

probably not resume work for a couple of months.

Professor Magnus C. Hilseng, until recently at the head of the Mining Engineering Department, left Sunday, Oct. 7, to accept a professorship in the Brooklyn Polytechnic Institute.

P. B. Breneman, of the class of '94, and an instructor in Civil Engineering here for several years, has resigned that position. He intends to engage in professional work.

Miss Elizabeth Meek, formerly an instructor in Biology at State, has gone to the University of Chicago to pursue special work.

T. C. Hopkins, one of State's former Professors in Geology, is now a Professor in that subject at Syracuse University.

A new French grammar entitled, "Foundations of French," by Messrs. Irving L. Foster, of The Pennsylvania State College, and Fred D. Aldrich, of Worcester Academy, has been lately published, and is now being used at State.

#### ALUMNI NOTES.

E. B. Espenshade, with the Illinois Central R. R., has been transferred from a Mississippi to an Illinois division of that road.

Arthur McKee, '91, is in the employ of the Pittsburg Steel and Wire Company. He is at the head of the company's mechanical engineering department.

A. C. Reed, '92, is acting in the capacity of chief engineer in the work of tearing down the old Union Station at Pittsburg and erecting the new one.

T. R. Cummins, '95, is now roadmaster of a division of the Illinois Central R. R.

C. W. Burkett, '95, recently paid a visit to the College. Mr. Burkett holds a good position with the Southern Bell Telephone Company,—that of chief inspector.
