

legheny; '90. H. W. Mitchell of Pittsburg; '90. G. R. Meek, of Bellefonte; '90. W. E. Stevenson; '92. C. E. Aull; A. W. Stevenson, E. L. Stevenson, of Pittsburg; James Potter, of Bellefonte; L. V. Sheaffer and John Grier, of Butler.

Thomas Wright Kincaid, past Assistant Engineer, United States Navy, recently appointed professor of marine engineering at this institution, graduated from the United States Naval Academy in 1880. He served on vessels of the North Atlantic squadron until 1886, when he accepted the professorship of Mechanical Engineering in the New Hampshire State College, which he held until 1889. He was chief engineer of the United States Gunboat *Pinta*, Alaska waters, until 1892, when he was appointed inspector of machinery for United States Naval vessels at Cramps' ship yard, which position he occupied until receiving the above appointment.

Dr. Atherton has been asked to be one of a committee of six to communicate with the city, county, and borough Superintendents of the State on the subject of University Extension. The other members are Dr. Edward Brooks, Superintendent of Philadelphia schools; Dr. DeGarmo, Pres. of Swarthmore; Dr. G. M. Phillips, of West Chester Normal; Prof. Devine, of the American Association, and Mr. Brumbaugh, recently Superintendent of Huntingdon schools. Several of the faculty of the State College are on the list of lecturers, and Prof. Sparks is delivering a course in Altoona on American History. The proposed centers in Bellefonte, Lock Haven and Johnstown will probably be supplied from this institution. Thus the State College becomes allied with the foremost educational movement and is of use to the adjacent parts of the State.

COLLEGE ORBIT.

Connecticut has more college students in proportion to her population than any other State in the Union.

AN EPISODE.

She was short, brunette—and pretty
 And I *thought* she smiled at me;
 So, when I had passed the maiden
 I looked back,—quite naturally,
 But a bit of icy sidewalk
 My unwary feet beguiled,
 And this time I did not *think* it;
 I *knew* the maiden smiled. —Cynic.

Stagg, the famous athlete will train the baseball team of the Chicago University.

The total amount of gifts received at Cornell University last year was \$2,005,048.

Over forty contestants have entered the preliminary oratorical contest at Ann Arbor.

At Princeton no student will be allowed to bring a watch into the rooms at the coming examinations.

The receipts of the Athletic Association, at Harvard, last year, were \$12,115.16; the expenses, \$10,991.10.

Of the three hundred and twenty-two members of the House of Representatives, one hundred and six are college graduates.

At Boston University the faculty has voted to permit work on the college paper to count as hour's work in the course allowing seven hours per week to the managing editor, and two hours to each of his assistants. The thousands of toil-worn, care-laden collegiate editors would rise up and call their respective faculties blessed were they all to take such philanthropic action.

TIME.

All time divided is
 Into two parts, my dear.
 The one is when you're far away,
 The other's when you're near.
 The one goes creeping slowly by,
 In truth, I scarce can wait
 Until the other coming on,
 Shall find me at your gate.
 Then how the sands fly out!
 How sport they through the groove!
 And each one whispers passing by,
 "'Twas Maude that made me move.
 —Cynic
