20 PER CENT.

EXTRA INDUCEMENT SALE.

OUR season for selling winter goods is getting short. We must carry over stock or "extra-induce" buyers. We therefore decide by a timely sacrifice to convert goods into cash, by giving this unusual discount:

Twenty per cent. off from regular market prices, which gives the buyer goods at net cost.

During thirty-three years of business it is our proud record to have won a reputation for avoiding all misrepresentations and keeping all our promises, and this is not one low bait-price to catch average profits, but is a well-defined, broad gauge policy to "extra induce" buyers, and turn a long winter's stock in a short season.

This 20 per cent. discount includes our entire stock of Ready-made Clothing—with Blue and Black goods at ten per cent.
