G. T. Bush, '87 and George R. Meek, '90, both of Bellefonte, together with Prof. M. W. Bohn, of Altoona, attended the Senior reception.

Ex-'92. G. R. Weiland is now in St. Louis working on an Engineering corps. He was previously engaged at teaching in an Academy at Harriman, Tenn.

'76. R. W. Barrows visited the college a short time ago. He remarked that he was much pleased to see the many improvements that have been made since he was a student at the institution.

'88. Wm. M. Porter, who has been working for several years on an engineer corps of the Denver and Rio Grande R. R., spent several days about the college during the beginning of the month.

Messrs. S. R. Downing, J. A. Herr and Captain C. W. Roberts of the Board of Trustees, together with Hon. J. A. Woodward, of Howard, Pa., and Senators Meek and Sloan have been visitors at the college during the past month.

'86. Dr. H. B. McDonnell was elected Professor of Agricultural Chemistry in the Maryland Agricultural College at a recent meeting of the trustees of that institution. The position includes the work of the state fertilizer control.

'90. Mr. H. R. Leyden has resigned his position with the United Electric Light and Power Co., of this city, (New York) to take charge of the drafting, and estimating with Mr. D. C. Jackson, district engineer of the Edison General Electric Co., at Chicago. (Electrical Engineer).

'82. I. P. McCreary, supervisor of the Tyrone and Clearfield Division of the P. R. R. has been located at Osceola, Pa., since April 1st, '91.

Ex-'90. H. C. Quigley, who has been a student in the office of Hasting & Reeder, of Bellefonte, was recently admitted to practice at the Centre County bar.

'88. G. J. Thomas graduated from the Medico Chirurgical College, Philadelphia on the 9th of April. He stood among the honor men, and carried off the Dr. Spencer Morris prize, fifty dollars, the most valuable prize awarded. He also received an honorable mention for the highest average in the final examinations, and for the highest average in Anatomy, in Surgery and in Obstetrics.

## COLLEGE ORBIT.

The Yale college songs have been taken to India to be translated into Hindoo.

Brown University is to have a \$50,000 gymnasium. Physical culture will be rigidly enforced.

The Harvard overseers have rejected the faculty's proposal for the shortening of the academic course.

The course at the Columbia Law School has been lengthened by a year and will in the future be a three years course.

The University of Texas is well provided. It has an endowment of over 2,300,000 acres of land, besides a half million dollars in bonds.

Sayer, Yale, '93, broke the record for shot putting and high jumping at the Exter Tournament.

Oxford won the annual Oxford-Cambridge eight-oared race by a quarter of a length, in one of the most exciting rowing contests that has taken place on the Thames for years.

The *News*, and the *Blue and White*, both of Columbia, have consolidated under the name of the latter, and will henceforth appear in magazine form.
