

An exhibition game of base ball was played between '92 and '94 on Saturday, April 25th. On account of the sickness of '94's regular pitcher, Cartwright occupied the box for them. A seveninning game was played, which resulted in a score of 6 to 5 in favor of '92.

The Altoona district of the Y. M. C. A. held their annual convention in Bellefonte, on the 10th 11th and 12th of April. The following delegates, Messrs. Stephenson, Clark, Green and Kintner represented the college Y. M. C. A. They report the convention to have been a success in every respect.

The first of a promised series of lectures on the various departments at Washington was given on Wednesday evening, April 15th, by Mr. Cooley, chief clerk of the Post Office Department. The lecturer gave a detailed account of the Department from its inception to the present time. The few statistics given showed the vast amount of work accomplished by the department during the year, and were, to the majority of the audience, a surprise.

The Senatorial Committee on appropriations, consisting of some seventeen members, visited the college on Tuesday, April 28th. They thoroughly inspected the shops, laboratories and college buildings. Brief speeches were made by several of the committee in the chapel, after which they watched the Battallion during dress parade and review. After supper at the Ladies' Cottage they were driven to Lemont where they took the train for Harrisburg.

The second in the series of departmental lectures was delivered on Friday evening, May 1st, by Chief Engineer Baker of the Brooklyn Navy Yard. Mr. Baker, who in the performance of his duty has visited nearly every part of the world, gave a very instructive lecture. Owing to a misapprehension, he did not deal as fully with the practical workings of the Navy Department as was expected, and for that reason the lecture was not as entertaining as it would otherwise have been.

On Monday evening, May 4th, Gen. D. H. Hastings delivered a lecture on the Johnstown flood in the Bellefonte Opera House, which was attended by a large number of students from the college.

The Chemists and Engineers of the Sophomore class played a match game of base ball on April 18th. The batteries were as follows: Dale and R. B. Mattern for the Chemists and, Greenwood Mitchell for the Engineers. The playing of Mitchell and Orbin for the engineers, and Dale and Mattern for the Chemists, was especially fine. Kintner's phenomenal catch of a hot liner was one of the features of the game. Score was 22 to 16 in favor of the Engineers.

The College Athletic Association at their last meeting on April 16th, elected the following officers for the ensuing year:

C. H. Hile	. . .	President.
J. M. Small,	. . .	V. President.
R. B. Mattern,	. . .	Secretary.
R. W. Williamson,	. . .	Treasurer.
J. J. Kintner,	. . .	Marshal.

At the same meeting the following committee, Loyd, Clark and R. B. Mattern, were appointed to secure a trainer for the ensuing year.

The Tennis games scheduled for May 5th, 7th, and 12th were played with results as follows:

May 5th. A. McKee and Suloff of '91 beat Damon and Knittle of '94. Score 6-1 and 6-2.

May 7th. Cartwright and Smith, representing "Prepdom" beat Small and Dale of '92. Score 6-1 and 6-4.

May 12th. W. McKee and Brown of '92, beat A. McKee and Suloff, of '91. Score 6-1 and 6-2.

Under the editorship of H. D. Long, '91, the Journal of the Engineering Society will be published during the latter part of this month. It will contain five original designs, by members of the society, which will be fully illustrated, besides other papers. The number of pages will be increased to nearly twice the former number and considering the pains which are being taken by
