

lines, till Brown punted 30 yards to the centre of the field. This was the nearest P. A. C. got to our goal in that half. Sharp work and two good runs of over 15 yards took the ball to Pittsburg's 15 yard line where time was called.

At times during the game our interference was poor, but at other times it showed up very strongly. The same was true of the P. A. Cs. There was a great deal of fumbling on both sides, but on the whole the spectators were pleased, and the entire absence of slugging did a great deal for the popular standing of football in the Smoky City. Our treatment of the Western University coupled with our fair, clean play in this game, will do much to help the college in that part of the country. It always pays in the end to play good, square football, and players are coming to find this out.

A great many of our alumni and their sympathizers were among the audience and the blue and white fluttered all through the crowd. The Athletic Club team is made up of old college players, and State has more than her share of them. "Gussie" Read '92 is holding down centre for them, Heppenstall Ex-'95 filled left tackle, and Brown '93 full back. Martin was at one time a student here, and their regular quarter who did not play is C. E. Aull '92, the captain of our team that won the State pennant in '91. J. Aull his brother is playing left end but is not a college man. Their other men are ex-players from Lehigh, Lafayette, Princeton and other strong teams. They lined up as follows:
