

A New Magazine.

HEMLOCK, August 12, 1867. To the Editor of The Alleghanian: A new magazine, devoted to radical ideas of universal suffrage, universal education, equality of all men before the law, the right of every citizen, regardless of race, color, or sex, of lawful age, and unconvicted of crime, to participate in the choice of rulers and making of the laws by which they are to be governed; free speech, free trade, freedom from arbitrary and illegal arrests, and the right of habeas corpus and trial by jury; moral, and, as far as possible, physical aid to the republicans of Europe in all their struggles with despotism; the democratizing and liberalizing of our State and Federal constitutions as cardinal principles of their political faith, &c., &c., is about to be launched. The first number will be issued next September and brought out simultaneously in New York, New Orleans, and St. Louis. European as well as American writers will be employed as contributors, the object being to make it an organ for both hemispheres. It will contain from ninety-six to one hundred and twenty-eight pages per month, and will be furnished to subscribers at the rate of \$5 per annum. C. E. Moss & Co. are the publishers.

The prospectus of the forthcoming work indicates it to be of gigantic conception, and promises to be established on a basis commensurate with the undertaking. Its projectors flatter themselves that they are enabled to summon to its aid the most able support in both hemispheres. Hence, they bespeak for it a universal dissemination of democratic principles that will shed a flood of light over all the nations of the globe, and thereby dispel the clouds of despotism which have hid from the people for so many ages the true conception of their inalienable rights. The work indicated purports to be a most valuable acquisition to National literature, in order to meet the exigencies of the times, especially to us, to advocate the establishment of sound Democratic principles on a permanent basis in our State institutions, so as to obviate every tendency to despotism in the future. A work of this kind seems to be peculiarly available to us at this juncture, as our three-happy country has only recently risen, amidst blood and carnage, from the thraldom of a republican despotism to the glorious realization of liberty to all her citizens, irrespective of caste; besides, the potency of her efforts in passing triumphantly through the ordeal of civil war shook all the governments of the world and stultified the greatest statesmen. Relieved of the burden of a most odious and disgraceful despotism, she at once ascended to the glorious zenith in the galaxy of nations.

The many recent events of history which have crowded each other in rapid succession, that are so common or which, perhaps, will find a more prominent place in its columns than the event of the electric fluid becoming a vehicle of thought, thro' the ocean, for it is the means of a potent tendency to the most gigantic and grand results, viz: unity of interests, unity of principles, unity of political sentiment in nationalities, and, the consummation of all, unity in religion. Every step towards union in the right direction, is a step towards political and social happiness. Besides asserting the principle of equal rights, on which our government is based, it will also assert the demand of reason for unity of thought on all vital subjects. All men have the capacity to know and believe the same truths. That they do not, is either because they neglect to apply their capacities sufficiently, or do not apply them rightly.

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection, and that dread disease Consumption, is anxious to make known to his fellow-sufferers the means of cure. To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, Coughs, Colds, and all Throat and Lung Affections. The only object of the advertiser in sending the prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, free, by return mail, will please address, Rev. EDWARD A. WILSON, Williamsburg, Kings co., New York. July 18, 1867-ly.

GOING VERY FAST!—Ours is an age of wonderful inventions. The minds of ingenious men have brought forth machinery thereby facilitating and making labor easy, and among the rest, the blacksmith has not been forgotten: for I. C. Singer has invented a machine which makes the process of bending heavy or light tires, bands, &c., an easy and pleasant task. This machine is guaged and numbered so as to show exactly where to place the rollers, in order to bend the desired diameter. Hundreds of references can be given. To get the machine, address, R. H. Singer, Ebensburg, Pa. The rights to sell this machine in a few States remain to be disposed of. None need apply for Pennsylvania, as the inventor is doing well selling machines, and intends holding it for that purpose.

N. B.—The place to get your horse well shod, wagon tire made and general blacksmithing done is at R. H. Singer's Shop, near Isaac Evans' tannery.

ERRORS OF YOUTH.—A gentleman who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience can do so by addressing, in perfect confidence, JOHN B. OGDEN, 42 Cedar st., N. Y.

A CARD TO THE LADIES!

DR. DUPONCO'S GOLDEN PERIODICAL PILLS FOR FEMALES. In correcting Irregularities, removing Obstructions of the Monthly Turns, from whatever cause, and always successful as a Preventive.

It is now over thirty years since the above celebrated Pills were discovered by Dr. Duponco, of Paris, during which time they have been extensively and successfully used in most of the public institutions—as well as in private practice—of both hemispheres, with unparalleled success in every case, and it is only at the "urgent request" of the thousands of ladies who have used them that I am induced to make the Pills public for the alleviation of those suffering from any irregularities whatever, as well as to prevent an increase of family where health will not permit it. Females peculiarly situated, or those supposing themselves so, are cautioned against using these Pills while in that condition, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to health—otherwise the Pills are recommended.

ONE BOX IS SUFFICIENT. Full and explicit directions accompany each box, which must be strictly followed, and all diseases peculiar to females may be speedily cured.

Price \$1 per box; six boxes, \$5. Sold by one druggist in every town, village, city and hamlet throughout the world. Sold in Ebensburg, Pa., by P. J. LLOYD, Druggist.

Ladies, by sending him \$1 to the Ebersburg P. O., can have the Pills sent (confidentially) by mail to any part of the country, free of postage.

Sold also by Roush & Taylor, Altoona; Johnson, Holloway & Cowden, Phila; Demas Barnes & Co., New York; S. D. Howe, Sole Proprietor, New York. [april-ly]

A CARD.—

WITMER'S BRIDGE, Lancaster Tp. July 30, 1867. Messrs. EVANS AND WATSON: GENTLEMEN: The small size No. 1 Salamander safe which I purchased from your agent, Mr. Adam L. Hart, Lancaster City, on the 20th, 1867, has been subjected to a very satisfactory test which it withstood in a most satisfactory manner. This safe, containing all my household together with valuable papers belonging to myself and some to my neighbors and friends, and representing a value of over Twenty Thousand Dollars, (\$20,000) was in my Mill which was destroyed on the night of the 23rd of July, 1867, and passed through the fiery ordeal unscathed. The safe was on the second floor and fell to the basement of the Mill, and was subjected for six hours to an intense heat among the ruins, which was greatly increased by the combustion of a large quantity of grain confined within the brick walls. After the fire the safe was opened and the books and papers taken out in a state of perfect preservation, the paper not even being discolored. This fact was, however, to many by no means a better recommendation of your safe than could be expressed in any other words from me. Yours Respectfully, SAMUEL RANCK, [Jan24]
