ALUMNI DEPARTMENT.

'87, Mr. W. F. White, an editor of the first volume of the LANCE, visited the college in the latter part of last month. He is a stockholder in the Omaha Electric Light Company, Nebraska, and has come East for the purpose of purchasing machinery to supply power for 20,000 additional lights.

'90, Mr. George R. Meek, of Bellefonte, attended the Military Hop on April 30.

'92, Mr. Willis McKee spent a few days in town last week. He is employed as assistant principal at the Mt. Carmel High School.

'92, Mr. Nelson McA. Lloyd, editor-in-chief of THE FREE LANCE from 1891 to 1892, is on the New York Sun staff.

'93, Mr. F. F. Weld left for Martha's Vineyard a short time ago to join the U. S. Coast Survey. He will be engaged all summer on the New England coast.

'93, Mr. M. E. McDonnell has been engaged by the State Department of Agriculture to make a bacteriological examination of the milk supply of certain prominent market centers in Pennsylvania. He has devoted considerable attention to bacteriology for some time past, and has been acting as instructor in that department in the college. The results will doubtless be of great interest and value.
