shall seize and grapple NOT be laid aside or neglected.

To meet this want, the undersigned have National Policy.

In Politics, it will advocate, with all the force at its command, measures best adapted to preserve the oneness and integrity of these United States. It will never yield to the idea of any disruption of this Republic, peaceably or otherwise; and it will discuss, with honesty and impartiality, what must be done to save it- In this department, some of the most eminent statesmen of the time will contribute regularly to its pages.

In LITERATURE, it will be sustained by the best writers and ablest thinkers of this country.

Among its attractions will be presented, in an early number, a New SERIAL of American Life, by RICHARD B. KIMBALL, Esq., the very popular author of "The Revelations of Wall Street," "St. Leger," &c. A series of papers by HON. HORACE GREELY, embedying the distinguished author's observations on the growth and development of the Great West. A series of articles by the author of "Through the Cotton States," containing the result of an extended tour through the seaboard Slave States, just prior to the breaking out of the war, and presenting a startling and truthful picture of the real condition of that region. No pains will be spared to render the literary attractions of the CONTINENTAL both brilliant and substantial. The lyrical or descriptive talents of the most emineut literati have been promised to its pages ; and nothing will be admitted which will not be distinguished by marked energy, originality, and solid strength. Avoiding every influence or association partaking of clique or coterie, it will be open to all contributions of real merit, even from writers differing materially in their views; the only limitation required being that of devotion to the Union, and the only standard of acceptance that of intrinsic excellence.

The EDITORIAL DEPARTMENT will embrace. in addition to vigorous and fearless comments on the events of the times, general gossip with the reader on all current topics, and also devote abundant space to those racy specimens of American wit and humor, without which there can be no perfect exposition of our national character. Among those who will contribute regularly to this department, may be mentioned the name of CHARLES F. BROWN (Artemus Ward), from whom we have promised an entirely new and original series OF SKETCHES OF WESTERN LIFE.

The CONTINENTAL will be liberal and pro gressive, without yielding to chimeras and hopes beyond the grasp of the age; and it will endeavor to reflect the feelings and interests of the American people, and to illustrate both their serious and humorous peculiarities. In short, uo palus will be spared to make it the REPRESENTATIVE MAGAZINE OF the time.

TERMS :-- Three Dollars per year, in advance (postage paid by the Publishers ;) Two Copies for Five Dollars ; Three Copies for Six Dollars, (postage unpaid); Eleven Copies for Twenty Dollars, (postage unpaid). Single numbers can be procured of any Newsdealer in the United States. The KNICKER-BOCKER MANAZINE and the CONTINENTAL MONTHLY will be furnished for one year at Four Dollars.

Appreciating the importance of literature to the soldier on duty, the publisher will send the CONTINENTAL gratis, to any regiment in active service, on application being made by its Colonel or Chaplain ; he will also receive subscriptions from those desiring to furnish

subjects that the present disturbed state of ged upon here. Independent, steady and 5. A CARD .-WITMER'S BRIDGE, Lancaster Tp. July 30, 1860. MESSRS. EVANS AND WATSON : GENTLEMEN-The small size No. 1 Salamander safe which I purchased from your agent, Mr. Adam R. Barr, in Lancaster City, on July 20th, 1858, has been subjected to a very severe test, which it withstood in a most satisfactory manner. This Safe, containing all my books together with valuable papers belonging to myself and some to my neighbors and friends. and represeting a value of over Twenty Thousand Dollars, (\$20,009) was in my Mill which was destroyed on the night of the 27th of July, 1860, and passed through the fiery ordeal unscathed. The Safe was on the second floor and fell to the basement of the Mill, and was subjected for six hours to an intense heat among the rules, which was greatly increased by the combination of a large quantity of grain confined within the buick walls After the fire the safe was opened and the books and papers taken out in a state of perfect preservation, the paper not even being discolored. This fact was, however, to many bystanders a better recommendation of your Safes than could be expressed in any other words from Yours Respectfully, me. [sel3 SAMUEL RANCK.

1953. A large as ortment of the above quality of Fire and Thief Proof Safes always on hand and for sole at as low rates as any other
