

'90. Ralph Crump, of Merchantville, N. J., recently gave up his position with the Union Trust Co., Philadelphia, on account of severe illness. He is at present working on the State Experimental Farm for the benefit of his health.

'85. Mrs. Wm. McMannigal, of Coalport, Pa., has been visiting at the home of her father, Mr. Jno. Foster, of State College.

'87. Mr. Wm. F. White gave an interesting and valuable talk to the electrical students November 14th. Mr. White has been engaged in electrical work with the Western Engineering Co. since he graduated, and has gained much practical knowledge about the installation and management of the various electric light and motor systems.

'87. Harry Duncan is representing the glass firm of Duncan & Co., of Pittsburgh, in New York City.

'89. Henry D. Miles has been sent by the Union Switch and Signal Co. to Kansas City to put up a system of interlocking switches at that place.

'89. It has been reported that U. S. G. Keller was elected Mayor of Boalsburg, by a sweeping majority at the last election.

'90. Walter E. Stevenson stopped off for a few days at the college in the latter part of November while on his way from New York to Pittsburgh.

'91. H. V. Holmes has been proffered a position in a bank in Pueblo, Col., which he thinks of accepting.

'91. Frank P. Atherton was at his home on Thanksgiving Day.

'92. Frank Carnegie is at Columbia College.

Miss Hattie I. Foster, a former student, and Lieut. James A. Leyden, of the Fourth Infantry, U. S. A., who was commandant here a few years ago, were married in the Lemont Presbyterian Church on the 12th of December. We tender them our hearty congratulations.

Prof. John W. Heston attended the meeting of the College Association of the Middle

States, held at the University of Pennsylvania, on the 29th of November.

Ex-Senator Greer, of Butler, this State, spent Sunday, November 24th, with his two sons, both students of the institution.

'90. Benj. W. Demming stopped over with us a few days during the middle of November. Mr. Demming expects soon to fill a position in Edison's Laboratory at Orange, N. J.

'91. J. Howard Smiley is at present on an engineering corps helping to locate a line of railroad through the wilds of Mercer County.

'91. Samuel G. Allen is reading law with the firm of Allen & Higgins in Warren, Pa., and expects to be admitted to the bar about September of '90. As a barrister we bespeak him a bright and prosperous career.
