"Why in the world doesn't a man like Jones
get down to business methods when he can buy
an American Typewriter for \$10? Does he think
I'm running a puzzle department?"

The American Ten-Dollar Typewriter is as well
made as the highest priced machines, but more
simple. It has stood the test of time. Four years
without a competitor, 25,000 in use. Catalogue
and samples of work free if you mention this
magazine and address
