INTERESTING EVENT !- FIRST ARRI-VAL ON THE EBENSBURG AND CRESSON BRANCH !-- Our Railroad a Myth no Longer, but a Cheering Reality !-- And so on, ad infinitum, in strains of Resplendence and Glorification, to the end of the chapter. "Hope deferred maketh the heart sick,"

they say. All of which asseveration we heartily endorse. We have been there ourself, and are posted. Listen: Five years ago, or thereabouts, the project of a connect us with the great throbbing heart of the Nation-was first currently broached in our midst. The project, to use an expressive term, "took" amazingly. Everybody said it was just the thing, and everybody favored it accordingly. So, in due course of time, the initiatory steps in the matter were taken. Just then, however, when the enterprise was in its incipwell defined shape or form-just then the Great Financial Crisis of '57 burst upon us. This of course knocked Our Railroad into a cocked hat, metaphorically speaking, for the time being. But by and by, more to revolve, throughout the length D. Murray. and breadth of the land. Again was the matter taken hold of-in earnest-and pushed on-on--on--ultimately to comthat had to be encountered. It is unnec-

Der The following mention of Capt. Williams' regular infantry company, recruited almost entirely in this county, will prove interesting to many of our readers. at which city the company is now stationed :

CAPT. WILLIAMS'S COMPANY OF REGULARS .-This splendid body of men, of the 19th U.S. Infantry, paraded through our streets on Thursday afternoon, in full dress uniform, with their new arms, the r fled musket. This is a magnificent weapon, and the men are worthy to handle them. In a notice of this company which appeared in our columns a few days since, we inadvertantly remarked that the company was recruited in this and Michigan City. We have since learned that it is composed exclusively of young men from Cambria and Somerset Counties, in the mountain districts of Pennsylvania, recruited by Capt. Williams in just one month. We rarey see this sort of men in the ranks, but Captain W., who perhaps has not his superior as an officer in the army of the Union, possesses the entire confidence of his men, who are determined to be regular soldiers.

The other commissioned officers of this company are First Lieutenant Louis T. Snyder, and Second Lieutenant John B. Hays, also Pennsylvanians, making this a Pennsylvania company all through. It will leave or Kentucky in a tew days. Pennsylvania Railroad hence to Cresson-an artery to | furnished a regiment for California-the late lamented Col. Baker's comrades, and she is now sending men to Indiana, having more than filled her quota of volunters. It seems that she is also determined to fill up the regulars! Bully for Pennsylvania!

NEW COUNTY OFFICERS .- We forgot to notice last week that Peter J. Little, our newly elected County Commissioner. had been sworn into office, vice Abel Lloyd, whose term has expired. Mr. Lloyd perient stages, and before it had assumed | formed the duties of the office with energy and ability, and carries with him in his retirement the good wishes of the people of the county. Mr Little is a practical business man, and will make an acceptable officer. The present Board of Commis-Confidence became in a measure restored, sioners stand thus-Dr. D. T. Storm, Jas. and the wheels of Enterprise began once | Conrad, Peter J. Little; Clerk, Charles

On Monday, H. C. Devine assumed the duties appertaining to the office of Associate Judge, in room of Hou. R. Jones, pletion. It took time to do this-days, who had filled the position with credit duand months, and years-and Legion was ring the term of five years. Both parties the name of the difficulties and mishaps | have our best wishes for their success.

> OFF FOR THE WARS !--- On Tuesday morning, the celebrated "Silver Grays," to the number of about sixty, departed from Wilmore, this county, for Harrisburg, where they will immediately go into camp and recrait their ranks to the maximum standard. We were down to see them off, and can truly say that a nobler or more patriotic body of men has never fallen under our observation. The fact of their offering their services to the Government when each and every member is past the meridian of life is a sure index of the pure and holy love of country that animates their bosoms. All honor to the Silver Grays, say we, and may a just God watch over and protect them, and guide original in the epistolary line. them safely through whatever difficulties or dangers there may be in store for them. FIFTY-FIFTH REGIMENT .- The following are the several companies composing the 55th Penna. regiment, Col. Dick White, now stationed at Fortress Monroe: Col. Richard White, of Cambria county; Major, John Miller, of Bedford county. Company A, Capt. Carroll, of Cambria | F county; Company C, Capt. O'Connell, of Cambria county ; Company D, Capt. Lyons, ef Bedford county; Company E, Capt. Bennett, of Cambria county; Company H, Capt. Mullen, of Bedford county; Company I, Capt. Maynard, of Bedford county ; Company K, Capt. Filler, of Bedford county.

