

1188 (Eleven hundred and eighty-eight) Students in attendance last year at

PEIRCE COLLEGE OF BUSINESS,

Record Building, Nos. 917-919 Chestnut Street, Philad'a, Pa.

—MORNING, AFTERNOON AND NIGHT SESSIONS.—

PEURCE COLLEGE is a College that "vaunteth not itself." What it is has not been made by any artificial means. It has grown solely by virtue of its experienced staff of instructors, chosen for their fitness and adaptation to the positions which they fill, by its wonderfully practical and realistic courses of instruction, by its unrivalled lighting, heating, ventilating, and other appointments, great and small, in the far-famed "Record Building," which protect the health and promote the convenience of its patrons, and by the fidelity to the interests of its students of each officer and member of the Faculty and each attache, from Principal to Janitor.

The following is an extract from a history of Philadelphia, just published.

"This institution has been exceedingly fortunate in the success of the students who have graduated therefrom.

It is no marvel that the Peirce College of Business Diploma carries a warranty of efficiency that makes its graduates eagerly sought after by the leading business men of this and other cities."

It is doubtful if very many Philadelphians even know the extent and importance of its clientele and the result of its training, outside of the facts that may be gleaned from the roll of students annually published. *Send and get one of its Annual Announcements and a copy of its Commencement Proceedings*, that you may be introduced to it, and establish a speaking acquaintance with its results.

Address:

THOMAS MAY PEIRCE, M. A.,
PRINCIPAL AND FOUNDER.

Established 1851.
