Considering the hard luck which has pursued us the larger part of the season, we should feel proud of the work of our team and hope for a day when it can do itself justice. THE TOOTHPICK-TUMBLER GAME.

Oct. 12.

Tumblers, 27—Toothpicks, 12.

THE game this year between the Toothpicks and Tumblers promised to be one of unusual interest because at last year's game neither side scored. It was a fine day for foot ball and a large crowd was assembled on Beaver Field.

Both teams were in excellent condition. That they had plenty of wind was evident by the amount of kicking which they did. The game was full of long runs, the most notable of which were those of Schnure and Smith.

Line up:
