Taking into consideration the position which the U. P. held in the State championship contest last year, our boys could feel well satisfied with this their game with the University. Monday morning found them all together and en route to Lancaster, a little stiff from Saturday's game, but otherwise in good shape. At 3 o'clock sharp the two teams were upon Franklin and Marshall's grounds, lined up and ready for contest. The contest was a hard fought battle for victory. But the superior watching of their efficient trainer, Mr. Irvine, and their heavy charges upon our rush line were too much for our boys, and the game closed with the score 10 to 0 in favor of F. and M. A fairer contest or a more gentlemanly game was never played before by our team. The absence of scrapping and slugging was a notable feature of the game. It is emphatically the sentiment of our team that the F. and M. boys are gentlemen, and can play foot ball as such.

The arrangement of the teams was :

THEIR CHAPLET IN DEFEAT.

From a Lancaster Paper:

There is an especial degree of satisfaction for admirers of athletic sport in yesterday's victory of the Franklin and Marshall Foot Ball Team over the eleven sturdy visitors from the Pennsylvania State College. After Saturday's splendid struggle, in which the wearers of the blue and white lowered the white and maroon of Lafayette; it might well have been expected that the

Franklin and Marshall players should show some evidence of the exhaustion incident to that important and signal triumph. The victory of the home team is significant, crippled as it was beside by the absence of two skillful and experienced players who were forced by mishaps in Saturday's game to refrain from lending their aid in the trial of strength and skill with the young gentlemen from the State College. But so far from being disabled or exhausted after their initial test with the would-be champions from Easton, our boys went at their opponents yesterday with a vim and determination, skill and purpose, that made them invincible against the muscular vigor of the players of the State College who made such a creditable standing against them.

The Franklin and Marshall Team won on its merits, but it is no disparagement to the manly and gentlemanly young visitors to have been beaten in such a game. Throughout the contest the State College players manifested a spirit of fairness and courtesy, of entire good humor and appreciation of the merits of their adversaries, that reflected the highest credit on their good breeding and on their gentlemanly instinct that might well be emulated by other clubs who are aiming at distinction in the foot ball arena.

Renewing our congratulations to the victors of yesterday's superb contest, the assurance may be given to the young gentlemen of the State College that their defeat in no sense involves discomfiture; that they will at all times be welcome guests of Franklin and Marshall and of the people of Lancaster, and that coupled with the exultant "Nevonia! Nevonia! F. & M.!" lovers of manly sport hereabouts heartily join in the cheer.

"P. S. C. ! Yo-hee ! Hep-rah ? Ra ! Boom ! Rah !"

The above is only one of the many complimentary press notices received by our club while off on its recent trip. Our students should feel proud of having sent out a team which not only played excellent foot ball, but also was the recipient of so many notes of praise and admiration for their gentlemanly bearing and honest playing. The team, though slightly handicapped by the absence of Graham and Foster, did excellent work and fought hard to bring home a victory.

We congratulate you on your well merited success and feel highly elated that a body of our students should excite such general admiration.
