

Ex-'93. M. E. Benson is engaged in the book publishing business in Philadelphia.

Ex-'93. J. W. MacGregor, who had formerly been a reporter on the *Pittsburg Times*, is now engaged in business at Altoona.

Ex-'92. W. P. Smiley has left college to accept a position in the laboratory of the Laughlin & Junction Steel Co., at Steubenville, Ohio.

Ex-'92. Charles Musser is graduated this month from the Jefferson Medical College, Philadelphia.

Ex-'91. C. H. Zink is now located at La Pote-cy, Iowa.

'91. H. G. Long, formerly with the Edison Electric Co., Chicago, has resigned his position there to fill a more lucrative one as draughtsman in an electrical manufacturing company at Scranton, Pa.

'91. W. M. Camp has given up his situation as draughtsman, in San Francisco and accepted the position of superintendent and engineer of the Raimier Ave. Electric railway company at Columbia City, Washington. He has full charge of track, cars, machinery, men and all business connected with the running of the road.

'90. P. H. Gossler has recently accepted a position with the Edison General Electric Co., at Chicago, Illinois.

'90. W. H. Walker, after having spent a year in Germany in study and research, will return to the college next fall and occupy the position of instructor in Chemistry and Mineralogy.

'89. J. M. Waldron has removed from Chattanooga, Tenn., and is now situated with the Union Switch Co., Pittsburg, which position he has occupied since the latter part of March.

Ex-'87. Geo. T. Bush has added a complete line of sporting goods to his stock. See ad. on first page.

'86. G. L. Holter left on the fourth of April to take up his new work in the University of Oklahoma.

'85. Rev. W. C. Caulder has been staying at Clifton Springs on account of his health. After this well deserved rest he expects to re-enter his field of missionary labor in Burma next fall.

'82. J. G. White is engaged in electrical manufacturing business at 53 Broadway, New York, and is not, as was incorrectly stated in this column last month, an agent for the Edison Gen. Electric Co.

'80. Prof. L. E. Reber has been appointed Assistant Executive Commissioner of the Pennsylvania World's Fair Committee.

Mr. E. J. Haley, who has been the assistant in the Chemical Laboratory since last September, has accepted the place of assistant Chemist at the Experimental Station.

Prof. Louis H. Barnard, head of the Department of Civil Engineering in this institution, sails for Europe on the Cunard steamer, Umbria, on the 9th instant. He expects to spend about six months abroad in travel and study, partly for needed rest and partly in the interest of his department.

---

COLLEGE ORBIT.

---

Nearly sixty per cent. of the highest offices in the country are held by college graduates.

Attendance at recitations has been made voluntary for Brown's Senior class.

The University of Michigan has organized a mock congress similar to that of Cornell.

The total membership of Greek letter societies in the American colleges is estimated at 75,000.

A plank running track has been erected in the Harvard Gymnasium for the use of the Mott Haven team.

At the University of Pennsylvania the cane-rush has been abolished, and athletic contests between the Freshmen and Sophomores of the College Department substituted for it.
