

merit were received with applause none brought forth such a hearty response as the announcement that Mr. John H. Leete had been promoted to the position of assistant professor in Mathematics. Professor Leete has been remarkably successful as a teacher and the students hold him in highest esteem for the services he has done them, not only in the classroom but upon the athletic field as well.

The following list represents the honor men, of the graduating class, arranged in alphabetical order:

Rufus Tracy Strohm.

COMMENCEMENT BASEBALL GAME

STATE'S base ball team was again defeated—for the last time this year—by the Indians from Carlisle who ran up a score of 18 to 5 against them. State played a fairly good game the first inning but after that her team rapidly went to pieces. The Indians on the other hand played a remarkable game and their splendid base running, their well placed hits and the rapidity with which they safely handled the ball won for them many words of praise.

Kime played, at first, a strong game, but his delivery weakened considerably towards the end and the visitors took advantage
