The second half was characterized by looser playing on our part and a decided brace by Bucknell. White only made 13 yards on the V, and Haley 4 yards. Then we lost the ball on four downs. Tight playing netted them 12 yards on four rushes, and then Wolfe broke away for a clear field and 60 yards, the longest run of the game. Stuart caught him just before he crossed the line. Our boys' offensive work was good on the whole, but their defensive play was the poorest this season. The game in fact was remarkable for the size of the scores piled up on both sides. Where one side scores heavily it is very seldom that the other side is able to score more than once, and then generally on a fluke. Two of Bucknell's touchdowns were clearly earned, and the other could hardly be called a fluke. Our boys *must* put up a better defensive game. Bucknell's interference was as good and in many cases better than ours. The score on the whole was disappointing to our boys, while Bucknell felt quite jubilant over having done so well.

Haley played a fine bucking game, seldom failing to plow through Bucknell's line for good substantial gains. Atherton and White also did magnificent work, the former's two missed goals being due to an injury on his right hip that greatly impaired the accuracy of his kicking. Harris, Dowler, and Fisher in the line played finely, while Hoskins, McCaskey, Stuart and J. Dunsmore played a good steady game. Thomas and W. Dunsmore also worked hard. For Bucknell Barclay, Wolfe, Smith, and Young played the game. The best interference in the game was put up by these four with Barclay carrying the ball around
