25,000 refused to be mustered into the service of the United States, in consequence of circumstances of prior occurrence not necessary to be here stated.

In this embarrassment, the emergency being very pressing, after consultation with the President, he authorized and requested me to call them on behalf of the State, and for the defence of the State, the United States paying all the expenses of their clothing, equipment, subsistence, &c. It was, however, alleged that there was no appropriation for their pay. To remove this difficulty the General Government applied to banks and other moneyed corporations in Philadelphia to advance the amount of the pay, on a pledge that, when Congress met, the passage of a bill to reimburse them should be recommended. These institutions declined this proposition, but expressed their willingness to make the advances if I would pledge myself to recommend to the Legislature the passage of such an act in case Congress should not provide for reimbursing them. Under these circumstances, I received from the Executive of the United States the pledge which he had proposed to give to the banks, &c., and upon that I gave the necessary pledge to them, and they advanced the required funds accordingly. The following telegram from the Secretary of War will show in part the ground on which I acted :

WASHINGTON, July 22, 1863. To His Excellency, Gov. A. G. CUBTIN :

Your telegrams, respecting the pay of militia called out under your proclamation of the 27th of June, have been referred to the Presideut for instructions, and have been under his consideration. He directs me to say that, while no law or appropriation authorizes the payment by the General Government of troops that have not been mustered into the service Congress to make an appropriation for the payment of troops called into State service to repel an actual invasion, including those of the State of Pennsylvania. If, in the meantime, you can raise the necessary amount, as has been done in other States, the appropriation will be applied to refund the advance to those who made it.

Measures have been taken for the payment of troops mustered into the United States service, as soon as the muster and pay rolls are made out. The answer of this Department to you, as Governor of the State, will be given directly to yourself whenever the Department is prepared to make answer. EDWIN M. STANTON, (Signed)

Secretary of War. When Congress mat, the Executive of the United States did not recommend the passage of the necessary act. I have un-

I assure you that unless these difficulties are relieved there will be created a general discontent which will be injurious hereafter ; and it is my fervent desire for the success of your administration which leads me to bring them directly to your notice. Very respectfully,

Your obedient servant, A. G. CURTIN.

To the PRESIDENT. The refusal has been persisted in, under an opinion of the Attorney General of the United States, a copy of which was sent to me.

I recommend that the Legislature make proper efforts to have this injustice corrected.

The report of David Wills, Esq., president of the Soldier's National Cemetery, Gettysburg, herewith transmitted, at shows the present condition of the cemetery. As the battle of Gettysburg resulted in a glorious victory, and was in fact the beginning of the end of the war, and occurred on the soil of the Commonwealth, I think it would be well that it should be commemorated by an historical painting, to be placed in the Capitol of the State; and I recommend that the Legislature take measures for that purpose.

The State of Maryland has proposed to her sister States that they unite with her in establishing a cemetery for our soldiers who fell at Antietam. I herewith transmit copies of the Maryland statute, and other documents on this subject, and recommend the passage of an act heartily accepting the proposition of the State of Maryland. All the States having promptly and generously responded to our proposition to have a cemetery at Gettysburg, it would seem proper that we should reciprocate, and unite in this. The duty is made more sacred when we remember of the United States, he will recommend to that more of Pennsylvania's sons fell in that battle than those of any other State.

The report of the State Agent at Washington, herewith transmitted, shows that under his efficient management the claims of our soldiers are promptly examined and paid. Every effort has been made to apprise our officers and men that their claims will be collected by the State Agent (Col. Jordan), without expense to them; yet it is feared that many of them continue to employ private claim agents, whose fees bear heavily on the claimants.

expended of the secret service fund, the sum of four thousand three hundred and thirty-three dollars and twenty cents, out of which I have paid my personal staff the land. derstood that the subject was called to and other extraordinary expenses. No appropriation is required for the increase of this fund. I invite your attention to the reports of the Military Departments of the State, to the report of the Superintendent of Common Schools, which exhibits the prosperous condition of our system of public education, and to the report of the Surveyor General, and recommend to your favorable consideration the many excellent suggestions made by that officer. I commend to your earpest consideration the suggestion made by the Surgeon General in his report, herewith transmitted, on the propriety of legislation for the faith that they should be discharged as protection of our people, by proper sanisoon as, in my judgment, the emergency | tary measures, from the ravages of the should have ceased. the attention of the proper committee, by the Secretary of War, but as the President did not send a message explaining the circumstances of the case, the appropriation failed, as the members of Corgress had thus no means of explaining to their constituents the difference between the case (which was in substance a loan to the United States, upon the pledge of the Executive for its repayment), and the case of the voluntary expenditure of mousy for military purposes of Pennsylvania and most of the other States.

I will add that the men came into the service for the emergency only, and on the ceased immediately after the battle of Gettysburg, which commenced on the 1st of July 1863; yet the men, against my urgent and repeated remonstrances, were charged till in September.

I recommend that the Legislature adopt measures to bring the subject again be fore Cougress, and obtain repayment of this sum, amounting to \$671,476 43, with interest on the same, which the General Government has thus far so unwarrantably withheld.

Great injustice has been done to private soldiers, who went into service under the provisions of the act of Congress, by refusing to pay them the full bounties offered by the terms of that act. The following letter which I addressed to the Secretary of War, sufficiently explains the po-sition of this affair :

EXECUTIVE CHAMBER. HABRISBURG, Pa., June 5, 1865.

Sin :- There are two subjects counected with the discharge of volunteers which are of so much importance that I teel justified in calling your attention to them.

First. The men are being paid only to the be discharged. This will cause them to lose United States. a few days' pay, depending principally upon the promptness and disposition of the officers of the United States having the matter in charge. It is a matter of little moment to the Government, but the men feel it to be an injustice, and if, under the acts of Congress, they can be paid until discharged, I shink you will agree with them.

Second. The Circular No. 29 from Provost Marshal General's Office, dated July 19, 1864, " under which the volunteers now to be discharged were raised," it is stated that the bounty provided by law is as follows :

"For secrets, including representative reeruits, while or colored, \$100."

And it is further added, that the first instalment of the bounty will be paid when the recruit is mustered in, as follows :

are of opinion that they are entitled to the remainder of their bounty when discharged from service.
