

Dickinson vs State College.

On the 7th inst., our team departed on the early train for Dickinson, to play the second match. Dickinson took choice of goal, State College the ball. The "V" trick was played well by State College and about 10 yards were gained. Foster's desperate playing was wonderful; when the ball was secured by him, Dickinson would centre its whole team upon him. His endurance surpassed that of any player on either team. Our rush-line was good, but the general team work was loose, and the ball was not played fast enough when near the goal line. Twice State College was within a few feet of the goal line but failed to secure a touch-down owing to hesitancy in handling the ball. The first half ended with a score of 12 to 0 in favor of Dickinson. Once in the second half, State College had the ball within 3 feet of Dickinson's goal line, but in the failure to snap it back soon enough, Dickinson took advantage of it and gained. Throughout the game the ball was played slowly by both sides. Holly made several good runs for Dickinson, also Wallace. The cause of improper drill was the secret of defeat. Strong team work was badly needed at critical points. In this half Dickinson added four points. Fisher and Hildebrand, our heaviest rushers, were badly injured and could not play in the following game with Lehigh. Prof. Cleaver, referee; Prof. Durell Umpire.

Lehigh vs State College.

Lehigh got choice of goal. The "V" trick was again worked, but only about 7 yards gained. In the first scrimmage, Reber muffed the ball and Lehigh gained about 25 yards. This was especially unfortunate in the beginning of the game, as it carried the ball toward State College's goal. In this half, 26 points were gained by Lehigh. Loose playing in the beginning of the game had its effect again. In the second half, a touch-down was soon made by Lehigh. After which, our team got down to solid work and nothing more was added. The features of the game were Mock's brilliant run and Foster's fine playing. Had Fisher and Hildebrand not been injured, a stronger game would have been played.

PERSONALS.

'91. R. W. Greene, of Merchantville, N. J., is attending the University of Pennsylvania.

'89. J. P. Jackson is engaged in the employ of his brother Dougald, of "The Western Engineering Co.," Lincoln, Nebraska.

'91, Miss Clara Hartwick intends to re-enter '91 at the beginning of next term.

'87. Wm. P. Fisher has entered his senior year in the law school of Columbia College.

Allen C. Stevenson, a former student of P. S. C. has gone into business with his father in the firm of Stevenson & Foster, Pittsburgh, Pa.

'85. Rev. Owen Reber has lately been assigned to a parish at Buttonville, Canada.

Andrew Carnegie, Jr., of Pittsburgh, who was in "prepdom" last year, is preparing for Harvard under a tutor at his home.

Dr. Armsby has moved into his new and handsome residence on the north side of the campus.

Robt. G. Davies, a former assistant in the chemical laboratory, has paid us one or two flying visits this term.

'90. Diego W. Abreu, of Santa Clara, Cuba, is detained at his home on account of his father's sickness. Abreu intends to return and complete his course as soon as practicable.

'92. George Crump, of Merchantville, N. J., is gaining an insight into hotel management. He passed the summer at Devon Inn for this purpose. He gains his experience during the winter at the Colonnade, Philadelphia.

Scott Harris, of Bellefonte, is clerking for the Chest Creek Coal and Coke Co., at Hastings, Cambria Co. Hile, of '92, spent his vacation in the employ of the same firm.

J. M. Ward, of the New York base-ball club—the world's champions,—a former student of P. S. C. is contemplating a tour of the world.

'86. Fred Darlington was among us during the last of October. Fred has won success for himself since he went "over there beyond the horizon."
