

9.30 a. m. Saturday morning, left for Lancaster.

At 2.30 p. m. the teams lined up, Captain Griffith, of F. and M., having won the toss, took the northern goal and State College the ball. State College opened with the V and made a good gain; Bright, however, secured the ball from State College but fumbling it Mattern gained it and made a touch down for State College, from which Atherton kicked a goal. Score 6 to 0. Time two minutes.

The teams lined up at the center and F. and M. by excellent rushing made a touchdown with a few minutes from which Irvine kicked a goal. Score 6 to 6.

Both teams now brought forth their best efforts, and the teams swayed to and fro on the field, but it was evident that State College was doing superior team work, guarding and running, and in fifteen minutes more Cartwright, through the centre, made another touchdown and Atherton failed to kick a goal. Score 10 to 6. Lining up at the twenty-five yard line F. and M. was rapidly forced toward their goal and Irvine was compelled to resort to kicking to keep the ball away from their goal, but finally Fay made a touchdown and Atherton kicked goal. Score 16 to 6.

On lining up Irvine kicked the ball, Aull got it and in a short time made another touchdown from which Atherton kicked a goal. Score 22 to 6.

SECOND HALF.

F. and M. started off with a V and made 10 yards. Throughout this half F. and M. put up a stiffer game and State College seemed to lose some of her vim, no doubt feeling that the game was won. At one time F. and M. were within our 10 yard line. Bright won general applause in this half by crawling on the ground and gaining several yards through a scrimmage. Aull did some fine running and Cartwright excellent rushing. Apple and Skyles did good work for F. and M. Wolfe was succeeded by Keller, Fay by Taylor and Atherton by Brown. State College gradually forced F. and M. to their goal and by continual work at their centre Taylor was able to make

another touchdown and Cartwright failed to kick a goal. Score 26 to 6.

F. and M. were after this again forced to do kicking and time was called with the ball in State College's possession and near F. and M's. goal.

The teams lined up as follows :

We have naught but kind thoughts of our F. and M. contest.

PENNSYLVANIA O, STATE COLLEGE 18.

A game of foot-ball was played between the Pennsylvania college and State College teams during the week of encampment of the cadets of the latter college, at Gettysburg.

The game was played on Tuesday afternoon, October 27th, on the grounds of the Pennsylvania College's team. As a whole it was an uninteresting game. Pennsylvania college's team went in only with an object of keeping State College from running up a big score. These teams contained good material, but in the science of foot ball their knowledge was very meagre. They lacked team work and throughout the game depended almost entirely on mere physical force to hold or advance the ball. State College's eleven played with four of her regular players off, filling up their places with men from the scrub team.

Their playing throughout the game was spiritless taking more the nature of a practice game on our home grounds. They lacked all the snap and spirit of a championship game and in their carelessness almost allowed their opponents to score.
