

DICKINSON, 6--STATE, 0

The final game of the season was played at Sunbury on Thanksgiving Day, and resulted as above. Be it said, however, that State at no time put up the best game of which she is capable. The entire contest was characterized by fumbles and it was indirectly by just such an occurrence that Dickinson scored her only touchdown. Her "guard back" formation, however, was used to good advantage and during the greater part of the game the ball was in State's territory. The line-up.
