

NOTICES.

This number of the FREE LANCE will be sent to all new students and according to custom we shall consider each one a subscriber unless notice to the contrary is received before the next number is issued. We hope each man will take interest enough in his college to subscribe to its magazine. It is your duty to aid in the advancement of the only magazine issued by the student body.

Many subscribers of the FREE LANCE have recently paid up arrearages and arranged for a year in advance. If those who have not done so will kindly forward their subscription to the manager it will save the trouble of a personal notice.
