EBENSBURG AND CRESSON RAILROAD. On and after Monday, November 20, 1865, mins on this road will run as follows : LEAVE EBENSBURG-At 5:35 A. M., connecting with Day Ex. East and Pitts. & Erie West. At 3:20 P. M., connecting with Altoona Accom. West and Mail East. LEAVE CRESSON-At 7.50 A. M., or on departure of Pitts. a Erie Mail West. At 5.25 P. M., or on departure of Mail Train East. THE APPROACHING BORO. ELECTION.

The annual election of local officers for the several boros. and townships of Camhabounty will be held on Friday of next ei, the 16th instant. Speaking parinlarly with reference to Ebensburg, we sold say that, in our opinion, too little isportance has heretofore been attached to this election. The usual custom has heen for a handful of voters of either parto meet together in some out-of-the way ace the night before the election, huredly patch up a ticket, which was often wood and often bad, and then dismiss the natter from further consideration-voting d prevailing on others to vote if the im possessed them on election-day, or voting in the absence of this whim. the whole thing was looked upon, apparentas an annual-recurring bore, which sho'd put out of sight, and so out of mind, as

sily and as expeditiously as possible. All this is wrong. The duty of choosofficers to administer the municipal firs of the boro. is too important to be hus hurriedly passed over, for a boro. an no more remain prosperous and in rood condition with an inefficient Burgess and Council, than can a State with an inefficient Governor and subordinate offiers. Streets lost sight of in mud and th-pavements and crossings of no pracical use for the purposes for which they se originally intended-no laws to meet he necessities of emergencies which are bually arising-a town surely going away and rain-these are some of the as which must of necessity follow the tion of boro. officers who are incomand unfit to discharge the duties mosed on them. stead of looking upon the local elecas a bore, it should be treated as a mer of the very first moment. We all owledge that it is important that we ild elect good men to fill the State ofit is more important that we elect d boro. officers-for of what practical il would it be to us that the State is in a prosperous condition, while at same time our boro. is suffered to fall decay? We would scarcely feel the eets of three years of maladministration the part of the State authorities ; but re years of inefficiency in our local erament would be noticed most keenly. We think, and always have thought, tit is a mistake to allow politics to infire in a boro. election. Those men ald be elected who would best keep ab and ward over the interests of the n, and any possible stand they may te taken on the question of "reconstruc-"," or on any similar question, should work to their disadvantage. Entering this view, we would favor the mation and election of a union ticket. th seems to be determined that polimust exercise a disturbing influence since it is so, the mistake (if it be a rcha ake) can in great measure be obviated the nomination of good men only on er of the rival tickets. In any event, , good men must be elected. propos of this subject: It is more n likely that these shores will receive isitation the coming summer from the aded pestilence, the Asiatic cholera. know that this particular section has mofore been exempt from the ravages his enemy of mankind, but that is not od stand-point from which to argue t we will always be so exempt. The lera is singularly erratic in its choice line of travel, and it would not be prising if it would now pass by Pittss where its presence has been felt, it might unfurl its dread banner mrmidst. Much stress is laid on the that Ebensburg is situated on the mitof a very high mountain, to which pularly ascribed our immunity thus on the pestilence. But it should be abered that the cholera surmounted malayas, 17,000 feet in hight-why

GOING IT BLIND .- In reading over the proceedings of the Dem. Co. Committee at their late meeting held in the Court House, we come across the following paragraph, which takes the breath away from us entirely :

Resolved, That the Democracy of Cambria county, hold a ratification meeting at the Court House, in Ebensburg, on Wednesday, the 7th of March next, to ratify the nomina-

OUR JOHNSTOWN LETTER. STORMS AND WINTRY WEATHER-SEATING-A SKATING POND-NARROW ESCAPE FROM DEATH BY DEOWNING-GOOD SLEIGHING, &C., &C.

JOHNSTOWN, Feb. 5, 1866. Dear Alleg. :- The popular supposi tion in this neighborhood is that an ani mal of the porcine species yelept "ground hog" saw his shadow on Candlemas day. Therefore, we are going to have six weeks " Judgments 1,489 65 more cold weather. The clerk who is supposed to superintend meteorological matters in this department is up to time, and from present indications is determined that his hogship shall not prove a false prophet. Old Boreas is performing his most unpopular tunes around the house corners to-night, and one and all hug the

fire as close as may be. Our young ladies continue to indulge largely in the graceful and health-giving exercise of skating, and many of them are fast becoming experts in that line .--In this connection, it may be not amiss to venture the suggestion that ere another season arrives, a proper pond should be prepared here, for the better accommodation of such as may desire to skate. A mere trifle of expense only would be nec-

essary to secure this very desirable accommodation. Two boys named Weaver came very

near drowning in the river below Kernville, one day last week. They were skating at the time, and fell through a hole

in the ice. Through the exertions of a young man named Epply, they were rescued from a watery grave. The sleighing is once more good, of

which fact our young folks are not slow to avail themselves. A party from Cam-

bria city went per sleigh to Davidsville one evening last week, and tripped it on "the light fantastic" until morning. Casper and John Easly, for the last year sojourners in Mexico, returned home here last week. They express themselves highly pleased with their trip. D. D.

To CORRESPONDENTS .- "John :" The term "old soldier," in the popular acceptation of the term, does not mean a mili-

DEMOCRATIC POLITICS .- The Democratic Co. Committee of Cambria county convened a few days since, and elected Mr. Philip Collins Representative delegate to the Dem. State Convention, with instructions to support R. L. Johnston, Esq., of Ebensburg, for Governor. Edward Glass, E. R. Dunnegan and John Campbell, Esquires, were elected conferees to the Senatorial Conference, with instructions to support Hon. C. L. Pershing for Senatorial Delegate.

