

LOCAL AND PERSONAL.

EBENSBURG AND CRESSON RAILROAD. On and after Monday, April 29, 1867, trains on this road will run as follows: LEAVE EBENSBURG—At 6:05 A. M., connecting with Day Exp. East and Phil. Exp. West. At 7:15 P. M., connecting with Phila. Exp. East and Mail Train West. LEAVE CRESSON—At 5:30 A. M., or on departure of Phil. Express West. At 5:30 P. M., or on departure of Phila. Express East.

TO OUR PATRONS.—Next week is Court week. As everybody is supposed to visit the county-seat during Court, an excellent opportunity will then be afforded all those in arrears to see for themselves, &c., to come forward and square up. We are obliged to pay cash for labor and material, and prompt payment on the part of those indebted to us will alone enable us to "make both ends meet." We hope our patrons will come nobly to the rescue.

CONVICTION OF JOHNSON FOR COUNTERFEITING.—The case of the Commonwealth vs. William Johnson, of Altoona, indicted for uttering spurious U. S. fractional currency, was concluded before the U. S. Court at Pittsburg, on Thursday, after seven days trial. The jury, after a deliberation of one hour, found a verdict of guilty.

The Pittsburg Commercial has the following remarks in this connection: "The case was one of the most interesting ever had in the United States District Court. A gentleman nearly sixty years of age, and who, according to the testimony of many respectable citizens from his vicinity, had always sustained a fair reputation, was convicted of the crime of counterfeiting, and the jury only required one hour to consider the testimony and agree upon a verdict. The only witness upon whom the Government really depended was Captain S. D. Franklin, of Philadelphia, a Government detective; his testimony was given in a clear and decided manner, and his story had every appearance of truthfulness. He had visited Altoona on the 11th of April last, and purchased one hundred dollars in counterfeit money from the defendant, and this money was in court. The only hope for the accused party was to break down Franklin's testimony; the witness was subjected to a most searching cross-examination of nearly three hours, but did not contradict himself in any important particular. Witnesses were then introduced by the defense to show that the whole story was a falsehood and that the matter had been 'put up' on Johnson. Among these witnesses, and perhaps the most important, were three former assistant detectives. They testified that Franklin had given them counterfeit money, and asked them why they did not pass it, and had also told them he intended to make money out of the Johnson case; they all swore that they would not believe him under oath, and other witnesses were introduced to sustain them in their statements in reference to his credibility. The testimony of all these witnesses was broken down, and their assaults on Mr. Franklin's character proved to be false by testimony that could not be disputed."

MEMORANDA.—Twenty thousand emigrants have gone west over the Pennsylvania Railroad since January 1st. The trusty and well beloved James Buchanan, ex-President &c., went to Philadelphia last week, took sick with dysentery, and nearly died. The Indiana agricultural fair will be held October 2d, 3d and 4th. Two or three public meetings have lately been held in Indiana county in favor of the construction of a line of railroad from Homer, on the Indiana branch, to Cherry Tree. On Saturday, this section was visited by a tremendous rain-storm, accompanied by thunder and lightning. A little girl named Snyder, a niece of Mr. Henry Foster, was prostrated by the electric fluid. Senator Cameron is staying at Bedford Springs. It is said that the Treasury Department has abandoned the idea of issuing fifteen-cent shipplasters. The citizens of Altoona are going to vote for or against the purchase of a second steam engine on the 31st. The Dem. Co. Committee of Cambria county will meet in Ebensburg in the evening of the 2d prox. The post office at Mineral Point, Cambria county, has been re-established, with John Morrell as Postmaster. We direct attention to the card of Mr. Jacob Fulmer, who has opened out a wagon-maker shop in the shop formerly occupied by Mr. Wm. Leighty. Mr. F. is a good workman and deserves support.

OUR SCHOOLS.—The Teachers' Advocate says that Mr. G. W. Cope, a gentleman who stands high in the teachers' profession, has been engaged to take charge of the Ebensburg public schools, at a salary of \$70 per month.

BASE BALL.—The much talked of muffin game came off on Friday last, and was a grand success. The play of the muffers was indeed fearful and wonderful, and fully up to popular expectation. A committee was appointed to award the premiums offered, but up to the present time they have been unable to decide as to who are entitled to the same. A like game will be played to-day, (Thursday,) until which time the committee have asked for an extension of time to report. We submit the score: Muffins. R. O. Knochmetstiff. R. O. R. J. ON MONDAY, the first nine of the "Star" club of Altoona visited Ebensburg, and played a game with the "Mountaineer" first nine in the afternoon. It was well contested throughout, and a pleasant, enjoyable game. Following is the score: Mountaineers. R. O. Stars. R. O. Jones, c..... 9 0 Vache, ss..... 4 3 F. A CONFLICT.—There is a well defined difference of opinion between the mail agent on our branch railroad and the mail agent at Cresson as to whose duty it is to put the mails for Ebensburg on the cars. The task is not a herculean one, but either one contends that the other should of right perform it. One result of this difference is that on Tuesday evening our mails were not put on the cars at all, but were allowed to remain over night at Cresson. It is a gratification to know that the belligerent officials have been reported to headquarters, from whence an order will probably be speedily issued removing all cause for conflict of opinion in the premises.

