

President of class ; "Arbor Day of '85"—J. D. Hunter ; Music—Quartette entitled "Woodland's Call;" "Class of '89"—J. S. Weller ; Music—Class Song. The address was very patriotic and eloquent, and often interrupted by great applause. The place where the Sophomore trees are planted, and their characteristic arrangement, symbolizing the Roman notation of '89, are highly appreciated by the class.

*FRATERNITY FEELING.*

Two of a kind make a pair. These two are not of a kind ; but they make a very good pair anyway. Do you want to know who they are ? Well, I will tell you then.

You see we were once the "Farmer's High School." That was a long time ago. But we still raise a few small potatoes to show the "countries" when they come to see us. In the picture the new boy and the boy of bygone days are out for the Sunday morning air. The teacher in "raisin' potatoes" has told the new boy to take good care of "sonny" and not let him eat the "raw cow-cumbers," or stone the chickens. He has never been to the city, and does not know what the new boy has on his head. The big fellow does not want him along, but he will not take the hint.
