### THE LAFAYETTE—STATE GAME.

#### LAFAYETTE 0, STATE 5.

THE closing statement in the above description of the Pennsylvania—State game, although within a week before the Lafayette game, was verified almost beyond expectation in the latter game on October 8th. Although defeat would have been a bitter disappointment to us, we did not feel any too certain of victory beforehand. The score, though small, is a decided contrast to the 24 to 0 score of last year, especially from the fact that the 0 was accredited to us then. On hearing the score the students celebrated in a manner which surpassed all similar celebrations since we prevented Cornell from scoring three years ago. When the team returned on Monday morning they were met at the lower end of town by the entire student body and the band, and were given as enthusiastic
