With malice toward none, with charity for all, with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in; to bind up the nation's wounds; to care for him who shall have borne the battle, and for his widow and his orphan; to do all which may achieve and cherish a just and a lasting peace among our-Second Inaugural Address.

CHARLES BUXTON, of Jackson township.

POOR HOUSE DIRECTOR:

The Huntingdon Globe, not content with hauling down the name of Gen. Jno. W. Genry, and with showing a general recreancy to the principles of the Republican Union party, gives utterance, either through becoming ignorance, or the basest malignity, to a gossamer tissue of falsehoods that would do unsurpassable honor to the father of all lies. It is not for the human mind to conceive how any greater amount of misrepresentation could be crowded into a space so diminutive. In order that the Globe may not have occasion to complain of unfair treatment, we publish its entire article, though we can scarcely say we hope for like action on its part. The Globe's article is as fol-

swer, for the simple reason that he has not got the power. According to the Constitution. Congress has power to punish treason in individuals, and when it met, President Johnson bad nothing to do with the punishment Congress adjourned without even sanctioning the trial of Jeff. Davis. Spontaneity.

Speaking of the nomination of Daniel J. Morrell as the Congressional Representative from this district, the Johnstown Tribune says: "We remark with pride that it was wholly the result of the spontaneous expression of preference by the masses of the Union party of the district."

Some men have much sagacity, others Tribune has none at all.