We would like to see our distinguished fellow-townsman, Mr. Johnston, nominated for Governor. As a writer in the Dem. & Sent. aptly remarks, he is a man of distinguished ability, honorable, honest, consistent, persevering, and with a clean record, and would doubtless come within 50,000 votes of being elected.

MEETING OF THE CO. COMMITTEE. It should be borne in mind that a meeting of the Union County Committee of Cambria county, to select a Representative delegate to the State Convention and choose conferees to meet other conferees from Indiana and Jefferson counties and select a Senatorial delegate to said Convention, will be held in the Court House, Ebensburg, on next Saturday, 10th instant, at one o'clock, p. m. Let there be a full attendance !

We believe the Unicn men have not yet promulgated a call for a Convention in either Indiana or Jefferson county .-They should be up and doing, that the Senatorial conference may be able to meet at as early a day as possible.

COMING AROUND .- The Johnstown Democrat, in conformity with our suggestion, has amended and otherwise improved that celebrated proposition, original with itself, which declared that "there is more slavery in the land, both physical, mental and moral, than ever before." As now presented, it runs about thus-"There is more Southern slavery and more Northern slavery, more negro slavery and more white slavery, than ever be-

ONE TRIAL WILL CONVINCE !

Baltimore, Fairfield County, Ohio, 1 Jaguary 21, 1859.

MR. R. E. SELLERS :- Dear Sir :--- I am entirely out of your "Imperial Cough Syrup." Will you send me, say six dozen. I do not want to be out of it, as it is the only medicine that will come so near raising the dead. It will cure the worst cough immediately : I have recommended it to persons and given them one bottle on trial, and in every case they have given clear testimony that it gave immediate relief.

I have used it in my own family, and find it a sure cure for coughs and colds of all classes. One trial will convince any person that it is a sure cure for the worst of coughs and colds. Yours, etc.,

A. L. SIMMANS.

The above is strong testimony, and offered without solicitation, in behalf of the best cough medicine of the day.

ion which will be made at the oth of Mar Convention

There's party discipline for you !-There's blind adherence to party platforms and party leaders! Talk about an army being an animated machine led and controlled by a single mind-that's nothing to the machine called Democracy, which is led and controlled by a single instinct, and that instinct an unconquerable hankering after place and power !--'To ratify the nomination which will be made"-mark you. If, now, in the Democratic Convention, it should be thought that George W. Cass, Heister Clymer, R. L. Johnston, nor any man at present named for Governor, could defeat our candidate, but that the Gentleman in Black who rules in Tophet would be equal to the undertaking, the latter would undoubtedly be placed in nomination by the convention, and our Cambria county Democracy, by the strict letter of their resolution, stand pledged to "ratify" him, horns, hoof, cloven tail, and all! And

we know they would do it. THE PAUL-MUNDAY MURDER-SIN-GULAR CIRCUMSTANCE .- The Pittsburg Commercial relates the following circumstance connected with the Paul-Munday murder: "Alderman Joshua Robinson, of the Fourth ward, Alleghany, was called upon a short time ago by the proper authorities from Ebensburg, Cambria county, to take the testimony of a woman living in the First ward, Alleghany city, in reference to the case of Daniel Buser, who was recently (in conjunction with John B. Howser) convicted in Cambria county for the murder of Pollie Paul and Cassie Munday. She had frequently related to different persons that she knew Daniel Buser, and that he atlended to her in Alleghany city as a quack doctor on the day before, the very day, and the day after the murder was committed .-Alderman Robinson, on proceeding to the

residence of the woman to take her testimony, was astonished to find that she had died just a few moments before his arrival-a very singular circomstance. It will be remembered that a special allocatur was a short time ago granted in the case of Buser and Howser, on account of some additional evidence which it was thought could be produced for the defense, and it is believed that the evidence of the woman above referred to was the princi-

tary veteran, as you seem to think, but a quid of tobacco which has been rolled under the tongue until its virtue is extracted, and then thrown away. Talking of tobacco, if you use the article in any of its many forms, you ought to buy it at J. M. Thompson's, P. O. building, Eb.

ensburg. He keeps only the best. "Tabitha :" The Empress Eugenie has not doffed crinoline and donned the bustle, all reports to the contrary nothwithstanding. She may, indeed, have doffed the crinoline upon the occasion of going to bed, (an empress sometimes sleeps,) but it was only to don it again next morning, and all this without any bustle. Balmoral skirts, the same as worn by the Empress, can be bought at J. M. Thompson's, who has also for sale the latest-style breakfast shawls, scarfs, &c., &c.

SINGULAR DEATH .-- A three-year-old son of a widow woman named Sharp, residing in the suburbs of this town, died

suddenly on Saturday last. He was playing with some comrades of his own age at the time, in a neighbor's house, when, from some unaccountable cause, he suddenly sank down and expired. The circumstances attending the death were deemed so mysterious that a post-mortem examination of the remains was had on Sunday, by Drs. Bunn, Evans and Lemon. The examination disclosed the presence of a piece of wood, about two inches long and three-eighths of an 'inch thick, in the windpipe! This, of itself, would produce death instantly as a stroke of lightning, and of course satisfactorily accounts for the death of the boy. How the stick succeeded in penetrating to the windpipe-whether the boy swallowed it of his own volition, or it was forced there by some unexplained means-is not known and probably never will be known.

NARROW ESCAPE FROM DEATH .--A young man named M'Connel, employed in a steam saw-mill in Summerhill township, this county, made a narrow escape from a shocking death on Saturday. He was working at the time at or near the circular saw, when some portion of his clothing was caught in the machinery, and he was rapidly drawn towards the swift-revolving saw. Fortunately, however, his situation was noticed, and the engine stopped in time to save him from pal basis upon which the allocatur was destruction. As it was, he received some
