

The young ladies of the College have gymnastic exercises regularly on Mondays, Tuesdays and Thursdays. They are required to attend these exercises the same as any recitation and will undoubtedly receive a great deal of benefit from them.

One of the latest improvements in the Preparatory Department is the News Bulletin which gives in brief the latest news at the earliest possible date, and explains where the different topics bulletined, may be found, in the papers on file, without any trouble.

The first serious accident which has happened in playing foot-ball at State College, occurred on Wednesday, November 25th. In a practice game Frank Orbin when about to make a tackle was thrown and broke one of the bones of his left fore-arm. The wounded member was set by Dr. Glenn and is rapidly healing.

A very enjoyable Rhetorical Exhibition was given on the night of Wednesday, November 25th, in the College chapel. The following men took part:

H. W. Mattern and Weld of Junior class; W. Dale, Guyer, Musser, Waite, White and Walker, of the Sophomore class; W. H. Brown, Fleck, J. L. Harris, Patterson, J. E. Snyder and Spence of the Freshman class.

The Monthly Journal of AGRICULTURAL SCIENCE formerly published by Prof. C. S. Plumb, will henceforth be edited and published by William Frear, Ph. D., Professor of Agricultural Chemistry in the Pennsylvania State College Agricultural Experiment Station, assisted by a corps of associate editors, who are widely known in their special lines of work.

This is the only unofficial Journal, specifically representing agricultural research in this country and will be published in the interests of Agricultural Research, Rural Economy and Agricultural Education.

A new society has been organized in the Preparatory Department under the name of the "Pre-

paratory Physics Society." Meetings are held, every Monday evening from six to seven o'clock, at which are discussed different subjects in Physics. The first meeting was held on Monday evening, November 30th. Only members of the "A" class are eligible. This is something new and if interest is taken it will no doubt prove beneficial to the members.

The following officers have been elected:

President,	. . . .	Trout.
V. Pres.,	. . . .	Carter.
Secretary,	. . . .	Beugler.
Treasurer,	. . . .	McCrea.
Editor,	. . . .	Dixon.
Critic,	. . . .	Gingrich.

FOOT-BALL.

The game which was postponed between Haverford and State College, November 7th, was played on Haverford's grounds December 5th. Both teams had been out of training since Thanksgiving and Haverford played with three or four subs, owing to the bad luck which she had this season with her regular players. The game was a very uninteresting one and was anticipated as such by those who knew it was to be played. This fact with the one that it was not advertised at all was ample reason for the smallness of the crowd that witnessed the game.

As the date was not definitely fixed until the day previous it was impossible to advertise in any degree. As to the game we clip the following from the Philadelphia Press:

"Cartright, Aull, Fay and Atherton made a number of good runs for State College to-day and Haverford was beaten on her own grounds by the score of 58 to 0, in 30 minute halves. State College men now feel sure of the championship, whether the Dickinson game be awarded them or not, as they have won 3 games and lost but 1. So has Bucknell, but State College has a balance of 34 points over Bucknell and where two teams are tied the one having the more points in her favor wins. Bucknell, however, I believe, will enter some protest to counting to-day's game. Under the constitu-
