greatly in need of stockings for the well soldiers as it is in want of blankets for the sick. Let the Hose Society go on in its good way, prospering and to prosper: another society, in accordance with the requirements of the Sanitary Commission, can and should be organized. Read the "appeal," Ladies, and act as the spirit moves you.

DISTRESSING FATALITY.-The entire family of Mr. James Conrad, of Washington township, this county. was prostrated easily remedied by the former going bare. by typhoid fever during the month of October past, and three deaths occurred from We have had several reviews and in- the disease, namely: Peter, aged ninespections during the past week. His ex. teen, on the 3d; Mary, aged seventeen, The current report and general belief is, cellency, Governor Curtin, was present at on the 11th; and Carolina, aged fifteen, a review on Tuesday, and appeared highly on the 27th. Mr. C. himself is just repleased with the appearance of his Re- covering from a severe visitation of the serve. Our regiment was inspected on same scourge. > THE GREAT FLOOD .- The freshet of Saturday week seems to have extended over almost the entire country, occasioning much injury to property. It was particularly severe in Johnstown. The water at that point attained the unprecedented height of fourteen feet above low water mark, and completely submerged about one-half the town. The bridge across the Stony Creek and the Feeder Dam were both swept away. Beyond the flooding of cellars, and the carrying away of fences, lumber, and the like, we have heard of no other damage in the county resulting from the storm.

> MAN KILLED .- We learn from the Cambria Tribune that a Welshman named Daniel J. Rees, engaged in the coal mines of the Cambria Iron Company, was instantly killed in the drift in which he was working, on the 7th inst., by the falling upon him of a mass of coal. An inquest was held, and a verdict of accidental death returned in accordance with the facts .-The deceased was about forty-five years of age, and leaves a wife and four children.

> BLAIR COUNTY ITEMS .- A German, named John Fat, while attempting to night week, fell into the water and was drowned He was intoxicated at the time. -The store of James M. Kinkead, at Yellow Springs, was destroyed by fire on the night of the 3d inst. The incendiary, a villainous negro, was arrested and committed to jail, making a narrow escape from being lynched by the indignant eitizens .- Chimney Rock Furnace, at Hollidaysburg, owned by Messrs. Wood, Morrell & Co., of this county, for some time past remaining idle, is undergoing repairs," and will be in blast again about the first of January.

IR FANER AMERICANIADD -It gives us inexpressible delight to be able to unfold to the gaze of an appreciative public this week a gem of patriotic poetry, written in the Welsh language expressly for these columns. The title will be found above. Thus:

EBENSBURG, Nov. 14.

GOOD FOR THE LADIES !- The "Ladies' Hose Society," of this place, last week shipped direct to the Cambria Guards, at Washington, a box containing 101 pairs of stockings-the result of one month's work. The stockings are of superior make, and were donated "without money and without price." All honor to the Ladies! say we, and such will be the ejaculation of the recipients of the gift, likewise, we are sure.

DAVIS, JONES & Co .- We direct the particular attention of our readers to the advertisement elsewhere of the above firm. They have just received a full stock of winter goods, which they purpose disposing of at prices to suit the times. Give them a call, and secure bargains.

LIST OF JURORS .- On the fourth page of this paper will be found the List of Jurors drawn to serve at the coming term of our County Courts, for a timely copy of which we are indebted to the urbanity of our young friend, E. D. Rhev.

STOVES .- As the season of "fireside enjoyment" is about at hand, we would suggest to any of our readers who may have occasion to purchase stoves that they go to Geo. Huntley's for the same. He keeps the best and sells the cheapest in

HACKS .- Under the new schedule, the hacks to Wilmore make but one round trip per day-leaving here at 7 A. M., and returning at 1 P. M. The mails arrive and depart at those hours.

The weather for the past couple of days has more closely resembled Indian Summer than any we have been favored with during the present season.

A SCARCITY OF TEACHERS .- For the to be made unsafe for travel. Wagons and ranging in age from twelve to twenty scarcity is partly owing to the cutting instant, at one o'clock, P. M post-mortem examination made; when a the girls of Cambria county have "gained while they are developing the minds of their pupils, they will do much this winter toward breaking down in some portions of the county an unjust prejudice which has cross a stream near Newry, on Saturday heretofore operated against their employment as instructors of youth. Girls, if you wish to secure situations next winter, do not fail to "quit yourselves like men" during the winter months that are before

> Although all the public examinations have closed, there are still a few schools in the county that want teachers. One is wanted in Chest township; one in Richland; one in Yoder; one in Taylor; four in Jackson; one in Carroll; and, we think, two in Clearfield. In most of these districts, \$20 per month are offered by directors-board to range from \$4 to \$6 per month. Teachers who have not yet obtained situations are requested to make immediate application to the directors of the several districts mentioned, or to the undersigned at his residence in Johnstown.
