FOR the last time in 1891 we take up the editorial pen. As we look in retrospect, over the past season we feel that we have indeed good reason to congratulate the college on the success of the outgoing year. It has certainly been one of activity and advancement. The growth of the number of students, the success of

our foot-ball team in the past fall, the prosperity of the College—all are good causes for rejoicing among the students. We can go to our homes feeling that the past term has been one of pleasure and profit to all.

Though we do not wish to crow prematurely yet we feel that we have good cause to congratulate ourselves that we have won the championship of the State League. Our team has won three games, had one forfeited to it. Counting the percentage as is done in all leagues as the result of games played, divided into games won, we have a percentage of 800.

Our closest opponent for the pennant is Bucknell, she having won three, drawn one and lost one, her final percentage is 750.

WE regret that in the November issue of the LANCE an editorial copied from the Philadelphia Press and entitled "Foot-Ball as you like it," was through a fault of printer so published as to lead the reader to suppose that but a small portion was a clipping while the greater part was from the pen of the editors. We mention this that we may give credit, for a most excellent editorial, to the proper place.

WE have always prided ourselves upon the beauty of our campus and have, in the past taken considerable care not to despoil the sod by walking continually over one particular place. During the last few months, however, a number of paths in the grass have become very noticeable, running from the main building across the campus to several of the boarding houses which lie along the main village street. The effect of such paths is certainly to mar the beauty