PITTSBURG FEMALE COLLEGE .- We learn that the examination of the classes of this flourishing institution will take place on Wednesday, December 5th --It is taken from the Indianapolis Journal, The usual literary entertainment will be given in the evening of the following day. We are pleased to learn that the atten-

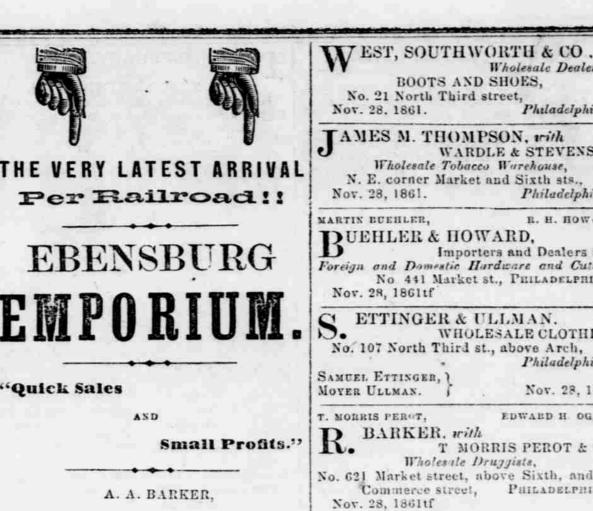

dance the present term, despite the hard times, is one hundred and seventy-siz, an advance or any previous term in the history of the College. These pupils hail from almost every part of the land, from Kansas in the far West, to Philadelphia in our own State. No institution in the land has grown more rapidly in public favor both at home and abroad, and no one affords greater facilities for obtaining all the elements of a solid and ornamental education. The curiculum of studies is unsurpassed, and the large and able faculty of teachers are untiring in their efforts to secure the advancement of those placed under their tuition We are especially pleased with the efforts made by the trustees to continue the useful with the ornamental, and to open up to young ladies new means of obtaining a livelihood. In addition to the Telegraph, referred to by us on a former occasion, and which is a decided success, a fine, large organ has

been purchased of Mr. Jardine, in New York, and will be ready for use by the commencement of next term. It is sufficient to state that instructions will be given on it by Prof. Rohboek, so well and favorably known in our city.

The prospects for the next term, which will commence December 9th, are of the mest flattering character, and we advise those at a distance who intend to come, to make application at once. For further particulars, address Rev. I. C. Pershing, Principal of the College, Pittsburg, Pa.

essary to here go into detail as to what these drawbacks may have been : suffice it that through their influence we were allowed for a very long time to alternate between the conflicting emotions of Hope and Despair. One day we were sure that Our Railroad was eventually To Be; another day, that it had irretrievably fallen through.

But the ball had been set rolling, and nothing was allowed to altogether stop its progress. It kept on its way, slowly but surely, and now ------- Our Railroad is at Our Doors !

Hurrah! Huzza! Glorissimo! So much by way of unburdening ourself of surplus and overpowering Highlariousness. Likewise of demonstrating that, although Hope deferred maketh the heart sick, all's well that ends well.

On last Monday morning, the 2d inst., at precisely the hour of 11.15, the Iron Horse made its grand entree into Ebensburg for the First Time ! Attached to the aforesaid Iron Horse, was a car, filled to overflowing with passengers. Since then it has made two round trips per day, each subsequent trip giving evidence that the Road will meet the fullest expectations, both financially and practically, of all concerned.

Jubilante ! Our Railroad is actually in full tide of successful operation ! It is an Institution ! It smiles blandly on us, and beckons us forward to more extended fields of Usefulness and Prosperity. What more need we say? Nothing at present, for we can add nothing to the above glorious fact.

Pennsylvania Railroad, is acting Conductor of the train. He is a gentleman in every sense of the word, and will do honor to the responsible post to which he has been assigned. Success to him !

In this connection, we beg leave to suggest that the thanks of our entire commuhity are due the Managers and other fficials of the Road, to the Pennsylvania Railroad Company, and to all other individuals who may have directly or indirectly lent a helping hand, for the efficient manher in which the enterprise has been brought to a consummation. May they all reap their rich reward !
