Now that slavery and constituwill give three more Representatives, or tion of the amendment, declares that when the rights of suffrage are abridged in any State, representation shall be reduced in the same proportion. This is one of the questions at issue. I was looking over statistics of South Carolina the other day, and found that twenty-six thousand white inhabitants elected four Representatives to Congress. In this State it takes nearly five hundred thousand white inhabitants to elect four Representatives, and yet this is one of the principles Andrew Johnson is trying to force upon you, that one man throughout the South should be equal to three or four of you, and men in high positions in the national councils also advocate the same doctrine. We want the South to come back to its old relationship, but it must be on terms of perfect equali-