JOHNSTOWN ITEMS.—A little boy named Charley Lyon, son of a widow woman living in Pittsburg, had a leg cut off on Monday of last week by a train of the Cambria Iron Co.'s coal cars running over him. Dennis M'Carty, an old citizen of Millville boro., while engaged at work in the rolling mill, was struck on the head by a piece of machinery and killed. A pontoon bridge has recently been constructed over the Conemaugh river at Lather's Lock, eight miles west of Johnstown. The "Irons" and "Kicks" played a match game in Johnstown on Saturday. Score, Irons 22, Kicks 11.

LOCAL CORRESPONDENCE. LETTER FROM HEMLOCK—THE "BLACKBERRY BUSINESS"—BASE BALL, &c., &c. HEMLOCK, August 26, 1867. To the Editor of The Alleghanian: Business has been very dull here of late in coal, lumber, and merchandise, but the berry trade is lively. Blackberries are very abundant in this section, and sell at six cents per quart. Two thousand and quarts per day are shipped hence to Pittsburg, while the home consumption is also considerable.

Base ball is flourishing with us. A second club, a junior organization, has been instituted here. It is called the "Grant Club." The members played a game on Saturday, and did very well. A lively party and dance came off here on Friday evening, whereat those participating enjoyed themselves hugely. O.

MASONIC EXCURSION.—On Tuesday evening, a body of "brethren of the mystic tie," numbering probably fifty, came to Ebensburg from Altoona, in a special train, for the purpose of visiting Summit Lodge No. 312. They appeared to enjoy the evening hugely, and returned home at midnight.

The most natural thing in the world is for a person to wish to have a neat and, at the same time, serviceable suit of clothing, and for the benefit of persons who are not aware of the fact, we will state that V. S. Barker has an unusually large stock of ready-made clothing on hand.

HOUSEKEEPERS will find a full assortment of the different kinds of dry goods, groceries, &c., at J. M. Thompson's cheap cash store. Everybody will find it to be immensely to their advantage to call at Jim's before purchasing elsewhere.

DON'T forget to call at C. T. Roberts' and see his magnificent collection of American watches. The ladies should also remember that his supply of jewelry is not surpassed outside the large cities, and that his prices are lower than the lowest.

The latest report from the east ward is that as large a stock of goods as ever is kept on hand at A. A. Barker's. People go there now more confident than ever that they will get the worth of their money. Give him a call.

WEARING apparel of all kinds is kept in endless variety at Mills & Davis' store, Ebensburg. They are in constant receipt of goods, and by this means are enabled to keep all the latest styles.

GOING VERY FAST!—Ours is an age of wonderful inventions. The minds of ingenious men have brought forth machinery thereby facilitating and making labor easy, and among the rest, the blacksmith has not been forgotten; for I. C. Singer has invented a machine which makes the process of bending heavy or light tires, bands, &c., an easy and pleasant task. This machine is gauged and numbered so as to show exactly where to place the rollers, in order to bend the desired diameter. Hundreds of references can be given. To get the machine, address, R. H. Singer, Ebensburg, Pa. The rights to sell this machine in a few States remain to be disposed of. None need apply for Pennsylvania, as the inventor is doing well selling machines, and intends holding it for that purpose.

N. B.—The place to get your horse well shod, wagon tire made and general blacksmithing done is at R. H. Singer's Shop, near Isaac Evans' tannery.

HISTORY OF THE PENNA. RESERVE CORPS.—This interesting book has just been published, and subscriptions will be received by Mr. Silas H. Davis, the agent for this place. It contains a complete record of the organization of the different companies, regiments and brigades; descriptions of marches, skirmishes and battles, together with biographical sketches of officers, and personal record of each man during his term of service; and in fact, it contains a minute description of every movement of this famous organization from the time it entered the service until it was mustered out. The history is well printed, contains 724 pages, and should find a place in every family.

WOMAN'S WORK IN THE CIVIL WAR.—A work of real value, absorbing interest and universal popularity. The press and literary people everywhere commend and endorse it. It records the consecrated work of woman in organized and united effort, and the names of nearly 600 of our country's noblest women, with what they did for humanity and for the nation in its darkest hours. Beautiful steel portraits of a number of these ladies adorn the work, and it is acknowledged to be one of the finest works ever published. Clergymen, Teachers, Experienced Agents, and Ladies will find it to their advantage to canvass for this work. Address ZEIGLER, M'CURDY & CO., 501 Chestnut st., Philadelphia, Pa. [Oct 13-3m]
